Purple Engage in Conference Tilts This Week

Three Northwestern university athletic teams were to go into action this week. The swimming team opened activities with a dual meet with the dean emeritus of the Northwestern uni-Illinois Athletic club at the latter's pool Thursday night. The wrestling team starts its season Saturday afternoon in a match with Wisconsin at Patten gym and Saturday night the ligion have been synchronous, in the basketball team meets Michigan in Evanston in the Big Ten opener for both squads.

Coach Dutch Lonborg's cagers appear ready for their campaign against Western Conference teams, having won all of their five practice engagements. These included two victories over Notre Dame and a game apiece from Bradley, Carleton, and Alabama.

The Wildcats pulled the last Notre Dame game out of the fire only after rallying in the final minutes to win 20 to 17. They were badly off form as far as their shooting was concerned and unless they show considerable improvement this week they will encounter plenty of trouble from Michigan.

The Wolverines have virtually a sophomore team this year but one in all of its games to date. Norm Daniels, center, and Henry Weiss, forward, are the only veterans on the starting lineup and they have played only one year. The other three, Eveland, forward, and Altenof and Shaw, guards, are all sophomores.

Coach Lonborg will probably start the same lineup that he used in the Notre Dame game Saturday. This includes Riel and Reiff, forwards, McCarnes, center, and Marshall and Smith, guards. It is unlikely that Lockhart will have recovered sufficiently to get back into the lineup by Saturday. He is out with an injured

Bus Smith has taken over Lockhart's duties in creditable style and will hold down the job until the latter is able to return. In the Notre Dame game Smith tied the score in the last few minutes with a long shot from the side of the court and Reiff put the Purple ahead a moment later with an under the basket shot.
