

Wilfrid Laurier University

SPRING CONVOCATION

1:15 p.m. Saturday, June 1, 1996
WATERLOO RECREATION COMPLEX
WATERLOO, ONTARIO

The Convocation Ceremony

Convocation is the most solemn ceremony within the University community. Since their beginnings in the Middle Ages, universities have performed this ceremony in order to grant degrees to their students and also to welcome those students into the community of scholars which has trained them.

The conferring of the degrees takes place at the moment when the student places his or her hands within those of the Chancellor, the President, or the Vice-President: Academic or other conferring officers of the University, and the officer says "I admit you."

As an outward sign of his or her new state, the student is hooded by a member of faculty. Each degree within a university has a hood of unique colours and trim in order that the student's status may be recognized—indeed every university guards its own set of hoods from use by any other university.

In order to recognize the nature of this event for the students involved, the University asks that parents and friends of the students participating in this ceremony withhold their applause until all members being admitted to each degree have left the dais.

The Academic Degrees

The academic degree is a title conferred on an individual by a university as recognition of the completion of a course of study or for a certain attainment. In Canada the three stages in higher education are represented by the degrees of bachelor, master, and doctor. Wilfrid Laurier University is given the authority to grant degrees by the *Wilfrid Laurier University Act*.

Historically, the master's degree was the only degree offered. In the Middle Ages it was awarded to those scholars who, after a series of examinations, were found intellectually and morally fit to teach. Although we are accustomed to thinking of the bachelor's degree as the original degree, it was initially used to designate master's students progressing toward their final degree. They were thus novices or 'bachelors,' who were given permission to teach beginning students. The bachelor's degree was subsequently established as a first degree, a position it had when Oxford University in England was founded in the twelfth century. The degree of doctor, which comes from the Latin word for 'teacher,' was first awarded by the University of Bologna and the University of Paris in the twelfth century.

The bachelor's degree is awarded at the honours and general level. An honours degree program emphasizes the acquisition of a broad and deep knowledge of the student's chosen honours subject,

including both skill at applying the subject and appreciation of its relation to general knowledge and society. A general degree program emphasizes a balance between an in-depth understanding of the student's major subject and a knowledge and appreciation of other fields. Completion of an honours degree normally takes four years and a general degree three years.

The master's degree is the second degree in higher education. Students complete concentrated and specialized work at a more advanced level in an academic discipline or professional area. Most course work is within the field of specialization and a research project or thesis is normally required. Some master's degrees provide professional qualifications. The master's degree usually requires one or two years of study after a bachelor's degree.

The doctoral degree is the highest academic degree granted by a university. Candidates for the degree spend several years in the advanced study of a specialized field of knowledge. The capstone of the degree is the doctoral dissertation, an extended work based upon independent research. The dissertation demonstrates the candidate's command of both the subject matter and the exacting methods of scholarship, and makes an original contribution to knowledge.

Wilfrid Laurier University Mace

The mace of Wilfrid Laurier University was officially presented by the Euler family at the 1963 Fall Convocation in memory of the Honourable W.D. Euler, Senator and the first Chancellor of the University. It weighs sixteen pounds and was manufactured by the firm of Henry Birks Limited, Montreal.

The ferrule near the base of the shaft contains ivory from a walrus tusk obtained from Coral Harbour, North West Territories. The ten-sided shaft, representing the ten provinces, merges into the head of the mace which bears the ten provincial crests. The wood used at the point where the shaft meets the head of the mace is elm taken from the bannister post of Conrad Hall, the original

Seminary Building. Above this are four crests relating to the history of the Institution: a crest of Waterloo County, the Luther Coat of Arms, the crest of the Waterloo Lutheran Seminary, and the coat of Arms of the University of Western Ontario.

The head of the mace is made of maple and bears the Federal Coat of Arms, above which is the monogram of Queen Elizabeth II, during whose reign the University's Charter was granted. On the reverse side is the crest of Wilfrid Laurier University and the monogram of King George V during whose reign the original charter was granted. The top of the mace is a crown, mounted with jewels, symbolizing the authority of the State.

Processional Banners

Faculty of Arts and Science

The processional banner of the Faculty of Arts and Science of Wilfrid Laurier University presents the arts and the sciences not as two parallel and opposing traditions, but as twin branches nurtured by a common root, reaching from earth to sky, that is, from microcosm to macrocosm. This Tree of Knowledge bears many leaves, to suggest the gathering together of many scholars. The blossoms borne by this Tree signify the Seven Liberal Arts of the medieval curriculum, from which our Arts and Sciences have sprung. These are: the threefold way or Trivium of method—Grammar, Dialectic, and Rhetoric; and the fourfold way or Quadrivium of subject—Music, Arithmetic, Geometry, and Astronomy. These images are presented in the colours assigned to the Faculty of Arts and Sciences—Purple and Gold—which are both traditional symbols of excellence, accompanied by Black and White, the twin constituents of light, symbolic of wisdom, and Green, the colour that in our culture most potently symbolizes life. The banner was designed by Nancy-Lou Patterson and made by Isobel R. King.

