

Central Laurel P. T. A.

"A Safety Program for Parent and Teacher associations," followed by a movie, "The Verdict," was the evening's program for the October meeting of the Central-Laurel Parent-Teacher association. Sidney K. Williams of the National Safety council, one of the leading authorities on safety in the country, was the speaker of the evening. The safety council of Central-Laurel P. T. A. is making a plea for safer streets for Wilmette children. Following are resolutions of the council which the Central-Laurel P. T. A. is sponsoring.

1. Standard school signs should be installed on Lake avenue on each side of Tenth street in order to give better protection to the school children crossing this through street.

2. Protection to school children should be given at the intersection of Sixth street and Laurel avenue.

3. Parking on the west side of Tenth street between Lake and Central avenues should be prohibited and appropriate signs should be placed. It is suggested that Tenth street, between Central and Lake avenues should be made a one-way street.

4. The responsible authorities should prevent the present use of the alleys between Linden and Laurel avenues, east of Eighth street, by taxicabs going to and from the terminal. These taxicabs make the alley a speedway and thoroughfare, a practice which is quite unsafe in any alley, but particularly dangerous in those alleys immediately adjacent to Laurel school. Speed of all vehicles should be definitely controlled in alleys and through movement should be confined to the streets.

5. A fence should be provided along

the playground of the Laurel school, next to the alley.

Only by earnest cooperation of every parent, can safety problems be solved. Are you doing your part by not reporting the speeding car on your street? By letting the under-age child drive a car? Do you obey stop signs? Does your child cross the street in the middle of the block, or does she cross at the corner? Are you parking for "just a minute" between no parking signs? There are reasons for those signs being there. Why not check up at the end of the day, and catalogue yourself:

1. Careless?
2. Within the law?
3. An obedient citizen?

WHICH?

Mrs. Ralph Jennings, chairman of the membership committee, reports that there are only sixty paid memberships to Central-Laurel P. T. A. There are over five sundred families. Get busy and push! Send your dues to school today by your child.

Mrs. Kendrick, chairman of room mothers, reports splendid attendance and interest in the room teas. These teas are for all mothers to become more closely associated with their child's teacher, to know your children's friends' mothers, and to lend a helping hand with your child's progression.

The business man's adage: "A man's judgment is no better than his information," is applicable to us in our business of being fathers and mothers. A gold mine of information for us is found in "Child Welfare," a magazine published by the National Congress of Parents and Teachers. It comes once a month, and is one dollar a year. Please send your renewals and new subscriptions to your child welfare chairman, Lenoir Miller, now.

KNOW YOUR
DRUGGIST
BETTER—

He's your
Doctor's
right-hand
man

"I'll phone the prescription . . .
take your car and get it!"

HURRY . . . hurry! . . . There's not a moment to lose! . . . Speeding through the harsh, cold night, it's good to know that the prescription has gone ahead of you.

You realize now your dependence upon the Druggist, upon his knowledge and skill, upon his faithfulness to a professional trust—the man who compounds the medicine your Doctor has prescribed.

Perhaps you've always thought of your druggist more as a merchant.

You haven't realized that only the sale of every-day necessities enables him to stay in your community, where his professional service is at your command in time of sickness. —MERCK

For Prescriptions—Doctors prescribe and Druggists dispense the pure products of Merck's laboratories.

For Your Medicine Cabinet—Select Merck's pure products as your Doctor and Druggist do.
