Helen Tells of Trip Through Battle Fields

As we left the outskirts of Paris, we saw many holes which bombs had made. We also saw many bomb proof shelters and barbed wire fences. We rode on and on. In the forenoon we saw a tank in the middle of a field. Later we approached a fort which was in fair condition so that foreigners were allowed to enter. The car stopped and we got out to observe the surroundings. We walked up a path to a large tunnel and walked through it and an adjoining tunnel also. We walked to a large cannon. There we could see stumps of trees and holes also we saw tangled barb wire fences. We walked to the car, got in and rode on until we saw a large tank we observed it and rode on.—Helen Peterson, Central school, fifth grade

Bill Sees Many Towns in Tour of Michigan

Saturday, August 25, we started away from Battle Creek, Mich. The first town from there we went to Grand Rapids. The first night we stayed at Whitehall, Mich., at a hotel on White Lake. In the morning we left for Mackinaw City, Mich. We ate lunch in Traverse City. We got to Mackinaw City about dusk. We went to a state ferry and went to the Ignace and then came over to Mackinaw Island. The next day we left for Saint Marie. We saw the locks and the big freighters over 600 ft. long that go through the locks.—Bill Hart, Central

WITNESS ACCIDENT

Wednesday, September 18, as Jimmie Chambers was coming home from school, as he crossed Oakwood avenue, a car tipped over. Luckily, the lady driving was not hurt. Jimmie and his friend were asked to report all they saw to the police.—Nell Chambers, Fifth Grade, Central

6B, Village Green; Howard-5 vs. Central-5C, Village Green.

Tuesday, October 2—Central-6A vs. Howard-6A, Washington park; Central-5B vs. Central-5C, Washington park; St. Joseph-5 vs. Logan-5, Village Green; St. Francis-6 vs. St. Francis-6, Village Green.

All games are called at 3:30 o'clock. The first two teams ready to play will play first.

Hope for Success of "True Citizens' Club"

Miss McPartlin's fifth grade have organized a club which is called, "The True Citizen's Club."

Our first club meeting was on Wednesday, September 19. Our president is Robert Strube; vice-president, Gervase Barnhill; secretary, Helen Condit; and the treasurer, Billy Hart.

We have not decided on our dues yet but they are not going to be more than ten cents a week. We hope our club is a success.—Janice Guthridge, Central

Select New Officers for Citizens' League

We have organized our Civics' club for this year. The name of it is Good Citizen's league.

The officers are the following: President, Helen Peterson; vice-president, Roger Williams; secretary, Hall Clark; treasurer, Betty Jackson; executive chairman, Mary Oglesbee.

We enjoy our club very much and hope it will be a success.—Mary Oglesbee, Central school, Fifth Grade

"True Civic Citizens" Hold Initial Meeting

We have a club in Miss McPartlin's room. The name of it is "True Civic Citizens." Our president is Robert Strube and our vice-president is Gervase Barnhill and I am on the social committee. Our motto is "Self Control." Our slogan, "Respect our Flag." We had our first meeting Wednesday, September 19.—Mary Lou Peterson, Central School.

GRID SEASON OPENS

Football season is about to start in the grammar school now as Mr. Stone says, and I believe that all the boys are interested. The schedule is about ready so we will get started soon. This year our class has as good a chance for the pennant or shield as any room, for we have twenty boys to pick from, all of whom are good players except a few.—Philip H. Osborn, 8A.

LAUNCH NEW CLUB

Miss McPartlin's fifth grade room has a club. The name of it is "True Civic Citizens." We had our first meeting Wednesday, September 19. We have voted for president, vice-president, secretary, and treasurer. The president is Robert Strube; vice-president, Gervase Barnhill; secretary, Helen Condit, and treasurer, Billy Hart.—Jean Shephard, Central

LIKES BOAT TRIP

I went on a trip to Wisconsin on the boat August 11. My mother, my two sisters and a friend went with me. When we arrived it was about 11 o'clock in the morning. We were there for two weeks. My father came up a week later. We had a very nice time. We motored back.—Patty Wiley, fifth grade, Central

SEE DEER AT CAMP

This summer I went to Wisconsin with my father, sister and a girl friend. On the way we stopped for the night. And when we got there we saw two deer. I was in swimming most of the time. We went to town which is fourteen miles from Kamp Kakei where we camped.—Marliss Smith, Central School.

Look Out, Esther, You May Yet Have Hard Work to Do!

Eighth grade is just like a kindergarten now compared with last year.

We have not gotten far enough into Mathematics to think that it is hard. Miss Wyman has been very nice not to give us very much home work. None of the teachers give us more than an hour and a half together.

In Social Science we are studying about the early explorers. Anything about Indians, early explorers and the starting of the new world ought to be interesting to anybody.

Sir Humphrey Gilbert was the first Englishman to come to the New World to plant a colony. His colony did not survive and then his brother Sir Walter Raleigh started a colony on Roanoke Island. His people suffered of starvation. Sir Raleigh said he had to go back to England. He told his colony to put some word on a tree if there was any trouble. When Sir Raleigh came back his colony was gone. He found the word on the tree. Nothing has been heard of his companions, but a few white women were with an Indian tribe and the others were probably killed.—Esther McKeighan, 8B Stolp

Janet Reports Collision of Cars on Lake Avenue

There was an accident on Lake avenue Friday, September 21, a car ran into another car. One of the cars went up on the sidewalk. It had a flat tire and the fender was wrecked. The other car had the wheel off and the roof was coming off. The man who was driving was tossed out the window and he landed in a lot of glass and cut his head.—Janet Minor, Fifth Grade, Central.

CAN'T SCORE—GOOD GAME

September 18, 6C played St. Joseph. The teams were both good. The score was nothing to nothing. As I judge, I thought it was a very good game. Our team had ten fellows at the beginning but one more came and so that made eleven. We started and played to the finish.—David Cressy, 6C, Central

FURNISH NEW ROOM

The pupils of our room are planning on furnishing the small room just off our room. We already have a rug, which Charlotte Anderson gave to us. We need several more things. We plan to use the room for reading, special help and for projects.—Jane Innes, Central School

DON'T THROW STONES!

Wednesday, September 19, we were notified about some boys who were guilty of throwing stones on the Central and Stolp school grounds. One boy had his eye hurt with a stone, so it would be nice to tell the children not to throw stones.—Marvin Nauman, Central School.

START FIFTH GRADE WORK

When we started school this September we had fourth grade work for a week, but we are starting fifth grade work now. The girls are taking sewing and the boys manual training. In the middle of the year the girls are going to take cooking, too.—Margaret Speer, Fifth Grade, Central.
