### "THE RED DESTROYER"

The above subject was the theme of an illustrated lecture in the Hollyburn Theatre on Monday afternoon, when the pupils of the Pauline Johnson and Hollyburn Schools were educated and entertained through the courtesy of the Canadian Forestry Association. From 1:30 to 2:30 the pupils of the five lower divisions attended, and from 2:30 to 3:30 those of the higher divisions were present.

Trustee Mrs. Robinson, chairman of the school management committee, presided, and introduced to the audience Major Clark of the B.C. Loggers' Association, Mr. Pearson, the Chief District Ranger, and Mr. T. H. Wilkinson, provincial manager for the B.C. Canadian Forestry Association.

Major Clark was the principal speaker and gave a very able address on "Safety First" with regard to fire prevention, and Mr. Wilkinson explained the pictures as they appeared on the screen. A very interesting and instructive afternoon was the result, and the proceedings closed with a hearty vote of thanks to Chairman Mrs. Robinson, the speakers and the Canadian Forestry Association.

A very pleasing incident occurred between the two exhibitions when Trustee Mrs. Robinson presented a gold medal to Joan Dorchester of Division 1 of Pauline Johnson School as the prize given by the Ancient and Honorable Order of the Blue Goose for an essay on fire prevention. Joan was the successful candidate in the North Shore district. The medal is of gold, the front side being embossed with the figure of a blue goose, and the reverse side is engraved as follows:

"Fire Prevention Contest  
"1st Prize  
"Joan Dorchester."

J. S. Flanagan, who with Mrs. Flanagan and family occupied one of the Leyland houses at 28th and Waterfront last summer, has taken a house on the Waterfront between 23rd and 24th Streets.
