Heinsen and Kroll Exclusive North Shore Agents for Nippersink Lodge and Lake Wheeler Property

Heinsen and Kroll, Inc., well known north shore real estate brokers, have been appointed exclusive north shore agents for what are regarded as among Wisconsin's most beautiful resorts, Nippersink Lodge, on Lake Tombeau, and Lake Wheeler.

Nippersink Lodge is located about fifty miles from the north shore and possesses what has been termed one of the finest eighteen-hole golf courses in this section of the country. It also has a nine-hole auxiliary course and possesses a thoroughly modern hotel, it is said.

Excellent tennis courts and a fine bathing beach afford other means of sport.

The hotel, it is pointed out, is beautifully appointed and contains a cuisine suited to the most fastidious taste. Food products are taken for the most part right from the dairy and poultry farm nearby.

Only hotel guests and owners of cottages are permitted to fish in the waters of Tombeau lake.

Lake Wheeler is located about 165 miles from the north shore and all the property surrounding it, is owned by the Oconto Resort association. It is about one-half miles long and a mile wide. It is the plan of the owners to make of it the "Nippersink of the North." The lake contains two virgin wooded islands. Many cottages already adorn the lake and a modern hotel is planned. A golf course is in contemplation. Heinsen and Kroll have reserved fourteen choice water front lots on this lake for their north shore clientele. Riparian rights on both Lake Tombeau and Lake Wheeler are available at moderate cost, it is stated.
