Frank Lendrum Running as C. C. F. in Temiskaming

Frank Lendrum, well-known newspaperman of Cobalt, this week was announced as the C.C.F. candidate for Temiskaming. He will make the third candidate in that riding, the other two being W. G. Nixon, Liberal member in the last provincial parliament, and Capt. Thos. Maglader, who was local member there some years ago. Recent reports from Temiskaming are to the effect that Capt. Maglader's followers believe he will be an easy winner, though Mr. Nixon's supporters point to the unusually effective work of their member in the last house and the benefits he has achieved for the riding. There seems much doubt as to the effect of Mr. Lendrum's entry into the field, some being inclined to think that it will not alter the result expected, while others say that the C.C.F. is strong in Temiskaming and even though Mr. Lendrum may not be elected, his entry into the race will alter the balance of vote and leave the result in doubt. Mr. Lendrum is well-known in the riding and has been prominent for some years in the C.C.F. Previously he refused to accept the nomination, but at a meeting over the week-end he was prevailed upon to enter the contest. Mr. Lendrum has had more than the usual municipal experience, having been Mayor of Cobalt, and also for years being an active member of the school boards in the Silver Camp.

South Porcupine Fire Chief is Honored

(Continued from Page One)

J. Matheson, of Kirkland Lake, 1st vice-president.

F. H. Godda, of Swastika, 2nd vice-president.

F. E. Thompson, of New Liskeard, re-elected secretary-treasurer. This makes Mr. Thompson's twenty-second year as secretary—a very valuable officer doing excellent work for the Association.

Noranda was elected as the town for next year's tournament and convention by popular consent.

Mr. J. Marshall gave a description of the Schumacher equipment during round-table talk, also J. D. McLean, of Timmins, from the town engineer's point of view.

A banquet at 8 p.m. in the grill room of the new theatre, a musical programme and dancing followed, ended a most successful convention.

A very pleasing feature at the banquet was the presentations, first to Chief E. Lapointe, of Amos, and second to Chief Maxwell-Smith, of South Porcupine, of walnut tea wagons in recognition of services rendered. The presentation to Mr. Lapointe was made by Chief J. Thibault, of Rouyn, and to Chief Smith by President Skinner, of South Porcupine.

The special services rendered by Chief Smith at the convention held last year in South Porcupine, and the esteem in which he is held by the Association to which he has devoted many years of

work were stressed when the presentation was made.

High Grade Samples from Week's Run of the Press

Port Arthur News-Chronicle:—The Port William Board of Health is taking action to stop the nuisance of auto horn tooting. It is well advised. Auto horns are tooted too often and too long. Autos should, as a rule, be seen and not heard. The best drivers scarcely ever use the horn. They drive where the road is open, and when necessary, use the brakes. They don't go around the streets blowing their horns to warn everyone else to keep out of the way.

"Most of the people I buy from tell me they're there to serve me.

"But I know that the most important reason they serve me is to get the money I give them for doing it.

"The when a man serves me well, I am the first to say he should have good hours and good wages.

"But near where I stay, there are three grocery stores glaring across the road at each other.

"Now if I should suggest to them that closing two stores and doing the business of them all through one store could save me more money than all their 'specials', in this respect at least they wouldn't serve me.

"If they did, they'd probably split the savings among themselves, and forget me.

"For its not me they're thinking about, its themselves, and the stores belong to them.

THESE ARE TRULY STRANGE BEDFELLOWS

A full grown male lion, "Mutt" and a small female dog, "Jeff" who have lived five years in the same cage at the Sibley Park Zoo, in Mankata, Minn.; are shown above; playing together in the sunshine. When the lion was born its mother refused to care for it, and the dog's mother was drafted to raise the cub lion. When the mother had completed her job, a pup that had also lived with the small lion, refused to leave the cage. The two animals are fed separately but otherwise are inseparable.
