**BELIEVE THAT OTHER MINES  
EXIST IN THE RED LAKE AREA**

The Toronto Mail and Empire last week says:—"The success being achieved by Howey Gold mines in the Red Lake district, has inspired hope of developing other important gold mines in that field. Various properties are known to embrace important possibilities but in most cases work on these has been limited. Among the more promising results obtained outside those on the Howey, are those secured through surface exploration on the Red Lake Centre. Encouraging values in gold have been disclosed. In view of the

fact that a large part of the break is covered with overburden, diamond drilling appears to be the most economical method of exploration. Hopes are entertained that such a programme will ultimately be undertaken. While the success of the Howey will undoubtedly result in more serious mining efforts on the part of other property owners in that section, it is recognized that the proving of another mine would further stimulate the new wave of activity as it would definitely establish the fact that the commercial gold-bearing deposits are not confined to the Howey."

**INJURED IN PRACTICE AT  
SOUTH PORCUPINE RINK**

Curling Competitions at South Porcupine Rink. Installation at South Porcupine Encampment. Other South Porcupine News Items.

South Porcupine, Jan. 21. Special to The Advance.

Mrs. W. Johns is ill at her home at the Dome Extension.

On Monday evening the Women's Auxiliary of the Anglican Church held a very successful meeting at the home of Mrs. J. Barry.

Born—On Saturday, January 11th, to Mr. and Mrs. Burke, of the Dome Extension, a daughter.

On Friday evening of this week the Kitchener Rebekah Lodge are holding another of their enjoyable bridge and euchre evenings, in the I.O.O.F. hall on Bruce avenue. Everybody is welcome.

Her many friends here sympathize sincerely in the loss of her father, which Mrs. T. Mills (of the Manse) suffered this week.

A little daughter arrived recently at the home of Mr. and Mrs. J. McGinn, of the Dome Extension.

In the competition at the curling rink for the Lang trophy the following games were played during the past week. In January 14th, Pearce won from Fulton, 4-2; Evans won from Sheehan, 11-4; on the 16th, Fulton won from Kennedy, 9-7; Brooks from Evans, 14-5; on the 17th, Costain won from W. D. Pearce, 6-5; Sheehan from Fairhurst, 10-8; on the 18th, two games were won by default, Sheehan defaulting to Brooks, and Kennedy to W. D. Pearce; on the 20th, Costain won from Fulton 20-4; Fairhurst from Evans, 14-7. And the game goes merrily on.

There will be special train accommodation for all wishing to go down to Iroquois Falls on Thursday to see the opening game of the second half of the schedule being played between Iroquois Falls and South Porcupine Hockey Club. The last game was easily the Porcupies' till within about ten minutes of when the gong should have sounded the finale. The breaks of the game went against them. Barring such breaks again, the tables may be easily turned. Also who can should get down to support the boys, for this their opening game. The next scheduled game for the arena here is slated for Monday, January 27th. The presence of persons the worse of liquor at a game or so in the past has made things very disagreeable for those in their vicinity at the arena. The majority of those attending the hockey in Porcupine are not of the class that will condone such rowdism. If there are those who cannot attend a hockey match without so befuddling their brains that their vile breath or vile epithets are disgusting to those around them, they ought to reserve a special corner for themselves where they won't interfere with the liberty of those who wish to enjoy Canada's national sport in clean, pure air.

Messrs T. Gibbons and L. Sauder were in Cochrane last week for the installation rites of Commando Encampment of the Oddfellows Lodge there. Mr. Gibbons was acting in the capacity of District Deputy Grand Patriarch, and Mr. Sauder as District Deputy Warden. Installation is taking place in Golden Encampment here this (Tuesday) evening.

At the police court on Thursday last there were only two drunks. They paid the usual fine and costs, amounting to \$22.50 each.

Mr. Hugh Sutherland, financier, of Toronto, was up for the auction sale taking place last week of some of the chattels at the Davidson Mine. He bought in everything offered for sale.

It is rumoured that the United Explorers have a good deal pending for some of their properties. This company is composed largely of South Porcupine men.

We hear that the garage and supply station on Bruce avenue, formerly occupied by Mr. W. Rayner, has been taken over by Mr. P. Richards and an able man installed there to look after the needs of the motoring public.

Miss Vern Laforest leaves on Tuesday of next week for Toronto where she will go into training for a nurse. A surprise party in her honour is being given to-night (Tuesday) at the home of Mrs. T. E. Cahill, Strachan avenue.

Mr. Montgomery, ("Monty"), got a severe gash over the mouth at hockey practice which required several stitches to repair, the first of this week. However he is still going strong and will be on hand for Thursday night's game at Iroquois Falls.

