

Outstanding Financiers and Mining Men Inspect Big Mines

Distinguished Capitalists Visit Porcupine, Kirkland Lake, Rouyn, Sudbury and Other Mining Fields. Guests of J. P. Bickell, of the McIntyre. Hon. Chas. McCrea Accompanies Party. Entertained at Curling Rink on Saturday Night. Great Interest Shown in Mining Industry.

During the week-end a party of some twenty notable mining men and financial men, most of them from New York, visited the Porcupine camp as their first place of call on a tour of the mining areas of the North Land. They were the guests on the trip of J. P. Bickell, president of the McIntyre Porcupine Mines, Ltd., through whose interest and persuasion the trip was arranged. Hon. Chas. McCrea, Minister of Mines for Ontario, also accompanied the party, so that they had all the official information about any and every field visited and were able to secure any data or particulars they might desire. The tour was planned by Mr. Bickell with the purpose of showing the financiers and mining men just what this North Land holds in the way of mining wealth and possibilities and what it may mean to them in the way of potential profits in case they might decide to participate in the development of the country through investments and interest. On arrival in Canada the visitors were the guests at dinner on Friday of Mr. Bickell, after which they left for the North. They reached the Porcupine Saturday afternoon, the private cars in which they came here stopping at Schumacher.

The following were in the party: Stuyvesant Fish, of Calloway, Fish & Co., bankers, New York City. Carl Conway, President, Continental Can Co., New York. M. C. Brush, President, American International Corporation, New York. Harold Talbot, capitalist, New York. H. W. Cahdbourne, President, International Mining Corporation, New York. Edwin G. Bruns, banker, New York. Harry Durning, of Moore & Schley, bankers, New York. Ogden Ketting, banker, London, England. Oscar Cooper, of Shearson, Hammill & Co., New York City. C. M. Miller, of White, Weld & Co., New York. G. G. Browne, White, Weld & Co., New York. F. Weld, White, Weld & Co., New York. Harry W. Nelson, Boston News Bureau. Robert Johnson, Montreal. Arthur Kudner, President, Irwin, Wasey & Co., New York, Advertising Agency. Ben Smith, noted stock trader, New York City.

J. P. Bickell, President, McIntyre Porcupine Mines Limited, Toronto. Hon. Chas. McCrea, Ontario Minister of Mines. S. H. Logan, General Manager Canadian Bank of Commerce. Jules R. Timmins, vice-president of the Hollinger Consolidated Gold Mines, Limited. From Schumacher the party came to the Timmins curling rink where they were served with a Northern dinner, in which beans, meat, and all the trimmings figured, the food and service being greatly appreciated. The meal and service were credited, indeed, to the organization talent of A. Laprairie and his able assistants who provided the menu and arrangements on short notice. Piper MacMillan welcomed the visitors with the skirling of the pipes. A special feature of the evening was the singing of the Miners' Quartette, Messrs E. R. Street, S. Hoar, W. S. Johns and A. W. Snow. The quartette was in miner's dress, including oilskins, tin hats, etc., and both by their costume and their talented singing, made a big hit with the visitors. Jas. Ormston played the piano accompaniments in very effective way. The Miners' Quartette not only delighted the crowd with their rendition of old favourites, including such specials as the Porcupine song, the Cobalt song, and others, but they also added to the interest of the evening by leading in community singing. In addition to the guests from a distance, a number of the members of the Timmins Curling Club, as well as leading public men, were present at the dinner served at the curling rink. Among those present were A. F. Kenning, M.P.P., Mayor Geo. S. Drew, John Knox, general manager of the Hollinger, R. E. Dye, general manager of the Vipond, Rev. J. R. O'Gorman, Rev. Father C. E. Theriault, the managers of local banks, and many others. After the pleasing repast had been enjoyed, R. J. Ennis general manager of the McIntyre, acted very effectively as toastmaster. In extending very hearty welcome to the visitors from afar Mr. Ennis said they would gather something of the spirit of the North from the songs that had been so well given by the quartette. Cheerfulness, faith, energy and good humour were characteristic of the men. Gen. S. Drew, mayor of Timmins, welcomed the visitors to the camp, and expressed the hope that they would (Continued on Page Six)

"Explorative" Delegate

SIR N. F. WARREN FISHER
It is understood that the British Government proposes to send to the United States this month an expert "explorative" delegation to confer with the United States authorities on War Debts. Sir N. F. Warren Fisher, above, will probably be included in the delegation.

