Monticello

Inverness

If Thomas Jefferson moved to Chicago, he'd buy a homesite in Inverness

Thomas Jefferson would feel right at home here. He'd be irresistibly drawn to the rolling Inverness countryside so reminiscent of his own Virginia estate. He'd be pleased with the superb architectural details of gracious Inverness homes that faithfully reflect the classic traditional design he created for his own Monticello. And as a gentleman who knew how to enjoy his leisure, he'd delight in the private stables and miles of tree-shaded bridle paths, the private 18-hole golf course and swimming pool, and the community house with a 5-acre playfield. If you'd like to get away from "postage stamp" lots, uninspired, mass-produced homes and jammed recreational facilities, drive out to magnificent Inverness. All homesites are an acre or more and start at \$10,000. Our historic 4-Silo Office is open daily on Baldwin Road just west of Northwest Highway (Rte. 14) between Palatine and Barrington. Convenient to Northwest Tollway (north from Rte. 53 exit).

A few prestige homes are available due to transfers
