Young Fairbanks Is Star of Teatro del Lago Film Saturday

Alternating between the stage and the screen quite in the manner of his famous parent, Douglas Fairbanks, Jr., featured with Jobyna Ralston in "The Toilers," came on the set fresh from successful appearances as the star of "Young Woodley" and Saturday's Children, in the Los Angeles productions of those Broadway successes. "The Toilers" will be shown at the Teatro del Lago this Saturday, September 29. In this picture young Fairbanks has the part of Steve, the young miner whose chance rescue of a little waif begins their beautiful love story among the drab surroundings and tense drama of a coal mining village.

This Sunday at the Teatro del Lago will have the aspect of circus day and the Fourth of July all in one, for "Tillie's Punctured Romance," the tale of a circus and a country girl and a war, all of which are rolled up and shaken up and mixed up with surprising and somewhat stupendous results, will be shown there on that day. W. C. Fields, celebrated stage star, Chester Conklin, and Louise Fazenda are members of the cast.

Marion Davies Stars

With "Tillie the Toiler" and "The Patsy" still fresh in the public mind, Marion Davies tightens her grip on the title of leading comedienne of the screen with her performance as Sally in "The Cardboard Lover," coming to the Teatro del Lago next Monday for two days. The Cosmopolitan star is funny and appealing in her latest role. The story of the new film is simple, but it provides a suitable framework for a succession of original gags, dramatic situations, and hilarious moments.

Harry Langdon and Doris Dawson are co-starred in "Heart Trouble," to be shown at the Teatro del Lago next Wednesday. It is the story of a would-be fighter who never got across the ocean. Madge Hunt, Nelson McDowell, Mark Hamilton, Joseph Gerard, and others are in the cast.

"The Michigan Kid," film version of Rex Beach's romantic, exciting novel of Alaska in gold rush days, will be the Teatro del Lago attraction for next Thursday and Friday. It is a thrilling story set in the colorful times of gambling houses, dance halls, and rough men when the gold fever gripped the country. Conrad Nagel enacts the role of a famed gambler and Renee Adoree of a girl from the States.

WRAY, COOPER CO-STARS

Fay Wray and Gary Cooper, recently seen in Chicago theaters in "Legion of the Condemned" and "The First Kiss," will be co-starred in a western picture, tentatively called "Rodeo Romance." It is a "talkie."

NORTHWESTERN WEEK

Norshore to Have Special Show for Its University Patrons; Richard Barthelmess on Screen

Next week will be Northwestern week at the Norshore and the management of that theater is arranging a special show for its university patrons from Evanston. Al Kvale, the campus clown, will preside over the Jazz Collegians in a gala stage production entitled "Hello Northwestern."

The Ritz brothers, called the world's funniest collegians, will be there to entertain the college folk. As a special feature for the week the Norshore management has engaged the Wisner sisters, Northwestern coed songsters. Northwestern week begins this Saturday, September 29, to end the following Friday night, which is the regular college night at the Norshore.

The screen offering for the week is "Out of the Ruins," with Richard Barthelmess in the leading role. Barthelmess again plays in a story of the war, but one entirely different from "The Patent Leather Kid." He is a French soldier this time, a dashing lieutenant of the "Blue Devils." Before the story is through he has deserted, but it is love, not cowardice, which prompts his act.

Opposite the star is Marion Nixon as a young French girl, Yvonne—and a lovely heroine too. This is one of her good performances and it is in a difficult role that demands much emotional playing.

Sir Philip Gibbs is the author of the story from which the picture was made. While it is a tale of war-time France, the battle scenes are less important than the love episodes.

Granada Theater Usher Speaks Five Languages

George Johnson, captain of ushers at the Granada theater, can be polite in five languages. This was discovered when he learned about Northwestern nights every Friday, and told the manager how much it pleased him because he is a senior student in Liberal Arts at Northwestern university, working his way through school.

Johnson will accompany the Granada cameraman on a weekly tour of Evanston campus to take motion pictures of the fraternity and sorority members, the football team in practice, and current student celebrations. The pictures will be shown on the screen every Friday night.

At the dances in the Granada lobby, after the show on Northwestern nights, Johnson will be much in evidence welcoming the university crowds. He will be free to carry requests for dance numbers to Charles Kaley, who, with the dance unit of his stage orchestra, will furnish the music.

Newsreel pictures for the first Northwestern night this Friday, September 28, will include the Pi Beta Phi sorority and the Delta Upsilon fraternity, football team, and the annual "Joint Frolic" of freshmen men and women in Patten gymnasium, on Wednesday, September 26. President Walter Dill Scott, Coach Hanley, and Football Captain Walter Holmer will be introduced at this gathering.

"The Slice of Life" is the title of a domestic drama in which Conrad Nagel and June Marlowe are to be co-featured.
