**Glencoe Parents of Grade School Pupils Inspect High School**

One hundred parents of children in the Glencoe Public schools visited New Trier High school last Monday. The trip was planned by the Glencoe Parent-Teacher association to acquaint the parents with the high school and the way it is operated before their children enroll there.

Meeting in the mess hall at New Trier at 10:30 o'clock Monday morning, the Glencoe parents were escorted through the entire plant by student guides. After enjoying a plate luncheon at 1:15 o'clock in the afternoon the group assembled in the school auditorium, where Supt. Frederick E. Clerk and various department heads spoke to the parents and answered questions.

Mr. Clerk commended the Glencoe P. T. A. for its foresight in arranging the visit to the high school for parents of public school children who will later be high school students, and stated that he hoped P. T. A. organizations in other north shore villages would plan similar visits to New Trier.
