

Adventure Island Camp "Kyacks"

The fleet of "kyacks" shown in the accompanying picture was built by north shore boys at Adventure Island camp last summer. The camp is located in the Sturgeon bay country of northern Wisconsin.

The original of these boats was designed and built by Charles A. Kinney of Winnetka, director of the camp, and was tested out with a group of boys on a cruise along the Gulf of Mexico. The "kyacks" proved so satisfactory for young boys that the building of them has become an important feature of the camp life.

For cruises along the shore they are said to be ideal, being

light enough to be easily carried into the woods wherever it is desirable to make a camp, and yet so sturdy and seaworthy that each boy can carry his own camping equipment in his individual "kyack."

Two of the "kyacks" in the picture were built by nine year old Winnetka boys.

Reservations for Adventure Island camp should be mailed to the secretary, Ella S. Parker, 1341 Scott avenue, Winnetka, it is announced. The camp annually draws a large group of north shore boys.

Kenilworth Pastor Will Conduct European Tour

Dr. and Mrs. Herbert L. Willett of Kenilworth are planning to sail from Montreal on June 13 for a three months' trip through Europe and the Near East. Dr. Willett is conducting a party which will visit in England, France, Germany, Greece, Turkey, Syria, Palestine, and Egypt. They expect to return early in September. Dr. Willett is pastor of the Kenilworth Union church.

Mr. and Mrs. George E. Shipman, 432 Warwick avenue, Kenilworth, drove last week-end to Muskegon, Mich., to see about the re-location of their summer home on Sylvan lake. Because of the rise of Lake Michigan since last summer, a good deal of the bluff had been eaten away and it has been necessary to move the house back farther. While in Muskegon they visited their son and daughter-in-law, Mr. and Mrs. George E. Shipman, Jr.