Annual Rose Ball of I.O.D.E. Proved Delightful Event

For years past the annual Rose Ball given by Timmins Golden Chapter Daughters of the Empire has been an outstanding social event of the season, but this year the I.O.D.E. fairly excelled itself in the success and pleasure of this year's feature. The Rose Ball of the I.O.D.E. was held this year in the McIntyre Recreation hall, Schumacher on Friday evening of last week, Feb. 3rd. The hall was artistically decorated for the occasion and there were many other artistic features that added interest to the evening. There was a large attendance and all were well pleased with the occasion. "One of the nicest dances yet," was a general opinion. The music by Sullivan-Ormston and the Merry-makers was a feature of the evening. Another feature that won special commendation was the refreshments served. The committee in charge of the arrangements for the Rose Ball of 1933 have received many complimentary references for the success of their efforts in this event.

New French Premier

EDOUARD DALADIER
Minister of War in the fallen cabinet of Premier Joseph Paul-Boncour, who has formed a new government, and been made Prime Minister of France.

Valentine Dance to be Notable Affair

Kiwanis Committee Reports on Arrangements Made for Event at the Regular Weekly Luncheon on Monday.

There was no special speaker at the weekly luncheon of the Kiwanis Club at the Empire hotel on Monday, the meeting being largely taken up with reports and discussions by the members in general present. In the absence of the president, Reg. Smith, who had gone to the big bonspiel at Kirkland Lake, the chair was taken by Past President C. G. Keddie. One of the features of the meeting was the report of the dance committee in regard to the Valentine dance to be held on Tuesday next, Feb. 14th, in the McIntyre hall, under the auspices of the Timmins Kiwanis Club. The committee reported the arrangements made for the dance, and it was apparent that the Valentine dance will be a particularly attractive and pleasing event. Many novelties have been arranged for the dance. Individual reports were also made to the club from various teams working on the Timmins Relief Fund One Day's Pay Campaign. The reports showed that as a whole the plan had been well received and the response generally had been very good, indeed. At Monday's meeting the music under the direction of Rev. Bruce Miller had many special features and was very generally appreciated. The picking out of special numbers and special members to sing them proved particularly interesting. Mr. and Mrs. John Dalton left last week for a holiday visit to Florida.

Community Orchestra to Give Concert To-morrow

To-morrow (Friday) evening, Feb. 10th, lovers of music and good entertainment have the opportunity to enjoy a very pleasant evening. The Timmins and Schumacher Community Orchestra is presenting a concert in the St. Anthony's parish hall. There will be comic sketches, vocal solos, orchestra selections and novelties. The programme will be a very varied one and will delight all. Tickets are now being sold for the event. The Timmins and Schumacher Community orchestra is under the leadership of H. F. Schroeder, and has won for itself an enviable reputation for its excellence. It includes a number of talented musicians and is also valuable to the community in its work of developing new talent. A recent concert by this organization, presented at Schumacher, won high praise, and the event on Friday evening of this week in St. Anthony's parish hall no doubt more than equal the success and enjoyment of the previous concert.

Horticultural Soc'y Elects Its Officers

Annual Meeting of Timmins Horticultural Society Held on Friday Evening, T. A. Skelly President for 1933.

The annual meeting of the Timmins Horticultural Society was held in the town hall on Friday evening last. The reports for the past year were very satisfactory and showed the society has been accomplishing a very useful work in the community. Under the presidency of Ralph Elston the Timmins Horticultural Society has been outstanding in its helpfulness and progress. Owing to other duties Mr. Elston finds it impossible to continue to devote as much time to the work and so has dropped active office in the society but will continue to give his interest to the work as in the past. At Friday's meeting the following officers were elected for 1933 for the Timmins Horticultural Society:— President—T. A. Skelly. Vice-president—Geo. Coliss. Secretary—A. E. Taylor. There were also ten directors elected and two auditors. It is the intention to call an early meeting of the directors to prepare to make the 1933 show the best yet.

Will Select Queen Esther on Feb. 22nd

The Purim Ball Typifies the Ancient Feasts of Gaiety and Abandon. Some Features of the Ball.

