Correspondence

Editor West Van News,

Dear Sir,—Re P. G. E. Now that all the excitement over this has calmed a little, might I say a few words on the subject.

Suppose the P.G.E. was finished, linked up to Squamish end, would it benefit our Municipality in any way, I doubt it very much.

We would have the privilege of seeing car loads of lumber, cord wood, and after many years perhaps wheat, passing through our municipality and not even stopping at North Vancouver.

We are trying to make this district a residential area, and our most valuable asset is our waterfront. You all know how it is spoiled, and an eyesore to everyone, by having the railway along the said waterfront. Now I would like to impress on the public, the advantage of taking this opportunity to get rid of the P.G.E. altogether, tear up the rails and ties. "I would gladly give a hand," and make and auto road with boulevards on each side, and extending from North Vancouver along to 31st Street, and then continue the road only to Whytecliff.

We have had schemes for town planning, zoning, etc., and this is the best chance we have to begin to do something.

I repeat our waterfront is our greatest asset.

All our park sites, practically, are along the waterfront, and cut up by the railway running through them.

We voted and passed a by-law for a park and bathing beach at Ambleside. If we could include a boulevard with no inconvenience or danger from trains, future generations would call us blessed for providing such, and now is the time. Visualise to yourself a promenade extending from Capilano to 31st Street; a nice auto road with trees, shrubs and green grass along each side, instead of the desolation and unsightliness we have at present.

The directors of the P.G.E. claim to be losing \$60,000 a year on this road. Let them give 4 years' losses to the people for taking the road off their hands, then we would have something to show of beauty, utility and profit to our people for all time.

Yours sincerely,
J. NYLAND,
Altamont.

PERSONALS

Percy Andrews, 1766 Fulton, was back in West Vancouver at the beginning of the week from Gambier Island, where he has a pole contract.

Mrs. Tyler, who has been occupying one of the Burley cottages has moved to the Dauphinee house at 2878 Bellevue.

Arthur Toms of Vancouver, is a guest at the Fortune Cup Inn.

Mrs. R. A. Waugh, 11th and Marine Drive, who recently underwent an operation at the North Vancouver General Hospital, has returned to her home and is now able to be about again.

The death is announced of Mrs. Madeline Porter Horn, B.A., wife of J. W. P. Horn, of Saskatchewan, and sister of J. Porter, of Duchess Road, Hollyburn. She had been ill only a few days, and passed away unexpectedly on Tuesday night at the Vancouver General Hospital.

Mickey Abbott, H. Normand, G. Stock and Roy Borthwick, and George Archer left on Saturday for a hunting trip to Long Bay, Gambier Island, going by motor boat from Fisherman's Cove. They returned at Monday noon with four deer, having had a most successful trip. The Hobb Transfer Co. took the party to and from Fisherman's Cove.

The Association of Canadian Clubs has presented to the high school and the Pauline Johnson and Hollyburn schools a number of framed pictures of the Canadian coat of arms. When the full number has been received, there will be one picture for every room in the three schools.

S. Herrin of Anyox, who was passing through here on his way to Victoria, was recently the guest of his brother, W. Herrin of the municipal hall staff.

Mrs. Foster, 26th and Bellevue, has moved to Vancouver for the winter.

The undergrowth at the eastern end of Memorial Park has now been cleared and most of the old logs lying on the ground have been cut up and burnt. A path follows the westerly bank of the stream to the northerly limit of the park, where a wooden bridge has been built over the water to connect with 19th Street.

The float at Dundarave Pier has been towed to Eagle Harbour, where it will be safe from the winter storms. It will be brought back to Dundarave Pier next spring as soon as the season opens.

Irene Young, 14th and Kings, who recently dislocated her knee while playing basketball, is now able to be about again.

West Vancouver had a very noisy Hallowe'en this year, but the vandalism which has characterized the evening in the past was conspicuous by its absence. The crashes of exploding fireworks were heard all over the district from 7 o'clock up to midnight, and the streets were filled with happy groups of children, most of them masked, who evidently were thoroughly enjoying themselves. A few steps on Marine Drive were overturned, and a number of signs were taken away and found final resting places in streams and up telephone poles, but with these exceptions the municipality presented its usual appearance next morning.

More hikers went up Hollyburn Ridge over the week end than at any time since last spring. A number have taken their snowshoes and skis up with them and are leaving them up there so as to be ready when snow flies on the plateau.

Mrs. W. D. Hopcroft, has moved from her summer home at Caulfeild to Vancouver, where she will spend the winter.

A new trail has been made on Hollyburn Ridge from a point a little below Pollough Pogue's cabin to the ski camp. The new trail is not so muddy as the old one, and is now used by most of the hikers going up the ridge.

H. F. Botterill, 26th and Palmerston, has moved for the winter into the Foster house at 26th and Bellevue.

Captain Edwards, manager of the municipal transportation system, returned on Sunday evening from a few days' holiday in Victoria.

A motor cycle belonging to C. E. Garrett of Cypress Park, got on fire late on Sunday afternoon. Mr. Garrett turned in an alarm and then succeeded in putting out the flames in a few minutes by burying the machine with earth. The fire brigade turned out, but found on arrival that their services were not required.

Mrs. E. A. Rathje has returned from the North Vancouver General Hospital to her home at 13th and Gordon, bringing with her her new little daughter.

Mrs. I. Wells Crawford with her children has returned to her home at 15th and Haywood from an extended visit to her old home in New Brunswick.

Mr. and Mrs. J. L. Walker and family, have moved into the Cooke house at 23rd and Marine Drive.

The construction of the exterior of the new B. C. Electric substation at 18th and Waterfront is practically completed. The walls and roof have been built and it only remains to put in the windows and doors. The walls are of a light brown brick backed by tile, and, when finished, the building will have a solid and pleasing appearance.

Miss Dodd made a charming young hostess when she entertained twenty-two of her friends at a supper and dance on Thursday, November 1st, at her home, "Parkview," 22nd and Queen's Avenue.

Dancing was enjoyed from 8.30 p.m. until 11.30 p.m. at which hour a three-course supper was partaken of, the young hostess being assisted by her mother.

The supper table was centered with a hand-point lace de'plume and decorated with true Hallowe'en shades.

Following supper, singing and dancing was enjoyed.

Among the invited guests were:

Stephen, Miss Ada Albin, Miss Florence Dodd, Miss Grace Tite, and Miss Buddy Barker of Vancouver, Robert Bell, Alan Frost, Harold Appleton, Jack Lewis, Alfred Lewis, Stanley Creelman, Arthur Ridley, Harry Collins of Vancouver, and many others.

A five-piece orchestra was in attendance throughout the evening.
