SUMMER FASHIONS

Feminine Apparel for Summer Days

The newest frocks of lovely silks are gaiety itself, with their tiny, colorful designs or their immaculate white. Hats are wee and piquant or picturesquely wide of brim. In wraps the knitted coat of wool with rayon horizontal woven bands is summer-smart. Rosenberg's now is a treasure-house of fashion-newness.

Lace in cream, ecru or flower tints composes some of the loveliest dance frocks and lavishly trims others of chiffon or crepe de chine.

A smock will protect your dainty frock. One of lustrous rayon is considered a smart addition to a hostess' tea-hour costume.

A matching set of handbag, gloves and hose—or just hose and gloves—will give the final touch of distinction to your summer costumes.

Adorable Summer Frocks of Flattering Grace, \$14.95
