

Local Boys Attend Owakonze Camp

This campfire council on the shores of Baril lake, Ontario, Can., was taken at the Owakonze camp, which many north shore boys have attended during the last ten years. The camp is directed by a group of north shore men including W. L. Childs, head of the department of physical education at New Trier high school; R. C. Hampton, of the Evanston high school department of physical education; M. J. Ryan of the Nichols school department of manual training. Others on the staff are Robert Townley, former Northwestern university athlete now in charge of physical education in the Kenilworth public school, Tom Copeland and James Knight of the University of Michigan.

New Trier Loses First League Baseball Game

In its first Suburban league baseball game of the season last Saturday New Trier High school lost to Morton High of Cicero, 4 to 0, on the latter's field. Errors were largely responsible for the defeat, Walter Aschenbach, New Trier coach, said this week. Aschenbach used the following starting lineup in the game

with Morton: Burmeister, pitcher; Paulson, catcher; Church, first base; Bernardi, second base; Dingwall, shortstop; Lind, third base; Wolter, left field; Kaufman, center field, and Foglesong, right field. Earlier in the week the New Trier nine defeated St. George High school of Evanston. New Trier had two Suburban league games scheduled for this week, one with Deerfield on Tuesday at Deerfield and one with Oak Park at New Trier on Saturday.

1624 ORRINGTON AVENUE
EVANSTON

We have closed our SOUTH SIDE store and transferred the entire stock to Evanston for (beginning Monday, May 5th)

The Greatest Value - Giving Sale of Dress Silks we have Ever Known

Following our original plan, we are discontinuing our 63rd Street store in order to concentrate all our efforts in Evanston; hence we now offer the entire stock of silks and hosiery from this south side branch at amazing price reductions in our Evanston shop. Your selection of silks in the favored weaves and colors of summer 1930 made right now, will be decidedly to your advantage.
