

Women's Monument

The Women's Monument is a national memorial initiated by a group of Vancouver women. It will act as a historical reminder of the devastating loss of life on December 6, 1989.

To be installed in Thornton Park, Vancouver, the monument "Market of Change" will consist of 14 benches of pink Quebec granite arranged in a 300 ft. circle. Each bench will bear the name of one of the women murdered at l'Ecole Polytechnique, with the names of thousands of donors inscribed in clay paving bricks in a wide circle around the benches.

If you would like to make a donation to the monument contact **The Women's Monument Project, Capilano College, 2055 Purcell Way, North Vancouver, B.C.**
