

Invite Inspection of Shawnee Club

Rush Work to Complete by Holiday Season

Sunday, September 30, has been set aside by the Shawnee Country club as Inspection day. On this day members will be given full opportunity for a complete inspection of the new building under construction. The public has been invited to avail itself of this opportunity to see what is being done. The building will be completed for the Holiday period this year.

Considerable progress has been made in the plans and construction of the new club. There will be facilities to serve every member of the family. These include dining room, swimming pool with indoor beach and wading pool, ball room, handball courts, bowling alleys, tennis courts, library and athletic equipment; in addition every appointment necessary for their social activities. The new clubhouse will be finished and open during the holidays of this year and the officers are making arrangements to have the first big affair at New Year's. They are desirous of acquainting the residents of the North Shore with all the details pertaining to our beautiful new building, and would appreciate it very much if this could be accomplished through your publications.

Shawnee Country club is completely financed, so that it will not be necessary to make any assessment against members for the completion of the new building, it is pointed out.

Rotarians Contribute to Hurricane Relief Coffers

The Wilmette Rotary club at its luncheon Wednesday of this week voted a contribution of \$100 to the Red Cross fund for relief in the Florida-West Indies hurricane area.

This week's Rotary meeting was held in the club house of the Techny Fields Golf club on Willow road west of Waukegan road. Members of the Evanston, Winnetka, and Highland

Park Rotary clubs were guests. Golfing and horseshoes comprised the entertainment program following the luncheon. J. R. Harper captured first honors in the horseshoe contest. Winners in the golf tournament were to be announced next week when prize awards are to be made.

Mrs. C. Colton Daughaday, 180 Chestnut street, Winnetka, expects to leave October 7, for Washington, D. C., where she will attend the Episcopal convention.

THE PUBLIC IS CORDIALLY INVITED TO ATTEND THE CHURCH SERVICES AND VISIT THE READING ROOM

OIL HEAT needs no hokum

YOU'D be surprised to know how many think an automatic oil burner ought to cut heating bills in half, go along for year after year without any attention, mow the lawn, mind the baby, etc., etc., etc. Expecting impossibilities, they deprive themselves of the good honest comfort real oil heat can give. Thousands and thousands of homes have had this modern comfort for five, eight, ten years. A good automatic oil burner—KLEEN-HEET or any other good one—requires a little attention

now and then. It will not cut heating bills in half; neither will it increase them. But it will give more comfort per dollar spent. That's the whole story: more comfort per dollar; the modern thing for modern people to have. You won't go wrong with any good oil burner—and there are some others besides KLEEN-HEET. Lots of home-owners think KLEEN-HEET is best of them all. You may, too. The important thing is to find out what good oil heat can mean to your family.

A MODERN DEVELOPMENT HAS REMOVED THE PRICE OBSTACLE FOR HOME OWNERS

Kleen-Heet
NO LABOR · NO COAL · NO ASHES

\$285

—chosen by more home owners than all others combined!

Tanks Extra
