

Of Course... you can serve it hot

Most people want a hot breakfast dish for a cold day. Shredded Wheat is deliciously warming when eaten with hot milk. Crisp the biscuits in the oven and pour hot milk over them. The flavory shreds retain enough crispness to encourage thorough chewing—that's one reason it's so good for children. Delicious for any meal with fresh or stewed fruits.

Is Your Wife your Business Manager?

If you can answer "yes" to that question, you are fortunate. But if you cannot answer "yes," you ought to spend three or four evenings thinking over your family's financial position in the event of your death. Then you should write instructions for your wife to follow regarding the conduct of the family's affairs, should necessity compel her to assume the burden.

When you have discovered what a task this is, it should lead your thoughts naturally to the idea of some financial provision which will insure her at least a certain definite income for life—one that cannot be seized for debt, nor the principal be lost or dissipated.

If you both live beyond 55, it can be arranged for the income to be paid to you jointly.

WANTS TEMISKAMING MAN FOR NORTH SENATORSHIP

W. A. Taylor, Ralph Taylor, C. A. Byam, Henry O'Grady and Others Mentioned as Suitable to Represent North in the Senate.

There seems to be a general agreement with the newspapers and public men of the North and with the people in general that the North Land should have representation in the Canadian Senate. To have that generally agreed is a big step forward. There is not so general agreement, however, in reference to who should be appointed to the Senate to represent the North. The New Liskeard Speaker suggests that the position should go to someone from the older sections of Temiskaming in view of the fact that the big idea under the agitation is to assure this new country representation in the Senate on account of the importance of the North to the Dominion, the point of The Speaker is not so well taken as might appear at first thought. It is the "new" rather than the "old" that needs the reputation, other things being equal. However, the Government may rest assured of this that what the North desires is representation in the Senate and any proper man appointed will not be objectionable to any part of the North. Perhaps, the people of this part of North would prefer Dr. McInnis because here he is so much better known than others that may be mentioned. That sort of feeling is only natural. But the point is that what is being asked is a real North Land representative that will be able to give service to this part of the country as a member of the Senate. In discussing the question last week The New Liskeard Speaker said:—

"During the past few weeks there has been more or less newspaper publicity given to the fact that the North Country was very likely to receive representation in the Upper House. Temiskaming and Cochrane Districts, owing to their valuable mining industry and the immense agricultural possibilities have become Ontario's greatest assets in the matter of wealth production. It certainly would be the graceful thing for the King Government to recognize the importance of this section of the Dominion by giving them a Senator.

"Next comes the selection of a gentleman to that position. Of course, political affiliation has more to do with the appointment of a Senator than any other feature, and the person so appointed is usually one who has been a 'tower of strength' to his party through the good days as well as the lean days of the opposition.

"Timmins citizens have expressed the opinion that Dr. John A. McInnis is the proper man to secure this place in the Senate. With all due respect to Dr. McInnis, who is beyond doubt a very fine gentleman and one held in high respect by those who know him, The Speaker must be pardoned if it suggests that the old pioneer sections of the great North Country certainly has priority to Timmins in the selection or recommendation of the 'first' Senator, all other considerations being equal, and of course to a greater degree if it can be shown that the Southern representative has been of greater service to the party than the Northern man.

"South Temiskaming has several gentlemen who have carried the battle for their party for many years, even when it was known that the fight was a losing one. They have done valiant work. Once the battle was on there was no let up in their efforts to secure the election of their candidate. They have also been in the front rank when it has been a question of doing something for the advancement of Temiskaming, as well as other parts of the North, and these efforts have been carried on for periods in excess of the past twenty-years. While there are many who could qualify under the circumstances we outline, The Speaker especially refer to the Taylor brothers, and to C. A. Byam, the defeated Liberal candidate in the recent election.

"Mr. W. A. Taylor, President of the Liberal Association, former mayor and the holder of many municipal positions in New Liskeard, is one of the outstanding Liberals of the North Country. When the Liberals want anything they immediately think of 'W. A.' His advice is always most acceptable to the leaders of the party in either Provincial or Dominion political circles and his appointment would be most acceptable to the rank and file of the party.

"Mr. Ralph Taylor, like his brother, has ever been found advancing the interests of the Liberal party and a few years ago was a candidate in the interests of the Liberals. He too, has had much municipal and executive experience.

"Mr. Charles A. Byam, the recently defeated Liberal candidate, also comes prominently to mind when taking up the question of a new Senator for the North. 'C. A.' has had the political strings of the North in his grasp for many years. A Liberal beyond reproach, a citizen most highly respected and an orator who would do credit to his party in any company, Mr. Byam has claims which would be hard to dispute. This is particularly demonstrated when all conditions connected with the recent political campaign are recognized.

"Nor should we omit to mention the name of Henry O'Grady, who has been a strong supporter of the party for many years and also a candidate in the interests of that party in a recent election. Mr. O'Grady is widely known throughout the district of Temiskaming and well qualified to sit in the Upper Chamber.

"Of course, The Speaker does not intimate for a moment that there are

no other South Temiskaming residents who might not be considered, but we do assert that any one of the above mentioned gentlemen has claims to the proposed appointment which exceed those of the Northern gentleman named from Timmins."

JOE CALDBICK WRITES ON BRITISH COLUMBIA MINING

Friends in town and district will be interested in the following paragraph from the last issue of The Halleyburlan, in reference to Joe Caldbick who for some years was a resident of Timmins and district and who has many friends here:—

"Two interesting articles on mining in British Columbia appeared recently in Seattle newspapers from the pen of J. S. Caldbick, a Halleyburlan boy and son of Sheriff and Mrs. Caldbick. 'Joe' is now on the staff of Stobie Furlong and Company in the western city and has had ample opportunity to watch the progress of the industry in the west. After spending his early years in this section of the North Country it is only natural that the mining industry should attract him. The articles in question deal in detail with mining in the western province and sketch the progress that has been made during the past year. They are expressive of the optimism which is felt for the future of the industry and the active public interest which is being shown."

Financial Statement of St. John Ambulance

At the last general meeting of the St. John Ambulance Brigade, Timmins Division, it was decided to publish the financial statement so as to let the public know the result of the last year's work. It was also desired by the St. John Ambulance Brigade to give special thanks to The Advance, Mr. E. L. Longmore, the special players of the P.D.F.L. for the benefit game, Mr. and Mrs. Wilkins and party for the concert given on behalf of the St. John Ambulance, and last, but not least, the public who have so generously contributed to a good and worthy cause.

The following is the financial statement for the year as submitted, with auditor's note:—