Invitations have been issued in novel form for the Purim Ball on Feb. 22nd. Probably no better explanation of the event can be given than by re-producing the wording of the original invitation, a four-page card, reading:—"To perpetuate the memory of Her Exalted Majesty, Queen Esther, the Hebrew Congregation B'Nai Israel of Timmins cordially invites yourself and lady to attend the third annual Purim Ball, Wednesday, February 22nd, 1933, McIntyre Recreation Hall, Schumacher 10 to 3 o'clock. Programme:—The Purim Ball typifies the ancient feasts of Gaiety and Abandon. Enchanting music; novelties and favours; Rebecca and her famous refreshing 'Well'; Coronation of 'Queen Esther'; 'Human-tashen' and the good food parade; These are the attractions for the joyous night. No numerical routine to direct your dancing and frolics."

Attached to the programme is a numbered stub, there being prizes for the lucky numbers. The coronation of "Queen Esther" is one of the big features of the Purim Ball. At the ball the most beautiful young lady is chosen as the "Queen Esther" for the year, the "Queen" being the recipient of a beautiful necklace.

Mr. and Mrs. C. T. Gray, of Ottawa, were Timmins visitors last week.

Young People's Society Drives to Sandy Falls

The Y. P. S. of Timmins United church held a very enjoyable sleighride on Tuesday evening, Jan. 31st. Two sleighs, with about forty young people aboard, left the church shortly after seven o'clock, bound for Sandy Falls, where they were entertained at the home of Mrs. Taylor. A bean supper, and dancing were indulged in and the party started for Timmins at about eleven p.m. The trip was replete with thrills as, one after another, the merry-makers were dumped into the soft snow banks to the tune of "Jingle Bells," and the hilarious laughter of their fellows. On the return journey everyone joined in a sing-song and the party arrived in Timmins, tired but happy, at 12.30 a.m.

NORANDA TO PLAY HERE ON SATURDAY EVENING, FEB. 11

N.O.H.A. will play here on Saturday evening, Feb. 11th, in the N.O.H.A. series. Noranda plays at South Porcupine the previous evening, Friday, coming on here the next evening to play with Timmins. With the record that Noranda has made this season in the way of defeating Timmins on the local ice and with the Timmins team determined this time to break the spell, and beat Noranda on Timmins ice, just as they have done at Noranda's own rink, the game promises to be fast and interesting.

Dome Hockey Team Wins 2-1 on Timmins Ice Last Night

First Part of Game Good Enough Hockey, but the Latter Part Not So Good. First Period Gives One Goal for Timmins; Two in Second for Dome; Nothing Doing in the Third. Ice in Fine Shape. Good Crowd in Attendance for Such Bitter Weather.

Timmins will go on record for the North Country for the first round of golf, and baseball. This is the best way to describe the last period of Wednesday's Senior N.O.H.A. game between Dome and Timmins,—and the Dome had the golf clubs, which spoilt the two fast period gone before, and the rink rang with boos. The Dome had the odd goal in three scored and were determined to hold on to the lead whether the crowd liked it or not. The Dome went down from the face-off and Heximer tested out Hodnett. Tremblay got the rubber and outskated the Dome forwards only to be tripped by Murphy as he got through the defence. The latter got a ticket. Lamoreaux got a pass from Burns and hit the post. The rebound was cleared before he could reach it. The Dome came down with a three-man combination and got in close but were checked by the defence. A change of players made things hum. The puck went up and down the ice, the defence keeping checking. Masseur drew a penalty for slashing at a roofer who was supposed to be calling him names. Referee Scully also warned the roofer. Timmins started to bombard the Dome citadel and Gingras did well to clear three hot ones from close in. Other shots went just a little wide. The Dome went down in combination and Hodnett had a close shave. Gingras made a couple more good saves before change of players came on. Timmins kept up the pressure. Gingras made a lucky stop of Lamoreaux's shot. The Dome made another attempt and Godin got a ticket for tripping. The Dome now pressed and gave Hodnett a lively time but no damage was done, when Lamoreaux relieved, taking the disc the full length of the ice, was skated off to the back of the goal, but came out, and Gingras tried to clear, but the puck went to Tremblay who scored while Gingras was lying on the ice. Timmins — Tremblay (Lamoreaux) 13.50.

Penalties—Murphy, Masseur, and Godin.

