Right Honourable W.L.Mackenzie King
Ottawa, Canada.

My dear Mr. King:-

Congratulations. The people of Canada have again shown that they can distinguish between fact and fiction, between truth and deliberate untruth, between righteousness and unrighteousness.

Some of our opponents rendered splendid service to the liberal cause. I tremble to think of the possible consequences to Canada, to the Empire and to the prospects for future world peace if the result of this election had been otherwise.

Yours very sincerely,
