"Each Child is a new unit, entitled and obligated to live his own life and fulfill his own destiny."

This important truth for mothers and fathers, is an extract from Child Guidance, by Blanton and Blanton, being featured in preparation for Children's Book Week, which begins on the 17th.

Other books recommended by the National Committee for Mental Hygiene are

### HAVE CLASS OFFICERS

Robert Haskins, son of Mr. and Mrs. George Haskins of Winnetka, former New Trier High School student, has been made president of the freshman class at the University of Michigan. Miss Mary Elizabeth McNulty, daughter of Mr. and Mrs. B. F. McNulty, 720 Ashland avenue, Wilmette, also a New Trier student, has been made vice-president of her class at Lassell seminary, Auburn-dale, Mass.

Miss Ruth Harrison, daughter of Mr. and Mrs. Harry P. Harrison of 338 Abbottsford road, Kenilworth, with three of her friends, is expecting to spend the Thanksgiving week-end at Del Monte, Cal. Miss Ruth is at Scripps college, Claremont, Cal., this winter.

Mr. and Mrs. Herbert Bartling, 116 Fuller lane, Winnetka, entertained twenty guests at the dinner dance Saturday evening at the North Shore Golf club.

### Theodore Eppigs Occupy Residence in Wilmette

Mr. and Mrs. Theodore Eppig are returning this week from a short wedding trip to Paris, France, and will make their home at 1042 Pontiac road which Mr. Eppig bought last month from Mrs. J. H. Prentiss.

Mrs. Eppig was Evelyn Elizabeth Faw and was graduated last June from Marymount college, Tarrytown. Mr. Eppig is a graduate of St. Francis college, Milwaukee. Mr. Eppig's mother, Mrs. Margaret Eppig, lives at 827 Ashland avenue, Wilmette.

George Cardinal Mundelein of Chicago is an uncle of Mr. Eppig and went to New York to officiate at the wedding which was solemnized in the Church of St. John The Evangelist.

In the business world, Mr. Eppig is Chicago manager of Shiebler-Gayton, Inc. wholesale furniture.

Mr. and Mrs. F. H. Gilchrist, who have made their home at 925 Central avenue, are moving to 11 Governors road, Bronxville, N. Y.

### Announce Sales of Property in Estates Section

Mr. and Mrs. Edward Lee Perkins of 1221 Hull street, Evanston, have purchased a large lawn at the south end of Mohawk road in Indian Hill Estates and will build a fine home there for spring occupancy.

The general design of the house is Italian with touches in detail from ideas obtained by Mr. and Mrs. Perkins while traveling in the Mediterranean and Orient. The construction will be of the increasingly popular type known as "firesafe" of which type two were previously built in Indian Hill Estates. Joists will be steel with reinforced monolithic concrete subfloors. Metal lath will be used throughout and exterior walls are masonry, brick exterior backed with insulating hollow cinder-concrete blocks.

In business Mr. Perkins is sales manager of A. J. Nystrom and company of Chicago, manufacturers of maps. Mr. Perkins is a graduate of the University of Wisconsin while Mrs. Perkins was graduated from Northwestern, from the Chicago Conservatory of Music and took post-graduate work at Wisconsin.

Another family of music lovers to come to Indian Hill Estates is Mr. and Mrs. Herman Clasen of 5636 North Leavitt street, Chicago. Mr. Clasen, a teacher in Lane Technical High school, is building a pipe organ which will be installed in his new home to be built next year on Pawnee road.

The Perkins will be neighbors to Dr. and Mrs. E. E. Graham, of 2320 Forestview road, Evanston, who will move into their new home now being completed on Iroquois road in a week or ten days. The Graham house is of English type and of such beauty and grade in rendering as to command many admiring comments. It has every latest improvement, including gas heat, steel window frames and built-in roll screens.

Mrs. Margaret Armour Morris has bought a 100-foot lawn on Seneca road and will build a large Colonial house there in the near future. The Morris lawn is 226 feet in depth and abutts on the property of G. W. Horstman. Other neighbors of Mrs. Morris are the Harry Wolfs, Charles B. Officers and Chester F. Ericsons. Mrs. Ericson and Mrs. Morris are sisters.

Mr. Arthur Lake, north shore builder, bought from Mary Reinwald Thalman a lawn having 126 foot frontage on Seneca road and will build on it probably next spring.

## Like Having 2 Pairs of Glasses

A true scientific advancement—  
UNIVIS Bifocals give better vision,  
more comfort and greater safety.

The new reading segment is indicated by the dotted line. This shape of segment gives a much wider field of near vision for reading left to right and up and down. And yet allows more lens for distance seeing than any other bifocal.

This sketch is shaded to show the blind area and useless parts of the old-type Kryptok bifocals. These blind segment-edges were worse than useless. They tended to blur nearby objects. In UNIVIS the space they occupied is added to the distance field.

To read and see near objects with greater ease. To look up and down, near or far, without encountering that confusing blur that occurs near the edges of old type reading segments—that is what this perfected bifocal lens now makes possible. No experience you have had with other bifocals can give you any idea of the advantages and comfort UNIVIS Bifocals will bring you. Almer Coe & Company guarantee them. Stop in and ask to see UNIVIS Bifocals.

UNIVIS lenses are made in every style and shape. The segments are of the Invisible type (scarcely noticeable)
