TEN YEARS AGO IN TIMMINS

From data in the Porcupine Advance Files

The programme planned by the Timmins branch of the Canadian Legion and the Timmins Kiwanis Club for the observance of the diamond jubilee of the confederation of Canada ten years ago, was carried through much as outlined. The blistering hot weather was a handicap, and the change in the time of arrival of the Scottish football team also interfered with the programme, but generally the arrangements may be said to have been successfully carried through and interesting and pleasing throughout. In the morning there was a motor car and truck parade, which was followed by the opening of the Kiwanis Playgrounds and a band concert, the evening being closed at a dance given by the Canadian Legion in the McIntyre hall, Schumacher.

In the early hours of a Tuesday morning ten years ago, Schumacher was visited by the most disastrous fire in years. Luckily there was no loss of life, but the property loss was very heavy. But for the prompt and efficient work of the Schumacher brigade, assisted later by the Timmins and South Porcupine firemen, the result would have been far worse. The frantic barking of some dogs at the rear of the post office roused the people living near, who, upon investigation, discovered the fire and promptly turned in an alarm. Immediately the firemen were on the scene. For a time the whole business section of the town was menaced and had there been a wind nothing could have prevented a far more serious blaze. As it was, five stores were a complete wreck and two families homeless.

The game in the Temiskaming baseball series at Timmins ten years ago, Iroquois Falls vs McIntyre, was a nice little contest, the score of 4 to 3 showing the nice kind of a watch it was.

A serious accident occurred about two miles from Golden City ten years ago when a car driven by Mr. M. E. David, of Cochrane, skidded and turned over three times and landed on its wheels

facing Cochrane. Mrs. David and baby were in the front seat but escaped unhurt. Mr. David's two sisters and little son, Allan, were in the back seat. Miss Nedda David had her lip badly torn and collar bone hurt and was taken to Providence hospital, Timmins. Mr. David was the most seriously hurt of all, having landed on the windshield in his fall. His face and skull were badly cut, there being three fractures in the skull. The accident occurred when Mr. David attempted to adjust the windshield. Mrs. David screamed that the car was skidding and in the attempt to right it, it overturned on the other side of the road. There was considerable fresh gravel on the spot.

The grand boxing tournament under the auspices of the Hollinger Recreation Club, and the direction of Tex Jardine, held in the rink on the evening of July 1st ten years ago, was a great success and probably the biggest feature of its kind ever held in the North Land. There was a crowd of 700 or so. All the bouts were well matched, indeed, with the exception of one in which Croteau so far out-classed his opponent that the referee stopped the feature and awarded the cup to Croteau.

Deepest sympathy was extended to Mr. and Mrs. Tremblay, Pine street north, and to the family in the death of their son, Francis ten years ago. The young man, who was about 22 years of age, was injured while assisting in some wood-sawing. A stick of wood fell back from the saw smashing against his face and head. He was taken to the hospital and at first it was hoped that his injuries would not prove serious, but later it was evident that the young man was hurt beyond the chance of recovery.

Ten years ago, R. Brodeur, who had been for the previous five years in the employ of the Hollinger mine, fell down the shaft of No. 19 at that mine and died instantly. The drop was nearly 500 feet. Brodeur was descending the shaft in the bucket and in some man-

ner fell from his place. Just how the accident occurred was difficult to understand. The late R. Brodeur was about 36 years of age and was a married man. He was popular with all who knew him and his death was deeply regretted.

The music by the Timmins Citizens' Band was a specially pleasing feature of July First here ten years ago. The band marched at the head of the procession of school children who went to the Kiwanis community playgrounds for the presentation of the Diamond Jubilee Confederation medals. After this, the band took its place on the band stand and furnished a programme of over two hours of the best music.

In the South Porcupine news ten years ago was the following account:—"It is our painful duty to chronicle this week the death of Mr. Jack Slotnick in a Toronto hospital, on Wednesday evening, June 29th, 1927. Jack was the oldest son of Mr. and Mrs. S. Slotnick, Golden avenue, and came here as a child with his parents in the opening days of the camp. The writer remembers him at school as being particularly thoughtful and considerate of those around him and conscientious in his work. He grew to young manhood here, winning the respect of all who knew him. He was quiet and reserved in manner, but painstaking and ambitious in whatever he undertook. Four years ago he left for Chicago, there to take a course in violin in the Columbia School of Music and was to receive his teaching diploma this June, but took ill with rheumatic fever in May. He and his sister, Dora, started for home but Jack was forced to go to the hospital when he reached Toronto. It was hoped then that he would soon be able to continue his journey and reach home for a well-earned holiday, but he never fully rallied. His father was with him when the end came and burial was arranged in Toronto. He was twenty-four years old, and besides his sorrowing father, and mother, he leaves four sisters and a younger brother to mourn his loss."

