UNITED CHURCH SUNDAY SCHOOL

West Vancouver

to Sunday School

To the Fathers and Mothers

To the Fathers and Mothers of West Vancouver:

There is a band of loyal teachers who meet every Sunday morning at our Sunday School for the purpose of training your young folk in Bible truths and for fitting them to fight the battles of sin and temptation which they now face and which will become stronger as they grow older. These teachers willingly sacrifice their time all through the year and endeavour all through the year and endeavour to cooperate with you that your boys and girls might grow up to be men and women of high character, which we know is your desire.

we know is your desire.

We feel sure you realise the importance of the Sunday School where Bible instruction is given especially when it is realised that no instruction along these lines is carried out in the day schools and when it seems more difficult every day for you yourselves to devote the time necessary for the devote the time necessary for the

BEST SELLING BOOK COMES TO TOWN AS MOVIE

Samuel Goldwyn, whose fondness for best selling novels as preferred subjects for big films dates back to his pioneer filmmaking days, has done it again. The maker of "Stella Dallas" wow presents "The Winning of Barbara Worth," a Henry King Production based on the Harold Bell Wright best selling novel which sold into two million copies. The film comes to the Hollyburn Theatre next week.

The producers of the film, which boasts of Vilma Banky in the Barbara Worth role and Ronald Colman as the Eastern engineer, Willard Holmes, estimate that ten million people have already read the novel. There were, first of all, the two million purchasers of the original Wright \$2 book. Then additional millions read the serialization of that novel in more than one hundred newspapers in the United States alone.

IRONING LORE

Woollens and tussore silk should be quite dry before being ironed. All other materials should be ironed while slightly damp.

Use a cool iron when pressing artificial silk, as a hot one will cause the material to shrink.

A number of sheets of newspaper spread flat and fixed at each corner with a few stitches make an excellent substitute for an ironing blanket. The paper will retain the heat of the iron longer than a blanket.

The clothes will iron much more easily if the starch is made with soapy instead of clear water. A few drops of paraffin added to the starch prevents the iron sticking and minimises the danger of scorching.

Silk should be ironed on the right side first to produce a gloss.

When ironing handkerchiefs begin at the centre of each, working towards the borders. If ironed in this manner there will be no danger of the handkerchiefs "ballooning."

Flat irons that have become rusty can be restored to their original brightness by soaking them for a day with hot powdered bathbrick and polish with a clean soft cloth.
