

## Wilmette Lights Win Two Games From Kenilworth

Wilmette lightweights overwhelmed Kenilworth in two games, one on Saturday in which we whipped them 14 to 0. The first score was made by Kenilworth, it was at first thought, after Wilmette fumbled over the goal, and Kenilworth fell on the ball. But this year the rule is changed, we learned. You can't run with a fumble, which gave us two points. Then Lewis ran over for two more touchdowns, which made the score 14 to 0. Specht's try for a drop kick failed both times. On Monday we played again, and won 13 to 0. George Green made the touchdown off tackle and Stackhouse went through center for the extra point. Next half, Lewis ran through left tackle for another touchdown and Specht missed the drop kick, the game ending with Wilmette at the larger end of the score, 13 to 0.

Wilmette's lineup was: left end, Reed; left tackle, Booser; left guard, Moreau; center, Miller; right guard, Kaspar; right tackle, Mockler; right end, Skog; quarterback, Green; left half, Specht; right half, Lewis; full back, Stackhouse. —Ludwig Skog, Howard 8B.

## Girl Artists Designing Posters, Book Plates

The 8B and 8A girls are having two very interesting subjects from which to choose—making posters for National Book week, or else making book plates. The latter seems to be the more popular.

In the posters you may illustrate any book you have read as an advertisement for that book. In the book plates you may draw something that you are interested in, and then leave a line telling to whom the book belongs. The book plate is two and one-half inches by three and a half inches.

Some are having designs of nature, swimming, hiking, cooking, sewing, or whatever it may be in which they are interested. We have to have our ideas all worked out by Wednesday, November 5, as then we are going to have them graded and corrected. We were supposed to have them completed by last Monday, but did not succeed. —Marguerite Petersen, 8B Howard.

## "Merchant of Venice" Is Interesting to 8th Grade

The eighth grades are now studying "The Merchant of Venice" in literature. We are quite far into the book and are eager to finish in time to see the play, "The Merchant of Venice," which is going to be given in one of the theaters in Chicago. If we are far enough into the book, Mrs. Stalling will take us downtown to see it but if we aren't finished, we will have to wait and go to see the second production of the play. —Virginia Green, 8A Howard.

## Girls and Boys Compete to See Who's Smartest

The other day in grammar all of the children who received 100 in a grammar test were to stand up, and Mrs. Stalling gave them sentences. It lasted quite a few days, until only Ellene Weakly and Elmer Stone remained in the contest. Finally Ellene won, and all of the girls were very glad. We have been having contests to see whether or not the boys or girls are best. I think it was a tie. —Janet Bertram, Howard 7B.

**START SPEEDBALL PRACTICE**  
Hap Gathercoal, our physical training teacher, has been giving us some points about speedball on Monday and Wednesday of last week. I think speedball is very interesting, and I hope we are more successful in speedball than we were in football. —Billy Grinnell, 7B Howard.

**STARS AFTER DARK**  
When I go to bed at night,  
And blow out my candle light,  
I see the stars a-shining bright  
All through the starry night.  
Bobby Yarian.

## Nichols Pee-Wees Are Victims of Wilmette

Last Wednesday the Wilmette Pee-Wees football team had a game with Nichols Pee-Wees.

Wilmette kicked to Nichols, and they made a touchdown on the kick-off. Then they tried for their point and failed. Then Wilmette received and decided to make a touchdown.

Billy Wade took the ball around the end and gained seven yards. After that Gerald Spinner plunged through the line for first down and ten. Then Wilmette got about 20 yards from the goal and Robert Steffens took the ball around the end and made a touchdown. Gerald Spinner made the point, and the score was 7 to 6 in Wilmette's favor. The half was over when Wilmette was going to kick.

Then in the second half, Wilmette Pee-Wees received and they fumbled, Nichols recovering. Then we held them for three downs without gaining. Then Nichols punted on the fourth down, and it was Wilmette's ball. Wilmette got real close to Nichols' goal, and tried to pass, but Nichols caught the ball and had a clear field. But as the player ran down the field, we caught him and held them.

