

Another New Indian Hill Estates Home

This residence, designed for F. W. Bills of Bills Realty, Inc., by S. S. Beman, has eight rooms. It is of English motif. Work of construction is now under way. It is at Blackhawk road and Osage lane.

WILMETTE BIDS FOR POPULATION OF 50,000

(Continued from Page 52)

tor is completing the work. In one section there are three miles of main sewers going to a depth of from 20 to 40 feet. Work also has been started on the laterals. Sidewalks have been in for three years.

The matter of zoning the new territory is distant, but already it is stated that plans have been made for zoning along the railroad tracks on the western boundary, while all the rest is to be restricted as high class residential.

President Earl Orner says that the

same high standard is to be maintained in west Wilmette as has prevailed in old Wilmette. Also we are informed that improvements will be put in as rapidly as the demand necessitates, but a few words are added that no "speculative interest" demand will be recognized.

Before finishing this article it should be mentioned that in Wilmette there are now two golf courses, Westmoreland and Wilmette, and part of another, the Evanston Community. The Indian Hill Riding club and the Sangor Brown Sanitarium also are in Wilmette.

Wilmette has room—much room—to grow. It is possible it may grow to a 50,000 population, perhaps more.

HUBBARD WOODS
