### Seventh Graders in Play Entitled a "Book Review"

The Seventh grade classes gave a play called "Book Review" on May 8.

It is the story of a little boy that said he could not write a book review and went to sleep while his teacher was explaining the book characteristics to him. While he is asleep he dreams that he is being welcomed to bookland by three little girls, one welcomes him by reciting a poem and another two do a doll dance. His teacher reappears as a fairy god-mother and many books live for him such as "The Ruggles Family," "Oliver Twist," "Huckleberry Finn," "Rebecca of Sunnybrook Farm" and "Treasure Island."

Later biography books such as Abraham Lincoln and Betsy Ross appear. There were also the folks of history, the Pilgrim Fathers, the Minuet Dancers, girls who do the Virginia Reel and nurses and soldiers of the World war.

His dreams come to an end when the girls that welcomed him to bookland bid him a farewell. His teacher awakens him and he resolves to write a book review.

The play is supervised by Miss Madsen and Mrs. Groves.
