

Area LWV To Discuss Red China

The problems, policies and history of Red China will be discussed at a

Dr. Dernberger St.

The morning session will include a panel discussion by four League members on the subject, "China, Past and Present." Participants will be Mrs. William Sauer of Glenview, Mrs. C. D. Fiester of Lake Forest, and Mrs. Bernard S. Hattis and Mrs. Arnold Levy, both of Winnetka.

Slate Speaker

Following lunch, Dr. Robert Dernberger, professor of Far Eastern languages and civilizations at the University of Chicago, will speak on "Present Day China and its Role in World Affairs."

The public program is part of the area League's study of China and the United Nations. Interested persons may make reservations with League members in their community through Wednesday.

Teaches Course

A widely known author and traveler, Dr. Dernberger is now teaching a course dealing with the economic development of modern China. His knowledge of the Mandarin language enabled him to travel throughout China and talk with leaders and peasants while on duty a few years ago with the army in Japan and Korea.

He also recently testified before the House of Representatives Foreign Affairs Committee on China's current role in Asian and world politics.

Participating Leagues are Deerfield, Evanston, Glenview, Highland Park, Lake Bluff, Lake Forest, Morton Grove, Northbrook, Skokie, Wilmette, and Winnetka.
