

Wilmette Playground and Recreation Activities

Dancing Class to Launch New Term at Stolp Tonight

A new term of the dancing class for married couples will hold its opening meeting this evening at 8 o'clock at the Stolp gymnasium under the direction of the Playground and Recreation board.

The first class meeting of the new term is to take the place of the dancing party originally planned for this evening and announced in last week's WILMETTE LIFE. The party has been indefinitely postponed.

Jeannette Adland, of the Adland Dancing studios will continue to instruct the class. New steps, variations of the fox trot and waltz will be introduced this term, although there will be a preliminary review of the steps taught last term to enable beginners entering the class for the first time to make up the work already given.

No previous registration is necessary to enter the class since tickets for term membership will be sold at the door.

Women Cagers Forego Games for a Sleigh Ride

Instead of taking their exercise in the usual way, the members of the fourteen women's basketball teams in the Playground and Recreation board league have decided to substitute a sleigh-ride for the scheduled games next Monday evening.

All the teams' members will meet at the Stolp school at 7 o'clock with fifty cents in their pockets ready to climb aboard two huge sleighs chartered for the occasion. In addition to the fare which includes two hours' ride, each girl must bring her own money for refreshments, Miss Joe Skidmore, assistant in charge of women's activities, announces.

After the ride the party will adjourn to a local tea room for hot sandwiches and drinks.

The regular basketball games scheduled for that evening will be played Monday evening, January 27. Miss Helen Jans, official referee for the

girls' basketball games, will assist in chaperoning the sleigh-ride party.

Triple Auto Collision; One Passenger Injured

A triple automobile collision at Twelfth street and Lake avenue Monday evening about 6:20 o'clock resulted in injuries to a passenger in one of the cars and heavy damage to the machine in which he was riding. According to the police report, Forest Cole, 601 Main street, Wilmette, driving north on Twelfth street, ran into a car which Fred Waidner, 1046 Greenwood avenue, was driving east on Lake avenue. Waidner's car struck another machine which A. E. McDaniels, 1064 Linden avenue, was driving west on Lake avenue. In the car with Waidner were Phillip J. Cressy, 913 Forest avenue, and James Sheridan, 935 Forest avenue. Cressy's arm was injured, and the Waidner car was badly damaged.

Bridge Expert

Helen Hyde Carter has been chosen by the Playground and Recreation board to conduct a six weeks' course in Contract and Auction Bridge, beginning the second week in February. In addition to being a former resident of Wilmette, Mrs. Carter is widely known as a bridge expert. She is a contributor to various bridge magazines and is a student of Wilbur C. Whitehead and other experts. Six weeks of each year she spends in the East attending conventions of bridge experts gathered there from all over the country. On one such occasion she studied the Vanderbilt convention of bidding and part of her lectures will be devoted to this particular phase of bridge. Other conventions of bidding, the two demand bids, forcing bids, etc., will also be taken up during the course. Pattern hands and deals will be given to illustrate points covered.

Shawnee Indians Seek Lead in Cage League

The cage tilt scheduled for January 30 between the Shawnee Indians and the News-Index quintet promises to be the outstanding clash in the Evanston Recreation league. The teams are tied for first place with four wins and no lost games each and the event will place one or the other out in front in the race for the championship.

During the fourteen days intervening between now and the game, however, both teams meet other contestants and while each of these has previously been defeated, either the Indians or the News-Index outfit may logically meet defeat. At the present reading, the Owls, Arbor-Vitae, Yeomen and Public Service fives are tied for second place with two games lost and two won.

Begin Tutelage in Bridge Game Early Next Month

The date for the beginning of the Bridge class announced by the Wilmette Playground and Recreation board has been changed from the first to the second week of February and will follow directly the lecture given by Paul H. Seymour scheduled for 8:15 o'clock this Friday evening at the Shawnee Country club.

Registrations for the course are already being received, Daniel M. Davis, director of recreation, announces, and tickets for the lectures were placed on sale last Monday.

Mr. Seymour, who is the Bridge editor of the Chicago Daily News and lecturer over Radio Station WMAQ, will speak on the subject: "An Easy Transition from Auction to Contract Bridge," which will be the subject elaborated on by Helen Hyde Carter, north shore Bridge expert, in the succeeding course of six lessons sponsored by the Recreation board. Mr. Seymour will use for his lecture the same system taught by Mrs. Carter.

The well-known, "According to Hoyle," referring to the Hoyle "Book of Games" which has become *passé* during the past few years, has been revised by Mr. Seymour as his latest contribution to the science of bridge. He is also the author of "Auction Bridge for Beginners," "Highlights on Auction," "Auction Bridge Simplified," and "Simplified Bridge Auction and Contract," and at the present time is serving as president of the National Auction Bridge Institute.

Mrs. Carter's lectures and lessons will be held on Friday afternoons for beginners in auction bridge and on either Monday or Thursday evenings for contract bridge players. The date for the evening classes and the place where the class will meet are to be definitely determined this week after more of the enrollment cards have been returned and the preferences indicated on them tabulated.

A fee will be charged for the six-lesson course and tickets for the lecture are placed on sale for each. No registrations will be accepted for single lessons and enrollment fees are payable in advance.

Registration may be made with Mrs. Jay R. Brown, 127 Seventeenth street, member of the Playground and Recreation board, who is sponsoring the class; with Director of Recreation Daniel M. Davis; with Mrs. Carter, or with any of the staff assistants on the Recreation board. Enrollment may also be made by filling out the blank on the Recreation page and mailing it to the Recreation board, Tenth street and Central avenue.

Mallinckrodt Girls Enjoy Sleigh Ride Sunday Night

The girls of Mallinckrodt High school enjoyed a sleigh ride party last Sunday night under the direction of Miss Helen Jans, director of athletics at the school. The girls met on Church street, Evanston, about 6:45 o'clock, and, after riding about an hour and a quarter in three sleighs chartered for the purpose, stopped at Mary Lou's cabin in Evanston for lunch. The party was chaperoned by Mrs. Frank T. Barry and Mrs. Ray C. Pearson, both of Wilmette.

Miss Nancy Andrews of Bronxville, N. Y. has been visiting her grandparents, Mr. and Mrs. M. J. P. Barrett, 533 Forest avenue, since the Christmas holidays. Miss Andrews returns tomorrow to her home.
