Whitby boasts award-winning youth strategy

WHITBY -- The Town of Whitby is once again being lauded for its unique vision and ongoing support for youth initiatives.

The municipality was recently awarded the APEX 2014 Award of Excellence in the one-of-a-kind government publications category for its 2013-2018 Recreation and Leisure Services Youth Strategy.

The APEX Awards for Publication Excellence is an annual international competition that recognizes outstanding communications.

Last year, the Town of Whitby approved a youth strategy that will guide recreation and leisure services for youth until 2018. The strategy focuses on six key areas: communication, youth council development, youth program and event enhancements, positive youth development and training, community development, and facilities.