Then the game was over, and Wilmette had won 7 to 6. That was our last game of the season, and we had won two, tied two, and lost one to Kenilworth. —John Speredes, 7A Howard.

## First Team Victorious in Howard 7A Contest

Wednesday, October 29, the 7A's first team played their second team to see who would play Stolp girls.

We started the game and played four innings and we tied the score; so we had to play five innings.

When we first started to play, 7A second team was in the field, so they had last "ups." In the beginning of the fifth inning, 7A first team was up and we made one run, making the score 5 to 4 in 7A-1's favor. We made three outs, and they were up.

Dorothy Massig was pitching, and everyone was yelling at her to pitch well because there were two outs. There were two girls on bases. Then one of their girls was up, and she poked a fly ball to Jerrine Fromm, our shortstop, who caught it, making three outs with none of their girls getting home. That made the score 5 to 4 in 7A first team's favor. Jane Brandt is the captain of our team. I think it was a very exciting game. —Dorothy Massig, 7A Howard.

## Sir Hubert Wilkins Tells of Flying and Exploring

Last Sunday evening at the Sunday Evening club, the talker was Sir Hubert Wilkins, who is going to go under the North Pole in a submarine. He did not talk on that, though. He talked on early explorations. He has gone around the world in the Graf Zeppelin and has gone both to the Arctic and Antarctic circles. He is a very handsome man, and doesn't stop for things like an airplane wreck. He had four or five while he was away; also two men were killed, his pilot and a newspaper reporter. —Daniel Mickey.

## Howard 7A Gridders Win Five, Lose Three Games

Howard 7A finished its football season with quite a good record. We won five games and lost three, and two were postponed. We won two from St. Joseph and one from each of the seventh grades at Stolp school. We lost two games to St. Francis by the scores of 13 to 0 and 7 to 6. We lost one to Howard 7B by 6 to 0. We had two games postponed on account of rain. We hope to have a better team next year. —Alfred Anderson, 7A Howard.

**TO COLLECT SCIENCE WORK**  
Miss Stevens announced to our class last Tuesday that our General Science projects are to be collected and brought in to be given points. Everybody is hoping to get at least over 65. —Virginia Olson, 7B Howard.

## Art Institute

Tuesday, Miss Madsen told us that we were going to the Art Institute on Thursday. Of course everyone was delighted. We brought the money for the tickets in and Thursday we left.

When we arrived at the Art Institute, we took our wraps to the cloak room, and, getting our camp stools, went to the room where the copies of some parts of the cathedrals were.

The first was very interesting. We discussed how the pillars were so different, and Miss Upton told us that that was characteristic of Roman art. She told us of the four main parts of art: first, ancient; second, medieval; third, Corsican, and last, modern.

The next stage in medieval art that we are studying is early Christian art. There was one of the front doors of a very famous cathedral that we studied. Miss Upton said that on the early Christian churches, the carvings always told a story.

We saw the copy of a part of the carving on the famous cathedral of Notre Dame.

We also saw a hinge of a door on one of these cathedrals. Miss Upton said there was a legend about it. Once when this cathedral was being built, the people sought the best iron worker in the town, and they chose this certain man. He was a good man, because only people who were good could help build the church. This man had only one temptation to drink. This hinge was partly made, when this man got a drinking spell, and could not finish it. He called on the Bad One to help him. The Bad One did, but this man was driven away.

This was only a legend, but we enjoyed hearing it. The metal work on this hinge was indeed beautiful. It looked like a tree lying on its side, with the branches going up and down instead of across. As it curled around every now and then there would be a queer looking animal. It was beautiful because it had such perfect balance, harmony and rhythm.

We noticed on the Roman pillars and other works of art that they had used the old Egyptian scroll border, but had made it much more beautiful.

We came home, and everyone thought it a most interesting trip. —Ellene Weakly, 7B Howard.