The aggregation of Timmins athletes known as the Arrow Amateur Athletic Club covered themselves with glory ten years ago on the occasion of the Diamond Jubilee Sports held at Kirkland Lake by the Canadian Legion. The Kirkland athletic grounds were filled to capacity by an enthusiastic crowd who enjoyed one of the best sports programmes ever held in Northern Ontario, most of the principal points along the line of the T. & N. O. Rail-

way being represented in the various events. The Arrow boys from Timmins scored the heaviest and were closely followed by the McIntyre track team from Schumacher.

Ten years ago a peculiar fire took place at South Porcupine. Some children noticed the telephone pole at the west end of Bruce avenue smoking and called attention to the fact. Soon it was bursting into flames. H. Blood, manager for the Light and Power Co., was sent for and a hose was turned on the fire from the roof of a neighbouring building, which soon extinguished the flames, but not before the large pole was burned completely through at the intersection where the cross-pieces are attached and the remainder of the upper part was left a charred mass.

The community street dance under the auspices of the N.O.F.A. and the Timmins Citizens' Band struck several streaks of ill luck ten years ago. Just before the time for starting, the wind started up and blew a regular gale for a time thus keeping many from attending who would otherwise have enjoyed the event. There was also a football match that took up the attention of the football boys and the event was planned in honour of the touring Scottish football team which had to leave town before the time of the dance.

Ten years ago the Ferguson, highway was formally opened and named. Hon. W. Finlayson officiated at the opening ceremony, and there was a great representation from North Bay and points between that city and Temagami.

The first drowning fatality of the season ten years ago occurred at Nellie Lake. The victim was Levi Tremblay, aged 22, one of the owners of the Northern Amusement Company's merry-go-round which had been operating there for the previous week. At the time of the accident, Tremblay was out on a raft, with his brother, Ivan Tremblay. The latter dived from the raft and the flimsy craft upset. The victim, who was unable to swim, sank in about 20 feet of water. Cries of his brother brought bathers from the lower end of the lake, but they arrived too late to effect a rescue.

Luck seemed to be against the game here ten years ago between the Scottish football team and the Pick of Northern Ontario football teams under the auspices of the Northern Ontario Football Association. In the first place the weather was decidedly too hot for football. The big match resulted in a win for the Scottish team of 7 to 1.

Ten years ago Mr. B. V. Harrison succeeded Mr. D. G. Allan as manager of the various power and light companies in this land. Mr. Harrison was formerly manager of the Northern Ontario Light and Power Co., and the Porcupine Telephone Co., for the Porcupine Camp. He steadily worked his way upward in the companies and now is in general charge of the concerns handling light and power in this North.

At the Temiskaming Firemen's Tournament at New Liskeard ten years ago, the Schumacher Fire Brigade carried off the honours and proved its worth as a team to be proud of.

The funeral of the late Mrs. J. H. Stevens, who passed away at the home of her daughter, Mrs. C. E. Munro, 25 Main avenue, ten years ago, was held here, the remains being taken to Haliburton for interment.

Among the locals in the Attivance ten years ago were: "Mrs. Jas. McCann and daughter Miss Lizzie McCann, left on Wednesday for Brechin, Ont., where they will take up residence. Mr. McCann will join them in the course of a week or two, his intention being to conduct the farm that he owns at Brechin. The family will be much missed here being among the pioneers of the town and highly regarded by all."

"There will be very general sympathy for Mr. and Mrs. Eugene Fymond, Pine street south, Moneta, in the death yesterday of their bright little boy, Eugene. The youngster was about sixteen months of age, and seemed to be in the best of health on Tuesday, playing around as usual during the day. About midnight, however, the child was taken with convulsions and passed away this morning."

"Mr. L. McLachlan, chief of police, visited Toronto over the weekend and returned this week accompanied by his son, Donald. Mrs. McLachlan is visiting in Haliburton for a short time but will join the family here at an early date."

"Mrs. Briggs and daughter left last week on a visit to England."