The second spasm started with Tremblay going right through the Dome team only to have Gingras out-guess him. Johns, of the Dome, did the same as Tremblay but was rewarded by beating Hodnett for a score.

This spurred the Dome on and the Porkies shortly made a rush. The puck went up against the post from Heximer's stick. The goal was hotly disputed but the umpire said it was in, and that was that.

Doran and Auger drew penalties for not holding their heads and sticks. The players and puck went up and down again. Gingras got the worst of the deal; two shots were cleared when they looked like two sure goals.

Lamoreaux and Masseur had differences and were sent to the box to air them out. Then Arundell got a minute for holding.

Godin finished the period by going right through but his shot was turned aside by Gingras.

Murphy had to retire near the end of the second period having two arteries cut just above the shoe top. Dressed by the S.J.A.B.

Johns 3.40
Heximer (Johns) 6.30
Penalties—Doran, Auger, Lamoreaux, Masseur and Arundell.

The third spasm told in a nutshell:—Both teams have a shot at goal. Dome commenced the combination of golf and baseball. Timmins came down three abreast; bang! down goes the rubber; and so on, far into the night.

Other instances were the penalties. The Dome came over the Timmins blue line three times. Just imagine! By the way, this is hockey not a comic strip!

Dome:—Gingras, goal; Murphy and Masseur, defence; Heximer, Johns and Murray, forwards; alternates, Michaelson, Cattarello and Doran.

Timmins:—Hodnett, goal; Irvine and Porter, defence; Burns, Tremblay and Lamoreaux, forwards; alternates, Auger, Arundell, Walsh and Godin. Referee—J. Scully.

Plan Extended Development at the Clear Lake Porcupine

Hamilton and New York Interests Joining Clear Lake Porcupine Syndicate and Ample Finances Assured. Extended Programme of Development Planned for Promising McArthur Township Property. Further Diamond Drilling at Early Date.

The Advance understands that negotiations have been concluded between the Clear Lake Porcupine Syndicate and some mining and financial interests in Hamilton and New York and as a result there will be ample finances to carry on the development of the Clear Lake Porcupine property and make it into a mine. The original members of the syndicate are local men with mining experience and they are retaining their interests in the claims, while the Hamilton interests, the two groups being one in the purpose of making a mine of the Clear Lake Porcupine property, and equally one in their belief and faith in the big future of the property. The Clear Lake Porcupine property is located in the south-east corner of McArthur township on Lake Clear. The area has long been considered as unusually promising territory. Both A. G. Burrows and Percy Hopkins, provincial geologists, have made very favourable reports on the area. Other mining engineers and mining men making independent examination of the Clear Lake Syndicate property have expressed much faith in the claims. Considerable work has been done in the past year or two on the property and the results of this work have been very satisfactory and encouraging. Those who know the property are agreed that the chances are more than good for the development of a good mining property and the Clear Lake Syndicate was formed with the purpose of bringing the property to a stage where its worth would be proven. During the past year reports by engineers

and mining men on the property have been published and these have borne out the first opinions of the possibilities of the area. With finances to develop the property there seems to be every chance to add another to the producers of the Porcupine district. With ample finances the Clear Lake Syndicate should be able to carry on work to a successful conclusion. Present plans are for an extended campaign of exploration and development work. Some diamond drilling has already been done and a new and extensive campaign of diamond drilling will be undertaken in the immediate future. The Advance understands that active and extended development of the Clear Lake Porcupine property is now assured and that this work will fully support the faith of those who have pinned their belief in this property as one of unusual promise. In the past year or two there has been considerable activity in McArthur township, and any work in the near future at the Clear Lake property will add to the general interest in the district. Extended work in McArthur will also have the effect of bringing back interest to the section of the Porcupine camp lying south towards the Matachewan area and in this area there is general belief that important developments will occur in the near future. The Porcupine camp is convinced that there are many good properties yet to be developed in the district and every case, like that of the Clear Lake Porcupine property where extended work is undertaken, is watched with the keenest interest by all interested in the development of the gold possibilities of the North.