School of Business and Economics

The processional banner for the School of Business and Economics (SBE) is visually abstract in style, relying on simple geometric shapes, in solid colours, to convey its meaning. The symbolic dualisms of the banner's colour and design are a reflection of the pairings of aims and attributes describing the School: business-economics, research-teaching, community-society, students-staff-faculty, old values-new perspectives, think international-ally-act locally. The geometric shapes of the design and the layered construction of the banner pay homage to the quilting culture in the local community.

The bold, blue/green letters, SBE, contrast in colour and value with the background and are easily read, even in low light. The background is evenly divided between Laurier's official colours, purple and gold, and the two colour areas are blended from one to the other in a scattering of small squares over the surface. The super-imposed squares shift in colour from purple to blue, and from gold to white, representing the colours associated with Business and Economics. This method of blending two contrasting colours together is drawn directly from computer technology using a graphics software program that assigns one of two colours to each pixel according to an appropriate algorithm. This results in a smooth blend overall, while retaining interesting unevenness in detail. Variations in surface texture and lustre in the fabrics cause light to reflect from the surface of the banner in different ways, further adding to the overall effect. The banner was designed and made by Ellen Adams.

Faculty of Music

The banner for the Faculty of Music was designed and executed by Ralph Beney, who teaches Design for Textile at Laurier. The pinks and reds in the banner reflect the academic colour of music, which was originally scarlet but changed to pink several centuries ago. The bells are universal musical instruments. As

rhythm is an essential characteristic of music, the design is rhythmic, lively.

Just as most music is basically abstract, in the sense that it does not represent other objects, the design of the banner is basically abstract. Still, just as we can hear references to birds and storms and other things in music, we can imagine that the panels of the banner represent the keys found on French horns and keyboard instruments, and that the circles represent cymbals or drums, and possibly references to musical notational symbols. The important representation, however, is of the rhythmic vitality of music.

Faculty of Social Work

Designed by Ralph Beney in 1994 for the Faculty of Social Work, whose academic colour is yellow, the representational banner conveys an interconnecting relationship between individuals and their communities, constituting our dynamic and complex society.

The Faculty of Social Work's caring and warm environment is conveyed by means of an on-going, forward moving open system, centred on people and their needs.

Faculty of Graduate Studies

The Faculty of Graduate Studies encourages interactive and collegial learning by fostering independent thinking and self-creation in a mentoring environment. The banner, designed and created by Ralph Beney, includes the colours in the hoods and gowns worn by graduate students at Convocation. Arranged in an upwardly, forward-looking and dynamic "pyramid of learning," the interaction of the colours represents the potential for inter-disciplinary study at the graduate level. The pyramid symbolizes graduate studies as the capstone of the formal learning process.

Waterloo Lutheran Seminary

The Waterloo Lutheran Seminary processional banner presents a "cosmic christology" in visual form. By Word and Wisdom, God creates the cosmos, makes a covenant with humankind as conscious members of that cosmos, and redeems creation in fulfillment of that covenant. The theme of the banner is the biblical affirmation "The just shall live by faith," which parallels the Seminary motto, "By faith we walk." The banner was designed by Nancy-Lou Patterson and quilted by Helen Weber.

The border consists of alternating blocks signifying Justification and Faith. Using the Seminary's school colours, the blocks signifying Justification combine a gold cross and a maroon ground. Faith is signified by blocks in rainbow colours, recalling the promise of God in Genesis 9:17: "This is the sign of the covenant that I have established between me and all flesh that is on earth." The interlocking relationship between creator and creation is symbolized by the cross which links the earth to the cosmos. God makes contact with humankind through the Word, Christ, and through the sacraments which are signified by the stream of blue water flowing from the cross (baptism), and by the stream of red blood also flowing from the cross (holy communion). This is placed on a field of 12 stars symbolizing holy Wisdom.

THE WLU SCHOOL SONG

Let the truth be told, as in days of old,
of the might and main
of the Purple and Gold.

We've come with dreams:
with hopes and fears,
and shared our laughter and our tears;
we've formed new friendships,
shaped ideas,
and set new goals for future years.

So sing with joy, as best you may—
this is the day of Laurier!

Let the truth be told, as in days of old,
of the might and main
of the Purple and Gold.

We've brought our age,
we've brought our youth;
our talents pledged to serve the truth.
In lab and lecture room we've known
the mind's expanses as our own.

In scholarship, in sport and play—
this is the day of Laurier!

Let the truth be told, as in days of old,
of the might and main
of the Purple and Gold.

We've earned the very best degree
(and wear our pride for all to see)
in Business, Music, Social Work,
in Arts and Science, Theology.

Our gratitude we here display—
this is the day of Laurier!

Let the truth be told, as in days of old,
of the might and main
of the Purple and Gold.

We're ready now to ply our skills
with steadfast hearts, and sturdy wills—
in clinic, classroom, concert hall,
to prove the claim: "Truth Conquers All."

So shout with pride, as best you may—
this is the day of Laurier!
