Open 6 a. m. to 7:45 p. m. including Sundays

Christian Science

"Sacrament" was the subject of the lesson-sermon in all Churches of Christ, Scientist, Sunday, July 8.

The golden text was from Psalms 116:12, 17, "What shall I render unto the Lord for all his benefits toward me? I will offer to thee the sacrifice of thanksgiving, and will call upon the name of the Lord."

Among the citations which comprised the lesson-sermon was the following from the Bible: "I beseech you therefore, brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service. And be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God" (Romans 12: 1, 2).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The Spiritual sense of truth must be gained before Truth can be understood. This sense is assimilated only as we are honest, unselfish, loving, and meek" (p. 272).

SUMMER SESSION DANCE

An informal dance for the Northwestern university summer session students will be given Saturday at 9 at the university gymnasium. Husk O'Hare's orchestra is to play.

Mr. and Mrs. William Ellis and family, of 823 Greenwood avenue, have gone to their summer home at Wau-paca, Wis., for the remainder of the season.

Appeal to Public to Help "Preserve" Forest Preserves

A general appeal comes from the Board of Forest Preserve commissioners to the public for co-operation in preserving of trees of Cook county.

"We have not the necessary facilities nor the necessary number of employees on account of inadequate funds to cope with the proposition," reads a statement issued by the board this week.

"To properly maintain 32,000 acres of land requires much more money and much greater facilities than we have at our disposal.

"Many thousands of people visit the Preserves each day, especially in the summer months. Sundays and holidays see vast crowds swarming into the Preserves.

"We appeal to these vast crowds of people who visit the Preserves and enjoy them to remember that after all these forests must be maintained and preserved for future generations.

"Destruction of any and all nature not only harms the present generation and all of the people of Cook county but it harms many generations yet to come.

"We therefore appeal to the people to help us to keep the Forest Preserves clean; we appeal to the people not to dump any debris or refuse material in the Forest Preserves; we appeal to the people not to destroy the trees, shrubs, grass, tables, benches, comfort stations, wells and the many other improvements in the Preserves.

"Please help us maintain and preserve the 32,000 acres of Forest Preserve land."

There are 27 legal reserve life insurance companies in Illinois.