Special Evangelistic Services at Army Here

Commencing Monday, Feb. 13th and continuing to Tuesday, Feb. 21st, there will be a special evangelistic campaign at the Timmins Salvation Army. The special evangelistic campaign will be conducted by Capt. Ed. Payne, musician, soloist and preacher. During the past year Capt. Payne has preached, played and sung each Sunday over the radio at Cobalt. Before coming into the Salvation Army Capt. Payne was a graduate of the Moody Bible College Chicago. He also did evangelistic work among the coloured people of the South, and incidentally learned to sing some of their quaint songs (spirituals). Capt. Payne will speak and sing each week night at 8 p.m., and Sundays at 11 a.m. and 7 p.m. Monday, Feb. 13th—Evening, subject, "Living Faith." Tuesday, Feb. 14th—Afternoon (Y.P.) subject, "Helping God." Evening, subject, "The God that Answereth by Fire." Wednesday, Feb. 15th—Evening, subject, "The Marks of the Lord Jesus." Thursday, Feb. 16th—Afternoon (ladies), subject, "Despotism of the Needle." Evening, subject, "Rationalism." Friday, Feb. 17th—Evening, subject, "Has the Church Signed her Death Warrant?" Saturday, Feb. 18th—Evening, subject, "Does God Heal to-day? If so, How may we get this power?"

Sunday, Feb. 19th—7 a.m. Knee Drill; Holiness Meeting, subject, "Rebuilding the Walls"; Salvation meeting, subject, "For Sale or Exchange." Monday, Feb. 20th—Evening, subject, "Lost in the House of the Lord."

Big Legion Smoker Next Monday Night

Entertainment Committee to Present Programme of Local Talent, Eats, Smokes, Etc., for Monday's Meeting of the Legion.

The entertainment committee of the Timmins branch of the Canadian Legion promise a good time for the members and other ex-servicemen on Monday evening next, Feb. 13th. This is going to be another case, they say, when thirteen is to be a lucky number. Thirteen has been handed before by the Legion and it has been proven conclusively by results that it is not the date but the event that counts. So the date, Feb. 13th will be overshadowed and outclassed by the Legion event on Monday night in the Oddfellows' hall. The event will commence at 8.30 p.m., and the social part of the evening will be in the form of a smoker. The entertainment committee has arranged a programme of local talent in songs, novelties, etc. In addition there will be lots of good smokes and lots of good "eats"—or, as one member phrased it, "smokes, eats and refreshments."

Artist-Prospector Sells One of His Paintings for \$500.00

T. G. Wright, Well-Known Here as a Prospector, Wins Wider Fame as an Artist. Painting of McIntyre Mill Bought by One of the Visiting Financiers from New York for \$500.00. Artist-Prospector Perfected his Natural Talent by Correspondence Course.

One of the incidents of the recent visit to Timmins and the Porcupine Camp of the New York and London, England, financiers is the sale by a local artist-pro prospector of one of his paintings to one of the visiting financial men. The picture brought no less than \$500.00, which is an excellent price these days for any sort of a painting by a modern artist. In the exhibition here last year of paintings by famous Canadian artists, there were only one or two near the \$500.00 mark.

They were genuine works of art, and he expected to sell them for a fair figure to someone connected with the McIntyre or specially interested in the property. When he heard of the visit here of the party of financial men from New York, London, England, and other centres, he thought it would be an opportune time to display his paintings. Accordingly he went to meet the special train on which the visiting financiers travelled. At the train he met Hon. Chas. McCrea who greeted him in the usual friendly way and when it was learned that Mr. Wright had to offer the artist-pro prospector was introduced at once to the visitors. The smaller of the two pictures was taken at once for \$75.00, while the larger picture brought \$500.00. At first smaller amounts were offered, and Mr. Wright might have accepted one of these offers, but the gentleman who finally got the painting, after considering the art work on it, placed the price of \$500.00 upon it and closed the deal at once. Five hundred dollar bills were paid over right there and then to Mr. Wright and the new owner took possession of the painting which he carried south with him, being both proud and pleased in the matter of the purchase. The painting is a valuable one, being of large size and accurate to the smallest detail and giving an unusually fine picture of the McIntyre Porcupine Mines' newnew McIntyre mill and surroundings.

There have been several different stories told of the sale of the painting in question and consequently readers will be looking to The Advance for the facts of the case. Thos. G. Wright is well known locally as a prospector and he is a good man at that job. It is perhaps not so generally known that he is an artist of special ability but such is the fact. He has distinctive natural artistic talent and for years exercised this ability simply for his own satisfaction. Some time ago he perfected his technique by taking a course by mail in painting and art work, and his product is proof that the course is good with the right man as student. In recent times Mr. Wright has been selling samples of his art work and getting fair prices for them in view of the general situation in the art market. Some time ago he painted two pictures of the McIntyre Porcupine Mines' newnew McIntyre mill and surroundings.

