

Return With Evidence of Big Catch

FISHIN' appears to be good this season, if one may judge by this undisputable evidence furnished by Mr. and Mrs. Fred Richardson, Jr., of Winnetka, and their party which has just returned from an expedition to Balsam Lake, Wis., 400 miles north of Chicago. Above Mr. Richardson and R. N. Melin are proudly displaying a three-day catch of Northern Pike and Large Mouth Bass. At the left Mrs. Richardson exhibits the largest catch of the expedition, a 15-pound Northern Pike.

Included in the Richardson party were Mr. and Mrs. Richardson, Sr., Mr. and Mrs. Richardson, Jr., Mr. and Mrs. R. N. Melin, and Dr. and Mrs. Royce.

It is confidently expected that the above evidence will have the effect of virtually depopulating the north shore for several weeks this summer. Better hurry up, you anglers, the funny tribe awaits your pleasure!

University Life in England to Be Topic of Summer Lecturer

"University Life in England" will have a vivid portrayal in an illustrated lecture by Dr. William Montgomery McGovern, member of the Northwestern university faculty, Monday evening at 8 at Harris hall. This is one of the Northwestern university summer session series, which the public is invited to attend.

Dr. McGovern is widely traveled, having spent considerable time in the Orient, and is known for his ability as an entertaining and informative lecturer. He is a graduate of Oxford and will use his experiences of undergraduate days in his next Monday's lecture. He joined the Northwestern faculty last winter and is also teaching in the summer session.

To Visit Montgomery Ward's

Other events of the summer session during the next week include three conducted trips. One to Montgomery Ward's, one of the world's greatest mail-order houses, will be taken Friday afternoon, the party leaving the Davis street "L" station at 1:30 with Prof. Leon G. Kranz in charge. Saturday he will take a party to the stock yards and the General Manufacturing com-

pany. They will leave the Davis street "L" station at 8:15 a. m.

Sunday a trip will be conducted to the University of Chicago chapel under auspices of the Y. W. C. A. Announcement states that the party will leave the Davis street "L" station at 8:30 a. m. This Y. W. C. A. trip is one of a series of four to be taken, the others being on successive Sundays to Olivet Baptist (colored) church; Rabbi Mann's Jewish synagogue and the Greek Orthodox church.

Three Outdoor Concerts

Dr. Clyde L. Grose, director of the summer session, has arranged a series of three outdoor concerts to be given for the public in the university meadow. The first, Thursday evening, July 11, will be by the summer session band of 100 pieces which Prof. Glenn Bainum directs, and by the summer session chorus. Prof. John Beattie is in charge of the chorus which numbers over 100 voices.

Enrollment in the summer term is the largest in the history of the school, totaling between 2,400 and 2,500, Dr. Grose reports. The final count has not been made, but practically every school has shown a substantial increase, he states.

Minister From Latvia Lectures at N. U. Thursday

Dr. Alfred B. Bihlmanns, minister of foreign affairs in the Republic of Latvia and holder of several other important posts, will lecture Thursday afternoon, July 11, at 4:30 in Harris hall under auspices of the summer session of Northwestern university.

Dr. Bihlmanns will be in Chicago for only a short visit and Dr. Clyde L. Grose, summer session director, feels fortunate in having arranged for his lecture in Evanston. He is expected to speak about affairs in his country and Baltic relations.

At present Dr. Bihlmanns is minister plenipotentiary to this country. He is director of the press department of Latvia and a member of the faculty and special lecturer at the University of Riga.
