Complaints Reach South Porcupine Regarding Bad Spots on Highway

Motorists Coming from South Speak Especially of Road Near Swastika. First Home of The Advance to be Torn Down. South Porcupine Court. Other Items of South Porcupine and the Dome.

News of the bad condition of the roads between here and Swastika reaches us on every hand. In some places we hear cars go through two feet of mud and in many cases cars must wait for hours to pass before continuing their journey. Ploughing the roads in the winter is said to be the cause. With no snow to protect the surface, the frost penetrates much deeper into the ground, and frost "boils" in the late spring are the result.

Mrs. Hovey, of Dome Avenue, left on Saturday to spend a vacation in New Brunswick.

Mr. Owen Sleep is in the Porcupine General Hospital recuperating from appendix operation performed on Tuesday morning.

The Finnish Musical Festival held on July 3rd at Woodbridge was attended by twenty members of the Finnish Choir of South Porcupine who enjoyed the two days' festivities in the beautiful valley setting of the Finnish Society of Toronto's summer camp at Woodbridge.

Director Hannula of South Porcupine attended with the choir from here, all returning on Monday. Among the singers were Mrs. Ihander, Mrs. Ahlgren, Mrs. Huakala and Mrs. Wuori. They took part in the big mixed choir and sang five songs.

Police Court

Tisdale residents were most well-behaved over the holiday, for only a small docket held the attention of Magistrate Atkinson on Tuesday.

Four drunks paid \$10 and costs and one for illegal parking did not appear.

For having beer in a public place, one paid \$25 fine, another \$100.

The assault case to have been heard was withdrawn, the complainant paying costs.

Police in testifying against a man charged with being in charge of a car while in an intoxicated condition, said he turned the corner of Crawford at Bruce and ran full tilt into a parked car. Thence he careened into another car which managed to escape with little damage. When arrested the Chief said the man knew nothing of what he had done. Thirty days, with car impounded for three months was the sentence.

Whitney-Tisdale Syndicate, Vendor of Three Producers

Was Organized in 1906. Paid First Dividend in 1911.

Here is a real item for the record: Orillia, July 2nd, 1939

To The Editor of The Advance, Timmins.

Dear Sir: While the controversy is on about the first prospector to locate in the Porcupine area it may be of interest to know that there was a Syndicate formed in Orillia to acquire property in Tisdale and Whitney Townships.

The Whitney-Tisdale Syndicate was organized in 1906, located about 1500 acres in Tisdale and Whitney Townships, paid its first dividend in 1911, and continues to do so to date. It was the vendor of three producing mines in the Porcupine camp has at present considerable acreage for development, and is still controlled by the original members.

The above facts are a matter of record, and may be of interest for your celebration issue.

Yours truly C. A. Dunn.
84 Brant St., Orillia.

New Substance Magical in Its Effects on Plants

The stimulation of root growth in plant cuttings has been accomplished by the use of a new synthetic substance called "Nihortomone A". According to a writer in the June issue of C-I-L. Oval, this preparation, which contains the properties of hormones, has already proved its value in several experimental stations and nursery gardens, where it has increased the rapidity of rooting and the percentage of success not only with cuttings that strike easily but with those which under ordinary circumstances are very difficult to root. By encouraging the rapid formation of a strong root system, this preparation minimizes the danger of attacks by fungi and bacteria. It also makes possible the taking of cuttings at any time of the year.

Timmins Young Man Wedded at South Porcupine

Miss Iris Irene Varker and Mr. James Albert Cronmuller Marrier.

South Porcupine, July 5.—(Special to The Advance)—An exceedingly pretty wedding took place today (Wednesday) in the United Church, South Porcupine, when Iris Irene Varker became the bride of James Albert Cronmuller, of Timmins.

Miss Varker is the only daughter of Mr. and Mrs. P. J. Varker, of Crawford St., and has lived in South Porcupine nearly all her life, being employed for some time on the local telephone exchange.

Mr. Cronmuller has just been appointed a member of the Timmins Fire Brigade, having been for some two years a volunteer member of the South Porcupine Fire Department.

Both are well known and highly respected citizens and their wedding today was celebrated before a church filled with interested friends and neighbours.

The bride, who was given in marriage by her father looked lovely in a beautiful gown of white lace over a white satin, which was made on very long lines with a short train, and trimmed down the front with tiny buttons which opened below the waist to display the flowing satin in redingote style. Her long veil of embroidered net was caught to the head with a small coronet of orange blossoms. She wore white accessories and carried a lovely shower bouquet of red roses and lilies-of-the-valley.

