Aylmer Chicken, per tin	37c		

### Cup Cake

One-fourth cup shortening, 1 cup sugar, 1 cup milk, 1 egg, well beaten, 2 cups flour, 1/4 teaspoon salt, 1 teaspoon vanilla, 2 teaspoons baking powder. Sift together sugar, flour, baking powder and salt; add melted shortening, mixed together. Combine the dry and liquid ingredients. Mix well. Bake in moderate oven in muffin tins 20 minutes. Cover with jelly meringue.

### Royal Corn Muffins

Sift together one pint each of corn meal and flour, a tablespoon of sugar a teaspoon of salt, and three teaspoons of baking powder. Beat in two eggs and a pint of milk, mix smooth, and pour into cold buttered muffin pans, filling them three quarters full. Bake fifteen minutes in a hot oven. A half cup of chopped berries may be added, in season, to these muffins, or chopped dates, raisins, or stewed prunes, in winter, added are very appetizing.

Team work probably had its origin in the primeval household. Man was concerned principally with thoughts of getting enough to eat. He had other troubles of course, but he never knew, when he started out in the morning, whether he would come home with the bark on, shredded or come home at all.

When he made a kill, however, he had the co-operation of the whole family. Co-operation expanded. Tribes became communities; communities developed into nations. How? Team-work and co-operation of a constant and efficient type. Let us all pull together.

A portable electric flashing light, supplied with current by storage batteries, has been invented to replace oil lanterns as danger signals in streets, and where construction is under way.

### The Proper Way

"How can I keep from being a wallflower at a dance?"

"You should take steps to prevent it."

To make coal last longer, dissolve a handful of washing soda in a gallon of water and throw the liquid over the coal when you get in a fresh supply.

# Public Opinion

Nowadays is bitterly hostile to any form of foolishness which endangers life and property. The Reckless Driver, the Man Who Rocks the Boat, the Man Who Didn't Know it was Loaded, are Gradually Disappearing under pressure of public opinion. The Man Who is Careless with Fire is the greatest menace of them all. Let public opinion focus upon him.
