NEW SCIENCE CHURCH OPENED

The Christian Science new church—20th and Esquimalt—was opened last Sunday. There being two services, evening and morning. The building was filled to capacity on each occasion. In the evening, particularly, many of the congregation had to stand, every available seat being taken. This new edifice is generally recognized as being the most beautiful structure in West Vancouver and many expressions of delight were heard amongst those present last Sunday. Much comment was made upon the tasteful decorations in the building and upon the brightness and convenience of the auditorium, as well as upon the magnificent view location of the building. We congratulate the directors of the church upon the completion of this handsome building. "A thing of beauty is a joy for all."

Movie Company Purchase Land

It is expected that tomorrow morning the deal will be completed for the purchase from the municipality of the greater parts of D. L. 761 and 762 and the northerly portions of 763 and 805 by the National Cinema Studios at a cost of \$18,500. The tentative plans of the syndicate call for 80 acres being used for film studios and the remainder for development and residential purposes, which will be carried out under the town planning regulations. A golf course is also permitted. According to the agreement the lands must be used exclusively as an art colony and the production of moving pictures.

Improvements in hard-surfaced roads, installation of water and light systems, and the providing of fire protection are to be undertaken at the cost of the purchasers. No subdivision or resale of the property will be approved unless such improvements are completed and the covenanting agreement will be collateral to any title for a period of 40 years.

The organizers of the movie company who propose making West Vancouver their headquarters sent representatives to a meeting of the local board of trade last Friday, June 3rd, to give information of their proposals and explanations of "the ways and means." The three in attendance were Messrs. Lear, Drummond Hay and Mundy, each of whom spoke on different aspects, but all emphasizing "the British" phase of the pictures such a company would produce. They spoke of the value of such an industry to the district of West Vancouver, and extolled Mr. Chrysanter as a man of outstanding ability as a producer of motion pictures. Some few details as to the financial end of the promotion were given, but unfortunately this information was not more specific than that given by the salesman who had previously visited us. It was felt by the officers of the board of trade that information of a more specific nature should be obtained before the board could officially endorse the company and to this end a committee of four members of the council of the board was appointed at the invitation of the movie company's representatives to visit their headquarters and to make such investigations as they might desire to satisfy themselves of the bona fides of the promotion. Up to the time of writing—Friday morning—no arrangements have been made for this committee to function.

D. McTavish is building a house for W. M. Thompson at 20th and Esquimalt.

Tenders Asked For Grading

J. Pinder-Moss as architect, is calling for tenders for the grading and construction of a motor driveway in connection with the landscape garden development of O. A. Lundberg's property at 29th and Marine Drive. Specifications and plans can be obtained today at the architect's office where sealed tenders will be received not later than next Wednesday.

The work of grading Memorial Park will shortly be started. J. Pinder-Moss, the architect, is calling for sealed tenders to be delivered to his office at 16th and Marine Drive not later than 12 noon on Monday, June 13th, where specifications may be obtained on application. Advertisements relative to these appear in this issue.

COUNCIL TO SHOOT FOR CUP ON 16th JULY

The trap shooting competition between the three North Shore Councils for the Council Cup takes place on July 16th at the gun club. The North Vancouver District council, who are the present owners, seem confident of their ability to hold it, but our genial reeve thinks he knows which team will be the winners in the match this year.

CUP WON BY AGRICULTURAL ASSOCIATION ON DISPLAY HERE

The silver cup won by the West Vancouver Agricultural and Horticultural Association at the recent Tulip Show held in Vancouver is now on display in the window of the West Vancouver jeweler, after having been shown by Mr. McGowan at the Ambleside Tea Rooms. The engraving on the cup was attended to by Mr. Sagar. Any who see this will at once realize that it is not necessary to take such work out of the community. Mr. Sagar is recognised as one of the most efficient in his business in British Columbia; his forbears, by the way, having been watchmakers for generations.

Mr. George S. Hanes, consulting engineer for the District and West Vancouver councils, reported that repairs to the western approach of Keith road bridge over the Capilano River had been completed at a cost of \$3081. Fifty per cent of this amount will be paid by each council.

These Summer Days Demand the Best Meats

No use taking a chance on inferior qualities of Meats on hot days. It's poor economy to begin with. The Meat we sell is pure and wholesome, thoroughly inspected.
