PUBLIC NOTICE

Notice of Proposed Change in Schedules E-2, E-2-M and E-2-0.

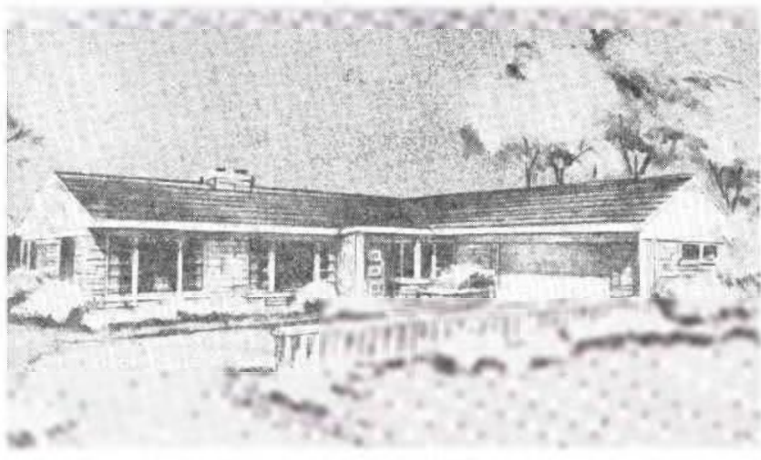

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS hereby gives notice to the public that it has filed with the Illinois Commerce Commission on September 15, 1947, the following proposed revision in its electric rate schedules.

- 1 The filing of new Rate 12, Industrial Electric Service — Annual Demand, which will be attractive to some large industrial customers having a fairly constant monthly demand.
2. The revision of Rider 8, Allowance for Customer-Owned Transformers, and Rider 9, High-Tension Metering, to extend their applicability to Rate 12.
3. The revision of industrial Rates 11, 13, 77 and 81, principally to incorporate a more liberal term of contract and new provisions for adjustment of demand.
4. The revision of Rate 79, Large Power and Light Service—Annual Demand (the annual demand portion of former Rate 41), principally to limit its availability to customers now served thereunder.
5. The revision of Rate 82, Ice Making Service, and Rider 19, Air Conditioning Electric Service, to limit their availability to present customers served thereunder.
6. The revision of Rate 105, Municipal Pumping and Street Lighting Service, to include a new adjustment of demand provision.
7. The filing of Rider 22, Adjustment of Demands, to make the adjustment of demand provisions of the above named industrial rates available to governmental electric service customers.

A copy of the proposed change in the schedules may be inspected by any interested party at any business office of this Company.

All parties interested in this matter may obtain information with respect thereto either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

PUBLIC SERVICE COMPANY of Northern Illinois

Vice President

PINE TREE VILLAGE, containing 38 ranch-type homes, similar to that shown above, is now under construction, one block north of Tower road on Grove street in Hubbard Woods. Work has already begun on five of the homes. The contractor is Irvin A. Blietz who built the Connecticut village in Wilmette and the New England village in Skokie.

The homes are to be contemporary modern American architecture and they will contain three and four bedrooms and two tile baths. A few will have three baths. Exterior construction will be of stone, brick, and frame and combinations of these materials. Room arrangements are such that the living room and dining room can be combined and used as an entertaining area measuring 14 by 32 feet.

Large Utility Room

In these homes a large utility room replaces the basement. This room adjoins the kitchen and is equipped with storage space for food, a "mud closet" for rainy day clothes, automatic clothes washer, dryer, and ironer. The kitchens are to be equipped with dish washers, deep freeze unit, and ventilating fan. The exterior walls of the kitchen and utility room are picture windows.

An extra amount of space (in addition to that required for automobile storage for two cars) will be provided for the storage of screens, trunks garden tools, and also space for a hobby work shop or photographic dark room.

Landscaping Control

The entire village will be landscaped with shrubs, evergreens, and large trees. Architectural and landscaping control will be maintained through the subdivision restrictions to guarantee a pleasant residential community.

The first homes will be ready for occupancy in four months. Prices range from \$30,000 to \$35,000. Financing will be by the Prudential Insurance Company of America, negotiated by Dovenmuehle, Inc.

Three Vernon Children Are Students in College

The three children of Mr. and Mrs. Samuel S. Vernon, 1020 Central avenue, Wilmette, are all returning to college this fall.

Miss Ginny Vernon, who left last week, will be a sophomore at Denison university, Granville, Ohio. Her brother, Keith, has returned to Illinois Wesleyan university at Bloomington, Ill. where he is a member of the junior class. Samuel S. Vernon, Jr., who is a professional musician and has been in San Diego for the past two years, will enter the San Diego State College Conservatory of Music.

The Vernons, who were formerly residents of Kenilworth, recently moved to Wilmette

Bringing Prices Down Radio Forum Subject

Can we bring prices down? That question will be discussed on the Northwestern University Reviewing Stand radio forum Sunday morning, September 21, at 10:30 o'clock over Station WGN.

Speakers for the program are announced as follows:

Thomas L. Owens, United States Representative from Illinois, Seventh Congressional district; Hubert H. Humphrey, mayor, Minneapolis, Minn.; Marshall Dimock, professor of political science, Northwestern university.

Robert Buchanan, director of the Reviewing Stand, Northwestern university, will serve as moderator.