Forty-nine Rinks at the Big T. & N.O. Bonspiel at Kirkland

Event at Kirkland Lake This Week Proving a Notable Success. Timmins Represented by About Fifty Curlers. Nine Rinks from Timmins at Big Northern Event. A W. Lang, of Timmins, New President of T. & N. O. Curling Association. Next Bonspiel at Haileybury.

The T. & N. O. bonspiel, held this week at Kirkland Lake, is proving a success and making new records. There are 49 rinks in the play, this exceeding the record at Timmins last year of 39 rinks. With eleven sheets of ice, play has been facilitated, and it is expected that the event will be concluded by to-morrow (Friday) at noon.

About fifty curlers went down from Timmins on Sunday to be present for the opening on Monday morning, a special car being used to accommodate the Timmins curlers. Some of those going from here were going as spectators only but Timmins supplied nine rinks. Of the 49 rinks entered, there were 10 from Kirkland Lake Curling Club, with Timmins, New Liskeard, Haileybury, Noranda, Englehart, North Bay, Dome, and Kapuskasing represented by one or more rinks.

The bonspiel was formally opened Monday morning with the bagpipes playing a medley of Scottish airs, and after a brief address of welcome by Reeve J. D. O'Meara, Fred Thompson, a veteran curler, delivered the first stone. Large crowds of spectators are watching the progress of the bonspiel all through the sessions and the interest and enthusiasm rivals that at Timmins last year. Great progress has been made in the playing for the several trophies.

At the annual meeting of the T. & N. O. Curling Association this week A. Wilson Lang, of Timmins, was elected president, and it was decided to hold the 1934 bonspiel at Haileybury.

Last night (Wednesday) the following standing of the Timmins rinks was received from Kirkland Lake:—

Rink	Play	Won	Lost
Widdifield	6	5	1
Solomon	5	3	2
Fr. O'Gorman	5	3	2
R. Smith	5	2	3
Cuthbertson	5	2	3
Lang	4	2	2
Caldbeck	5	3	2
Huckabone	4	1	3
Huckabone	4	2	2

Last night Rev. Fr. O'Gorman's rink was in the consolation. Four of the others were still in the competitions. A feature of the play that roused special interest was when A. W. Lang, Timmins, won from his brother, Mac Lang, Haileybury.

The events in competition are the Geo. W. Lee trophy, the Canada Power Co. trophy, the Hill-Clark-Francis trophy, all with first, second, third and fourth prizes; the Kirkland Lake Club trophy (consolation) with first and second prizes; and the mystery prize.

The following are the rinks from Timmins:— D. Ostrosser, A. F. Kenning, M.P.P., Gordon H. Gauthier, A. W. Lang, A. W. Pickering, Geo. Lake, Mayor Geo. S. Drew, W. Rinn, H. Herman, G. Eplett, H. W. Huckabone, A. E. Prout, E. H. Hill, C. Abrams, Arthur Lawlor, I. A. Solomon, H. G. Laidlaw, E. Stenhouse, P. O'Neill, W. D. Cuthbertson, S. C. Platus, A. Hattie, J. R. Walker, S. A. Caldwell, R. J. Smith, H. Searth, T. Powell, L. Halperin, W. M. Widdifield, S. R. McCoy, G. S. Lowe, H. Graham, Rev. Fr. O'Gorman, Timmins, Rev. Fr. Rouiller, Haileybury, Rev. Fr. Forcines, Englehart, Rev. Fr. Theriault, Timmins.

Later—Word received by J. M. Belanger, secretary of the Timmins Curling Club, just before noon to-day gave the information that no Timmins rinks were left in the Lee Cup competition; Rinn's is the only rink from Timmins still in the Power Co. trophy; and Lang, Huckabone, Rinn and Widdifield, are still in the Hill-Clark-Francis trophy. The following are some of the results as given in despatches from Kirkland Lake:—

First Round—Lee Trophy
Graham, New Liskeard, 18, Hyckie, Kirkland Lake, 7; Smiley, Haileybury, 14, Fulton, Kirkland Lake, 6; Pipe, (continued on page four)