She wore the bridegroom's gift of a gold locket.

Her bridesmaid, Miss Vivian Miller, looked a picture in a most becoming gown of palest pink chiffon over silk, cut on long lines, with short, jacket with shirred sleeves and collar. She wore a picture hat of the same shade in mohair, trimmed simply with ribbon of the same shade. Her accessories were white, and she carried a shower bouquet of yellow roses and fern, and wore a cameo pendant, gift of the bridegroom.

The groom was attended by Mr. William Thompson, of Timmins, as best man.

The bride's brothers, Mr. Hedy and Mr. Maurice Varker acted as ushers for the occasion.

The wedding ceremony was performed by the Rev. J. E. Lytle, and wedding music was played by Miss Lilyan Huot.

During the signing of the register Mrs. E. Stanlake sang, in her beautiful soprano voice "Until".

After the ceremony relatives and intimate friends adjourned with the wedding party to the home of the bride's parents where the wedding breakfast was served.

The bride's mother was attired in a gown of navy sheer with white hat and wore a corsage of roses.

Later in the evening a reception was held at the house which was decorated in bridal fashion in pink and white, and numbers of friends called to wish the bride every happiness and congratulate the groom.

Many gifts have been received by this very popular young couple, the bride being the guest of honour at numerous showers given by her friends just recently.

They will live in Timmins, and we add our very best wishes for long life health and happiness to those of their other friends.

Out-of-town relatives present at the wedding were Mr. and Mrs. Foster Langdon, of Flint, Michigan (aunt and uncle), Miss Pearl Langdon, Mr. Roy Langdon, Mr. and Mrs. Elias Langdon and children, Jean, Lois, Robert and Barbara, and another cousin, Miss Dorothy Langdon, all of Flint.

Miss S. Desloges, of Porquis Junction, Mr. and Mrs. Wallace, of Timmins, and Mr. "Bud" Gunz, of Timmins, were also guests.

Sentenced to Jail for Assaulting Woman of 71

For assaulting a 71-year-old woman, a resident of Krugerford, Mike Strotynski was sentenced to two months hard labor by Magistrate Atkinson in police court last Thursday morning at Kirkland Lake.

Evidence was given that Strotynski, apparently under the influence of liquor, had called at the woman's home and insisted that she dance with him. When she refused he struck her several times on the head and face, drawing blood from her mouth.

Only Two Accidents in Cobalt Area This Week

New Liskeard, July 6.—(Special to The Advance)—Two Porcupine residents were involved in the only road accidents reported in this district over the holiday, and neither was hurt, although one had his car damaged and the bill settled on the spot and the other was a passenger in an automobile whose three women occupants all spent a day and a half in the Red Cross hospital here while their injuries were treated.

Jack Ladley, of South Porcupine, was riding the rear seat of a car driven by Glen E. Whitesell, of the Kerr Addison mine, and which collided with a machine in charge of Levern Cline, of New Liskeard, and at the time straightening out for a short run north after backing from a farm in Hailey township. The cars met head-on, police said, Cline being turned around

but staying on the road, and Whitesell, who was headed for North Bay, going into the ditch on the east side.

This accident happened late last night about 200 feet north of Hanbury post office, six miles from here, and Mrs. Helen Melick, of Kirkland Lake, and the Misses Gladys and Emma Salmon, sisters from North Bay, all had to go to the hospital, suffering from bruises and lacerations. Miss Emma Salmon was the most seriously hurt, she having been thrown against the windshield and sustaining severe cuts on her forehead and elbow. Cline had to be treated at home for scalp wounds. Whitesell, Ladley and a Miss Newman, the last-named Cline's companion were not hurt.

In the other case, which occurred at the north end of this town, Leon H. Amelin, of Guerin, P. O., was stated by police to have sideswiped the rear fender of an automobile driven by William Rick, of Timmins. Investigating officers, chief of police Bromley and provincial constable Art Soulier, of Halleybury, said Amelin admitted responsibility and paid Rick \$30 estimated cost of the repairs necessary to his car.

No charges will be laid in either accident, Constable Soulier, the provincial police traffic officer, said. He told The Advance that the record over the holiday was remarkably good, in his view, especially when it was taken into consideration that a new park was being formally opened at Dawson's Point, five miles from here, and that an estimated 1500 cars were there, with a narrow road the only method of approach. Nothing more serious than traffic jams occurred there, he said.

