

TWILLINGATE - ELGIN EXCHANGE

On Saturday, May 26, thirteen students from Rideau District High School travelled to Twillingate, Newfoundland for a student exchange. The students and two teachers stayed for ten days and all had an enjoyable experience.

The group took part in a variety of activities which included: touring a lighthouse; visiting the local museum and fish plant; going trout fishing; touring pulp & paper mill, and going on a fishing boat.

While in Newfoundland, the students had the opportunity to sample a unique way of life in a small outport community. They had a chance to eat a variety of foods such as seal, moose, cod's tongues, lobsters, fish and brews. The group was also impressed by the hospitality everyone showed them.

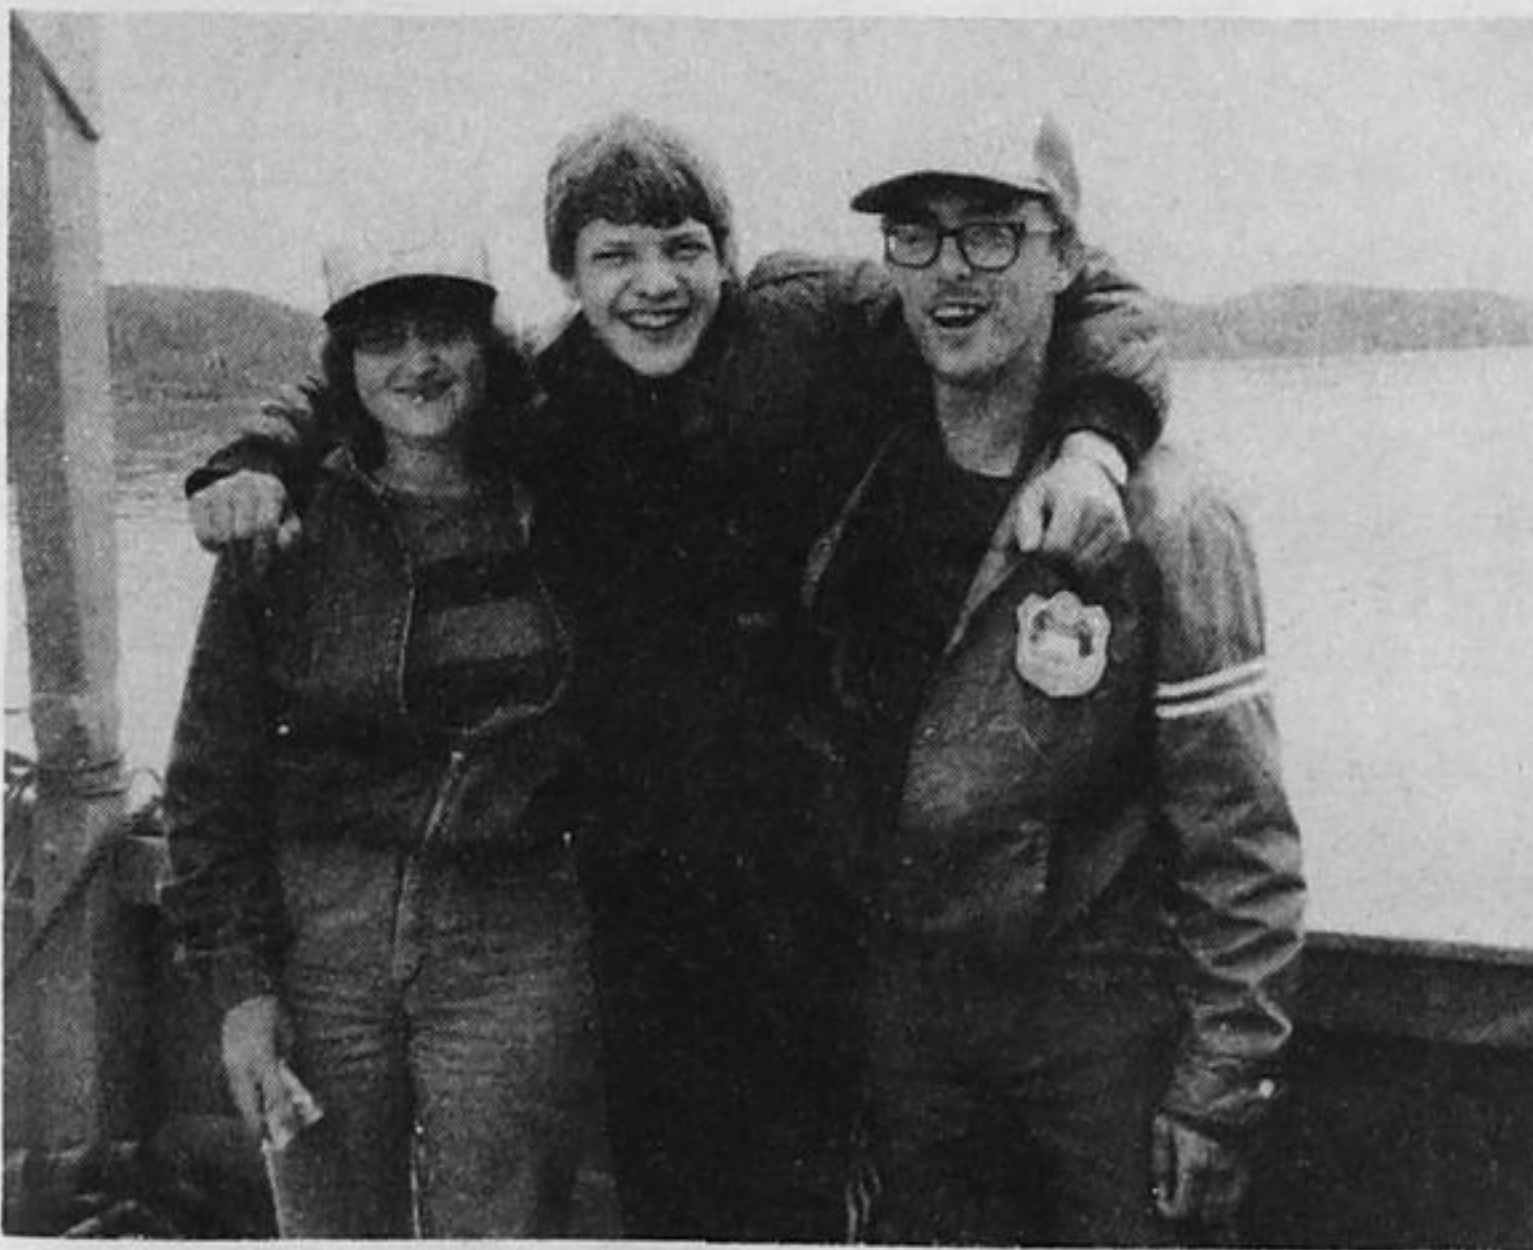

The exchange trip was funded by the Secretariat of State through the Open House Canada Program.