The pupils of the Dome and South Porcupine schools are being prepared for another of their high-class concerts under the direction of Miss Burns, musical director of these schools.

**LIGNITE MAY BE DELIVERED  
AT COCHRANE FOR \$8.32 TON**

According to paragraphs published this week in the Toronto newspapers, W. S. Dyer, Ontario Government geologist, in a report to Hon. Charles McCrea, Minister of Mines, says lignite coal at Blacksmith Rapids can be delivered at Cochrane for \$8.32 a ton.

The char can be sent down there for \$5.86.

Mr. Dyer also says, in selecting a plant for carbonizing lignite, the primary object is to produce a minimum amount of char, the by-products being a minor feature.

Montreal Gazette:—The intelligentsia (a liberal translation would be "the highbrows") consist of those who do as they please and then blame some grand instead of original sin.

**SOUTH PORCUPINE GOALIE  
PLAYED NOTEWORTHY GAME**

Clever Goal-tending of Sarjeant Featured Last Week's Game. Other Interesting News from South Porcupine Correspondent.

South Porcupine, Jan. 21st 1930. Special to The Advance.

Mr. Hymen of Buffalo paid an official visit to the March Gold Mines, Ltd., during the past week.

Mrs. M. Donovan, of the Paymaster Mine, has been ill at St. Mary's hospital, Timmins, but is expected to be well enough to be brought home to her mother's at the Dome Extension this week.

Mr. Henry Miller spent the week-end at Kapuskasing.

One of the most successful of recent band concerts was given in the Majestic theatre on Sunday night, the attendance being exceptionally good. Mr. Gene Colombo made an able and witty chairman. Mrs. M. Bessette and Miss Lillian Huot were the accompanists of the evening, the latter accompanying the juvenile dancers. The programme consisted of the following selections by the Porcupine Goldfields Band:—march, "Master Councillor"; overture, "The Bondman"; selection, "Morning, Noon and Night"; intermezzo, "Fireside Stories"; march, "Playful"; and "God Save the King." Besides the contributions of the band there was an impressive array of other talent. The Quintette Italiano, consisting of two guitars, one banjo, a violin and a clarinet were brought back repeatedly. The three pretty little girls, Della and Francis St. Paul and Irene Kauffman, brought down the plaudits of the house with their graceful dancing. Another popular juvenile number was the violin and piano duet by Irene Kauffman and Clifford Schmelze and the piano solo by little Lillian Huot showed marked talent for one so young. Mrs. Belle A. Thomas pleased the audience with another solo and by special request gave an encore a selection of her own composition, entitled, "Reve d'Orient." This had been pleasingly set to music by Miss C. M. Reynolds. Mrs. Bessette was her accompanist as well as for Miss Valerie Rapsey whose delightful voice in the pretty solo "Madam Pom-pom," captured the audience.

Mr. Hubert Doran, of the Dome, has been in the hospital there with severe injuries to his face as the result of Monday night's Junior hockey tussle between Timmins and Iroquois Falls.

The annual congregational meeting of the United Church took place on Monday evening. The former board of management were re-elected with two new ones added, Mr. D. Coffey, of town, and Mr. Robert Smith, of the Dome Mines.

Mr. Herman has been taken to the Porcupine Presbyterian hospital. His many friends wish him a speedy recovery.

The High School boys of South Porcupine have invited the High School boys of Timmins out for a friendly game of hockey on Friday night at the Porcupine arena.

The down-town bridge club was entertained at the home of Mrs. D. Frood, Connaught, on Thursday afternoon last to a most enjoyable luncheon bridge. Quite a number from here attended. Mrs. Frood, as always, was a most thoughtful and charming hostess and nothing was left undone for the enjoyment of her guests. The delicious luncheon was daintily served. Mrs. Clemens won the guest's prize while Mrs. Kincaid won the member's first, and Mrs. Clark the consolation.

In the evening another enjoyable bridge was held at the home of Mrs. H. M. Wilson, Mrs. O. Orr being a joint hostess with Mrs. Wilson to the two clubs. Miss Lacey won the guest's prize while Mesdames Dowzer and Martin carried off the honours for the members. Mesdames Alexander and McLellan also won prizes.

On Saturday afternoon, from three to six, the Ladies' Guild of the United Church will serve tea and hold a sale of home-made cooking at the home of Mrs. Mills (the Manse) on Bloor avenue.