"Mrs. Perce Patrick and three children, of Stratford, are visiting Mrs. Patrick's sister, Mrs. Ralph Elston." "Mrs. T. M. White, of Chatham, Ont., is visiting her parents, Mr. and Mrs. G. A. Macdonald." "Mr. W. A. Field left on Wednesday for a visit to Toronto and other points south."

Housewife May Save Time by Scrap Book

Method Assures that Office
May Have New Information
for Emergencies.

Maybe you would like to make a household first aid scrapbook, so you would have information handy when any of the minor catastrophes presented themselves. In many cases the remedy is simple if you just have it at your fingertips.

Here are a few hints to clip in case you want to start such a book.

To Clean Candles

An excellent way to clean candles that have become dusty is to saturate a cloth with alcohol and rub them with it. This restores their original lustre.

Washing Chintz

Wash the chintz in tepid suds, squeezing in the hands and dipping up and down until clean. Rinse in clear tepid water and roll up in a soft cloth to absorb the water, or hang out in the shade to dry quickly. Iron on the right side to give a gloss. If you wish to stiffen it slightly, add a teaspoon of powdered borax to the last rinse water.

Cod Liver Oil Stains

Carbon tetrachloride is the solvent generally used, but a bleaching agent, such as javelle water, hydrogen peroxide, potassium permanganate, etc., may have to be used for old stains. Unaltered stains may be removed by rubbing with a mixture made of a tablespoon of soap flakes in three table-spoons of boiling water, allowed to cool until it begins to thicken, then adding to it 2 tablespoons of amyl acetate, stirring well.

Clearing Aluminium

Dark stains on aluminium can be removed by boiling tomatoes in the pan, and there is no harm in eating the tomatoes after they have done their duty.

Candle Wax Stains

Remove the candle wax by scraping with a dull knife blade or the finger nail. The wax may be removed by pressing over a blotter which will absorb the wax from the material. Remove what remains on the fabric by sponging with a cloth dipped in carbon tetrachloride. The colour which sometimes remains from coloured candles will usually come out in laundering. If not, it may be removed with a mild bleach such as peroxide or javelle water. The colour may also be removed with denatured alcohol.

Cellar Pests

Spray their haunts with carbolic acid solution, using ice cold water. Another remedy is to spray with bay oil in kerosene. Or make a paste of flour and borax and eucalyptus oil and scatter it about their haunts. They will eat it and never trouble you again.

Mending China

A good cement for mending broken china is made by mixing plaster of paris with the white of an egg until the consistency of cream. Apply as you would any prepared cement.

Here is another good cement: Mix a teaspoon of alum with a tablespoon of water and place it in the oven until the mixture is quite transparent. Wash the broken pieces in hot water and while they are still quite warm, coat the broken edges thinly and quickly with the alum solution, which sticks instantly. China thus mended will bear hot water and ordinary usage.

Care of Linen

If you want your linen to wear well try this plan: Instead of folding tablecloths and sheets lengthwise, as is usually done, fold them the other way occasionally. They last far longer if the folds are sometimes changed than if they are always folded in the same places.

To Clean Jewelry

If jewelry has become discolored, wash it in a solution of equal parts of ammonia and water, and polish it with a chamouis skin.

To-day's Menu

London Broil With Onion Sauce
Parsley New Potatoes
Peppers Stuffed With Corn
Cucumber Boat Salad
Cocoanut Cream Pie

London Broil With Onion Sauce
Select about a 2-pound flank steak. Sprinkle with flour and onion juice. Place under the broiler flame and cook from five to ten minutes. Turn and cook on the other side. Sprinkle with salt and pepper. Lower the flame and cook slowly for ten to fifteen minutes longer. Slice very thin and serve three slices overlapping each other. Make a gravy by adding two tablespoons of flour to the pan drippings. Brown slightly and add one and one-half cups of water. Stir constantly while the gravy thickens. Slice one onion thin and brown in one tablespoon of butter. Add to the thickened gravy. Season to taste with salt and pepper and serve over the meat.

Pepper Stuffed With Corn
Cut a very thin slice from the stem end of four peppers. Remove the seeds and parboil the peppers two minutes in boiling water. Season two cups of corn with salt and pepper and fill the pepper cases. Place a lump of butter on top of each pepper and bake covered from 15 to 20 minutes in a hot 400-degree oven. Remove the cover during the last few minutes to brown the mixture slightly.

