### ANNIVERSARY DANCE

A dinner and dance will be held celebrating 25 years of letter carrier delivery in Whitby on Nov. 3 at 5:30 p.m. at the Legion Hall, 117 Byron St. S., Whitby.

Tickets are \$15 a couple and available from any letter carrier or at the Whitby Post Office.

meeting of Whitby Town Council, Drumm noted that the recent opening of the new Canadian Tire Store will produce numerous traffic flow problems in the area.

"It's absolute chaos at that corner," Drumm told council, "We're going to have problems coming out of our eyeballs."

The councillor also noted that Glenn Hill Dr. will be extended south of Dundas St., causing even more problems.

And the last thing that should be done is extending Crawford St.

Drumm reminded

council that under an Ontario Municipal Board approved agreement Crawford St. cannot be extended to ease traffic problems.

Last week, there was often a Durham Regional Police Force officer at the corner to direct traffic.

Only the provincial government can issue a warrant authorizing the installation of new traffic signals. Drumm said that if provincial approval can be gained, then the town should pay cost of the signal if needed.

Tonight is the night when witches bewitch and hob-goblins gobble and tomorrow, I suppose, we mortals will have the task of cleaning up all the soaped windows and toilet paper streamers they left behind. I applaud the trend of late to more creative costuming and masquerade parties in lieu of malicious destruction.

However, I sometimes get a little nostalgic for the old days when the gremlins showed real ingenuity. It took a lot of expertise and team work to dismantle a farm wagon and reassemble it on top of a three storey barn and in most cases even the victims indulged in a chuckle or two before beginning the task of reclaiming their property.

Of course, I realize that such tricks are no longer practicable since in modern terms they would translate into a station wagon on top of a three storey apartment building.

Somehow, I'm sure, it would lose a lot in more ways than one during the transition, though with modern technology we really can't be sure what today's little demons could accomplish. I intend to "treat" them well just in case.

Much has been made in the news recently of the fact that at long last a Canadian was sent rocketing into space. ### SWEATERS

This winter sweaters are a very popular clothing item. The luxurious angora, mohair, cashmere and wool sweaters are not only warm and soft but also colorful.

To keep your luxurious sweaters beautiful, K & M Cleaners and the International Fabricare Institute, the worldwide trade association for laundress and drycleaners, suggest you take them to professional dryclean-

ers for handling. They know how to safely clean your sweaters.

Sweaters should be drycleaned instead of washed to prevent shrinkage, color loss, and loss of softness. Drycleaners will also re-block your sweater after cleaning.

Re-blocking is the process of restoring your sweater to its original shape and size.

You can trust your professional drycleaner because he knows how to care for your luxurious sweaters. Your sweaters will look more beautiful and colorful for a long time.