One of the high lights of last week's hockey game was the masterly net-minding of Sarjeant in the Porcupine goal. Had it not been for his great work there, Porcupine would have had a much longer tale of woe after the game. He stopped fifty-nine shots while Powers had forty-three to stop in the game proper. In the excitement of the overtime bombardment we forgot to keep the tally but there was a plenty and then some for the Porcupine goalie to stop, the Eskimos rolling forward in a four-man attack, boring right in around the net. The first goal of the game was as spectacular a flash as we have seen on the ice here. Hudson got the puck near the Porcupine blue line and before Powers had time to know what it was all about, the rubber was over the line. The second counter was also neatly earned. Cross grabbed the black biscuit at his own defence area, adroitly stickhandling his way past the Eskimo defence, then feinting just enough to draw Powers out, he flipped it to Spence who shot it across where Powers was not. There is an old hoc-

**Small Admission Fee  
at Poultry Show Here**

A reader of The Advance writes this week calling attention to the reference in this paper last week to the Poultry and Pet Stock show where it was suggested that admission to the show was free, and concluding:—"I wish to state that there was a charge made by two ladies at the door for admission, and if your account was true I would like to know what was done with the money and the reason for the charge." The Advance hastens to assure this reader that The Advance account was not "true," in so far as it was not in accord with the facts, though it was an innocent enough mistake, supported by evidence. The prize list of the show has a paragraph, No. 12, saying "Admission, 25 cents; public and separate school children of the Porcupine district will be allowed free admission between the hours of four and six, if accompanied by teacher. Children, 15 cents after 6 p.m. Members admitted free on presentation of membership tickets." Thus, it will be seen that there is an admission fee. But for the wrong impression created The Advance would plead certain extenuating circumstances. In the first place there have been occasions when the admission fee was foregone, and there were several who were allowed in without charge last week. All members are admitted free, on presentation of membership ticket, and, of course, if they are known definitely as members, the showing of the cards is not required. Several were admitted last week apparently free, and The Advance accordingly jumped to the conclusion, as perhaps did some others, that the admission fee was again being dropped. This, however, was an error, and the admission fees taken were consequently perfectly proper and of course were taken on behalf of the society and went to the funds of the society. The explanation is made in fairness to the society and to the reader who has written regarding the matter. This reader, instead of making a private grievance of the matter, puts it up fairly to The Advance, and so explanation is possible. It is so easy to make a mistake in running a newspaper that it is perhaps not practical to acknowledge all the errors that may creep into print, but when any matter is fairly presented, as this reader presented it, the admission of a slip is easy and proper.

**PICTURE PLAY PROBING  
MANNEQUIN HEART-THROBS**

Now the love-complexes of a mannequin in one of the very ultra New York modiste shops have been probed by the camera lens and stethoscoped by the microphone!

The process has resulted in "Hard to Get," a new First National-Vitaphone production which comes to the Goldfields theatre on Monday, Tuesday and Wednesday of next week, Jan. 27th, 28th and 29th.

Dorothy Mackail stars in the model's role, with a bevy of other beautiful models supporting her, and a small army of leading men.

Among the latter are Chales Delaney, who finally wins the girl, Edmund Burns and Jack Oakie and one of the principal supporting roles rests in the capable hands of Louise Fazenda.

The picture, incidentally, is the first independent starring vehicle for Miss Mackail, who was so popular in various pictures with Jack Mulhall, and was cited by critics for her great performances in "The Barker" and "His Captive Woman" with Milton Sills.

In "Hard to Get," she stalks millionaires in the Fifth Avenue jungles—and has a novel affair with a garage mechanic by mistake!

key adage that says "a team never gets very far till there's a red head in its line up." If "Red" can keep flipping them around the goal like that he may prove to be our lucky omen, yet. The third period was nearly half over, before the Eskimos appeared on the score card. Wilson did the trick first, then Wimperis in quick succession, while the Porcupies' line was weakened by penalties. Montgomery took Jemmett's pass and made the next count for Porcupies but there was only a moment of elation for our fans as Cybulski quickly tied the score again, Wimperis putting the Eskimos one-up in the next overtime. Wimperis played a great game for the visitors. We heard a fan remark at the beginning, "That fellow (Wimperis) has a bee in his bonnet that he's going to do something to-night." He did—just two things too much for Porcupine's peace of mind (wonder where those bees swarm!) Otherwise it seemed to be a game of missing opportunities—missing the net, missing passes, missing chances, of every kind, missing everything but the penalty box. In fact if Darwin had still been hunting for the "missing link" that might have been the place to come.

Many friends in Timmins, where he was for many years an esteemed citizen, will regret to learn that Mr. A. J. Kilbride is ill at present at Noranda with pleurisy. He has been ill since early in December. All here will wish him an early and complete return to health.