Cocoanut Cream Pie
Four tablespoons of sugar, 5 tablespoons of cake flour, one-quarter teaspoon of salt, 2 cups milk, 3 egg yolks, slightly beaten, 1 cup of shredded

of the McIntyre Mine, Schumacher, left on Wednesday on a three months' holiday visit to England." "Mr. and Mrs. E. H. Hill and family left on Sunday for a few weeks' holiday visit to the West where they will spend some time with Mrs. Hill's mother." "Mrs. M. Shields, accompanied by her son, Victor, and daughter, Margaret, left Sunday, July 3rd, for a visit to Detroit, Mich., Rochester N.Y., and other points east."

In a Line-Up
you are Courteous—

Try Courtesy in the Traffic Lines

YOU, like most people, are courteous when you line up at the wicket to buy tickets. You stay in your place, do not jostle your neighbour, you respect his rights, and otherwise act towards him in a courteous manner.

But do you think and act towards your fellow-motorist in this same kind and courteous manner when you get behind the wheel of your car and roll along the highway?

Do you sound your horn when about to overtake him and then pass at a safe distance?

Do you keep to the right so that others may safely pass you?

Do you hand signal when you are about to stop, start, slow down or change direction?

Do you drive at the speed of the traffic you are in so as not to impede other drivers and cause them to "cut-in"?

When you need to sound your horn do you do so in a friendly manner or do you give it a frightening blast?

If you have not tried these courteous driving manners, I earnestly suggest that you try Courtesy when you get behind the wheel of your car or truck.

To "Try Courtesy" is to add greatly to your own pleasure and safety in driving as well as to that of your fellow motorists.

**TRY
COURTESY**
The New Spirit
of the Road

B. J. Quacken
MINISTER OF HIGHWAYS
PROVINCE OF ONTARIO

cocoanut, 2 teaspoons of vanilla, 1 baked 9-inch pie shell, 2 egg whites, 4 tablespoons of sugar, one-half cup of additional shredded cocoanut.

Combine first sugar, flour and salt in the top of a double boiler. Add milk and egg yolks, mixing thoroughly. Place over rapidly-boiling water and cook for ten minutes, stirring constantly. Remove from the boiling water, add one cup of cocoanut and vanilla. Cool slightly and turn into the pie shell. Beat the egg whites until foamy throughout. Add the rest of the sugar, 2 tablespoons at a time, beating until the sugar is blended. Continue beating until the mixture will stand in peaks. Pile lightly on filling, sprinkle with the rest of the cocoanut. Bake in a moderate 350-degree oven for 15 minutes or until well browned.

Another Stage in the Revival of Abitibi Co.

Three Inspectors Named by
Court to Help Liquidator.

Three inspectors to advise R. D. McPherson, liquidator of Abitibi Power & Paper Co., are provided for in an order of F. H. Barlow, K.C., Master of the Supreme Court of Ontario. Either Robert L. Crombie, manager of the Royal Trust Co., Montreal, or Roy H. Stephenson, general manager of the Crown Life Insurance Co., will represent the Preferred Shareholders' Protective Committee, representing 50.8 per cent. of the 7 per cent. preferred stock and 34.1 per cent. of the 6 per cent. preferred stock.

J. H. Gundy has been chosen to represent other preferred shareholders as Wood, Gundy & Co. held more of the 6 per cent. preferred stock than the Official Committee did, and held other preferred stock as well which had not been lodged with the Preferred Committee. Arthur G. Slaght, K.C., representing Wood, Gundy & Co., stated that members of the Official Preferred Shareholders' Committee held more bonds than preferred stock.

Common stock will be represented by William Collin Brooks who represents common shareholders. His lawyer, Arthur W. Roebuck, K.C., former attorney-general of Ontario, states that Lord Rothermere, for whom Mr. Brooks is personal representative, alone owns or controls 250,000 common shares. There are other British holders of common stock as well.

Perth Courier:—News by radio never will take the place of newspapers. You can't put it on pantry shelves.

North Bay Nugget:—The Nugget learned that the freight train wrecked Sunday held 50 or more transients shortly before 32 cars were spilled to the right-of-way and immediately enveloped in fire fed by gasoline.

POISON IVY

Olympene—a non-greasy liniment applied in cases of Poison Ivy brings instantly a pleasant, cooling sensation—relieves the itching irritation and aids greatly in clearing up the affected area—also an excellent safeguard against infection.

INSECT BITES

Olympene—applied to insect bites gives instant relief from the annoying itch and irritation.

Olympene is the great all-purpose liniment—endorsed by leading athletes has no equal in relieving strained tendons, sore muscles, cuts and bruises.
