

Drivers' School Due to Reach Limit Soon

Because the driver's school for north shore women to be given by the Evanston police department at the Nichols school auditorium, sponsored by the Safety council, is to be limited to 600 students, all who wish to enroll are being urged to do so at once.

About 300 women have already registered for the school, stated Frank Kreml, director of the accident prevention bureau, who will be in charge of lessons. The first session will be held Wednesday at 3.

An address of welcome will be given by Mayor Bartlett at the opening of the school and Sydney J. Williams, director of the public safety division of the National Safety council, will describe qualifications of a safe and competent driver. Herman J. Spoerer, president of the Evanston Safety council, will tell the purposes of the school. There will be five class sessions at which Officer Kreml will give instructions, each to begin at 3 and a sixth meeting to be announced at a later date, for written examination. Those who qualify in their examinations will be eligible for a second practice course to be given later.

The program committee includes Mrs. Guy M. Pelton, chairman of the school and home safety committee of the Safety council; Sidney J. Williams, Herman J. Spoerer and Frank Kreml. Mrs. Pelton will preside at Wednesday's session.

Christian Science Churches

"Unreality" was the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, April 5.

The golden text was, "The things which are seen are temporal; but the things which are not seen are eternal" (II Cor. 4:18).

Among the citations which comprised the lesson-sermon was the following from the Bible: "Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal: But lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: For where your treasure is, there will your heart be also" (Matthew 6:19-21).

The lesson-sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christianity causes men to turn naturally from matter to Spirit, as the flower turns from darkness to light" (p. 458).

New Trier Grad Wins Honor at University

Frank J. Heineman of Winnetka, who was graduated from New Trier High school last year, recently was initiated into Phi Eta Sigma fraternity at the University of Wisconsin. Phi Eta Sigma is the freshman honorary scholastic fraternity and the qualification for membership is an average of 2.5 for the first semester, that is, half A's and half B's or better.

S. H. Goodnight, dean of men at the university, in commenting on Heineman's election to the fraternity said:

"Of the 1,484 freshmen men in the first year class this year, only 59, or 3.9 percent, have met this requirement. May I add that we regard the honor of being among these 59 as the

most distinctive honor that can come to a freshman during his first year at our university, and I wish to tender my congratulations to the high school which sends us men who qualify for Phi Eta Sigma. I trust that others from your school will strive to emulate this splendid example."

Mr. and Mrs. James J. Guinan of Abbottsford road, Kenilworth have been spending a few weeks in Tucson and Phoenix, Ariz. Mrs. Guinan is remaining in Tucson to finish her convalescence after an operation at the Evanston hospital.

A Hundred Mile Trip in a Split-Second

THE "top-notch" salesman contacts customers in the quickest, easiest, most inexpensive way—he telephones them. His customers are scattered all over the state and throughout the nation, yet he talks to each one as often as necessary. Selling-by-telephone is easy. It does not take the place of salesmen but it assists them in breaking sales records. Use Long Distance telephone calls to keep in touch with customers between regular personal visits.
