

Preschoolers Get Vision Tests

The Evanston-North Shore Health Department is conducting free vision tests for preschool youngsters in co-operation with the Illinois Society for the Prevention of Blindness.

Certified, trained technicians from the staff of the state organization do the actual testing, and refer youngsters who need help to their own ophthalmologist or op-

tometrist for further testing or treatment.

The next testing session will be held from 9 a.m. to noon Monday in the health department, 1806 Maple Av., Evanston. Further information is available at the department.

The program is designed for preschoolers aged 3½ to 5.

ILLINOIS

1st in TYPOGRAPHY and MAKEUP*

in the 1966

Illinois Newspaper Contest

the judges said

"This paper is really a honey in make-up and general design."

"It conforms with not just some of the rules of good typography, but with all of them."

"Its use of pictures is nothing short of superb—well-chosen, perfectly placed, and, of course offset does its usual brilliant job."

"Its advertising department has been able to coax or blackmail its customers into using some strikingly beautiful layouts."
