Computer systems specialist  
joins WLU registrar's office

Werner Ullman, 50, a computer systems specialist, has joined the registrar's office of Wilfrid Laurier University as assistant registrar: systems.

He will be responsible for the development of computerized student record and management information systems, statistical data and examinations. For the past 13 years Mr. Ullman worked in a similar capacity with the University of Waterloo.

A native of Germany, Mr. Ullman came to Canada in 1953.