Principal Iroquois Falls High School Goes to Kapuskasing

G. W. Cushnie Leaving Iroquois Falls After Six Years of Notable Service There.

Iroquois Falls, July 5.—(Special to The Advance)—There is very general regret at the fact that Iroquois Falls and district will lose a particularly valuable citizen in the person of Mr. G. W. Cushnie, who has accepted the position of principal of the Kapuskasing High School, and will take up his new duties at the beginning of the coming school term in the fall.

Mr. Cushnie left Iroquois Falls on Monday, thus bringing to a close six years of brilliant and valuable service as principal of Iroquois Falls High School. A graduate of Queen's University, and also of the College of Education, Toronto, Mr. Cushnie was for eight years principal of the High School at Harrow before coming to Iroquois Falls in 1933. Mr. Cushnie, who has the degree of B.A., is a specialist in Science. His excellent work at the Iroquois Falls High School has won very general approval and admiration, while he has also won the esteem and friendly regard of all the pupils. He had unusual success with the advancement of his pupils, last year's record including 90 per cent success of all pupils on examinations in the Upper School. Through his interest and effort, the school now has a \$100 scholarship and a \$50 scholarship as an encouragement and incentive for the pupils. Among the many accomplishments of the students during the past six years are the following:—High School Literary Society; Annual Musical Festival, embracing the elementary schools of the district; The Glee Club; School Orchestra; Rugby and Volley Ball teams; school uniforms for both boys and girls; Annual Commencement; Morning Assemblies; and the Annual Field Day at Track Meet; all of which have been highly successful and most beneficial to all the students.

Mr. Cushnie, who is a talented pianist was in great demand at festivals and other events. Acting as choirmaster for both the junior and the senior choirs of the United Church, Mr. Cushnie also took active and helpful part in church work, being a member of the official board and of the session of the United Church. Mr. Cushnie not only was a success in his arduous duties as principal of the Iroquois Falls High School, but he also filled a valuable place in the life of the community. He will be much missed in Iroquois Falls, but the general feeling is that what is the loss of Iroquois Falls is the gain of Kapuskasing. In any event Mr. and Mrs. Cushnie and their three children will be followed to their new home at Kapuskasing by the sincerest good wishes for their happiness and prosperity from all the people of Iroquois Falls and district.

Mr. E. T. Palmer, who for the past three years has been Mr. Cushnie's assistant at the Iroquois Falls High School will be the new principal here in succession to Mr. Cushnie. There is every confidence that Mr. Palmer and the rest of the High School staff will worthily carry on the good work of the Iroquois Falls High School.

Accused of Selling Electrical Goods Dangerous to Use

Sequel to Article in Recent Issue of The Advance.

A couple of weeks ago The Advance published a reference to a number of electrical water heaters sold in Kirkland Lake a day or two previously, these electrical articles not only being illegal as they had not been approved by the Hydro Electric power Commission, but also being believed to be extremely dangerous in use. The device was described as an unprotected element, without any insulation, that was immersed in water which it is desired to heat. The method makes it very probable that the user may receive a dangerous electrical shock in using the device, and there is a chance that the shock may be serious enough to cause death. Before electrical devices of this nature may legally be offered for sale their design must be approved by the Hydro Electric Commission. The device sold at Kirkland Lake was not only lacking the necessary approval, but the type of water heater has been actually condemned by the Hydro Electric Commission. Before the Hydro Electric inspector at Kirkland Lake was aware that these illegal devices were being offered for sale, the salesmen had left the Lake Shore town. It was believed that the salesmen had planned to visit Timmins, so The Advance passed along the warning given by the Kirkland Lake Hydro inspector.

The sequel took place this week. Two salesmen visited South Porcupine this week and were ready to canvass Schumacher for their type of water heater, when Mr. Bert McDevitt, Hydro inspector for this area, took quick action entering charges against the two men for selling equipment that lacked the approval of the Hydro Commission as required by law. Mr. McDevitt pointed out that the sale of such equipment was decidedly illegal and that there was chance for serious shocks and risk of fatalities by the attempted operation of such devices. Mr. McDevitt had seen the warning in The Advance and was on the lookout for any attempt to sell illegal electrical devices here. As a result of the prompt action of the inspector, only a few of the so-called electrical water heaters were sold in this area before the salesmen were taken into custody. Mr. McDevitt said this week that the co-operation of The Advance had assisted materially in enforcing the law in this case and in protecting the public from danger of injury or death. While the salesmen did not appear to realize how dangerous this type of unprotected electrical element may be, and so did not act altogether in bad faith, still the public has to be protected, and for this reason prompt action was taken and the charge laid and the sale completely stopped.