## Songs and Games Mark Church Hallowe'en Party

Friday, October 21, the church had a Hallowe'en party. It was for the adults and senior department, but I was allowed to go to the games which were played. The games were Tom Thumb golf, horseshoe, baseball, and table tennis. Two women were put in the center of the room as judges, and each group was given a sheet of paper on which was the name of a song. The group had to sing the song, and the judges would choose the best. The group having the best song got a box of candy, and the group which got the candy was the Northwestern group.

—Verna Archambault, Howard 7A.

## Coast Guard Station to Be Done January 1

Monday I went down to the Wilmette harbor and found some men working busily at something. I found out that they were working on a coast guard station. They said that there was going to be room for the crew upstairs and a dining room, kitchen and a drill room downstairs. It will be finished January 1, 1931. —Jack Jennings, Miss Evans' room.

## GIRLS OF 6A DEFEAT 6B

The 6A girls played 6B girls Monday and won. We have tried our best, but 6C got ahead of us this time. However, we expect to get one pennant this year. We hope 6C wins from Stolp. —Helen Schaeffer, 6A Howard.

## SAFETY POSTER PLEASES

The safety poster for this month is a very good one. It says, "Learn the Safe Way to Use Your Tools." In the picture is a boy and his father using tools. I think it is very good for November. —Helena Mickey, 7B Howard.

## Deadlock Persists as Heavies Await Intramural Final

At the beginning of this week each team in the two intramural football leagues at New Trier High school had only one game left to play, and Northwestern had clinched the championship in the lightweight division with nine straight victories. Northwestern was the only undefeated team in either league.

Last week's games failed to break the deadlock in the battle for first place in the heavyweight league. Both Dartmouth and Harvard have won six games and lost two. Harvard shut out Princeton 24 to 0 last Wednesday and on the same day Dartmouth trampled on Yale 40 to 7.

The leading team in the lightweight league, Northwestern, was given a hard fight by the last place team, Chicago, Tuesday of last week. Northwestern won, 32 to 28. Purdue retained second place in the lightweight league but was defeated by Michigan 25 to 24 and tied by Wisconsin 7 to 7.

The standings in each league at the beginning of this week were:

Heavyweight League			
	Won	Tied	Lost
Dartmouth	6	0	2
Harvard	6	0	2
Princeton	3	1	4
Yale	0	1	7
Lightweight League			
	Won	Tied	Lost
Northwestern	9	0	0
Purdue	5	1	3
Illinois	4	1	4
Michigan	3	0	6
Wisconsin	2	2	5
Chicago	2	0	7

## Nichols Lightweights Win From Wilmette 12 to 0

The Wilmette lightweights lost the lightweight championship to Nichols school. We had won three games and tied two, and this was the championship and hardest game.

In the first half Nichols got a touchdown, but failed to get the extra point. In the second half we received and were going strong until one of the players fumbled the ball, and they got the ball and started toward a touchdown. But they got broken up, and it was our ball again. It was last down when we tried to kick, but it was blocked and rolled back of our goal, making it a fumble.

It was recovered by their team and they got another touchdown, making the score 12 to 0, Nichols' favor. We had a good coach for our practices when Mr. Ball couldn't get there. He was Claude Hill. —Bob Specht, Howard.

## Hugh Carrington Elected Speedball Captain for 8A

Last Friday, 8A boys selected a speedball captain for the coming season. Those who were nominated were Don Barber, Ebert Kneip, Howard Ruff and Hugh Carrington. Hugh received the most votes of the boys nominated. We are all certain that Hugh will make a fine captain. —Bill Bersch, Howard 8A.

## OBSERVE GIRL SCOUT WEEK

This last week has been Girl Scout week. All the Scouts wore their uniforms this week. Girl Scouts of troop 2 and 4 who go to Howard were to give a play Friday, October 31. The name of the play is "The Taming of Horrors." —Jerrine Fromm, 7A Howard.

## SPEEDBALL SEASON OPENS

Tuesday afternoon, our first speedball game is scheduled. We hope that the game is our success. We want to start the season right. We have a pretty good team. Donald Herman is our captain. —Armen Jorjorian, 7A Howard.
