

Tighe Represents Wilmette C. of C. at Town Meeting

Members of the civic committee of the Wilmette Chamber of Commerce, including Alder Tighe, chairman, Hoyt King, Fred Coxon, C. E. Drayer and Ernest C. Cazal, met Thursday afternoon, March 26, in the Chamber of Commerce offices.

The committee discussed, among other things, the annual town meeting of New Trier township to be held at the Winnetka Village hall on Tuesday, April 7, and Alder Tighe was appointed to attend this meeting as the representative of the Wilmette Chamber of Commerce.

Each year at this meeting the township highway commissioner levies an annual tax for each of the New Trier villages for the township road and bridge fund. On several occasions in the past there has been a surplus in this fund which has been refunded to the villages concerned, according to B. T. Clark, secretary of the Wilmette Chamber of Commerce.

This year, owing to the "tightness" of money in general, the Wilmette Chamber of Commerce is endeavoring to have the tax rate for the township highway road and bridge fund set in as small an amount as will take care of the needs of each village for township highway purposes.

TONSILS REMOVED

Robert W. Townley, athletic director at the Joseph Sears school, Kenilworth, underwent an operation for the removal of his tonsils at the Evanston hospital this week, which is spring vacation week in all north shore public schools.

First "Day and Night" Air Service Announced

The nation's first "day and night" air mail-passenger service between the Atlantic and Pacific seaboard became effective April 1 according to Postmaster Joseph E. Shantz in a statement today.

"This route from New York to Chicago to San Francisco marks the culmination of over twelve years of planning and an expenditure of more than \$1,000,000 for lighting equipment and landing fields by the Post Office department, the Department of Commerce and private capital," said Mr. Shantz, "and augments the air mail service through rail connections from Wilmette to the nearest terminal in such a way that citizens of our village can secure even greater advantages than in the past.

"The service established by National Air Transport in conjunction with Boeing Air Transport makes the route the most important in the world and is 2760 miles long. Because of the new policy of the Post Office department, passengers are now carried with the mail and the entire route is equipped with two-way radio communication to insure air travel at its best.

"Coincident with the new transcontinental, National Air Transport will establish a new passenger service to Kansas City, thus making a total of three mail and passenger services east and two to the southwest from Chicago in addition to the night mail operated by N.A.T.," said the postmaster.

VACATION IN INDIANA

Miss Adelaide Howard, secretary to Supt. E. L. Nygaard of the Joseph Sears school, Kenilworth, will spend this week-end at Frenk Lick, Ind.
