

Shawnee Presents Noted Trio for Final Musicale

Sunday, May 10, at 4 o'clock, the Shawnee Country club will give its last concert of this season and from the interest manifested it seems that many members and their friends will attend. The program will be an unusually fine one, the committee having secured a trio consisting of violin, violincello, and piano of artists who are known abroad as well as from coast to coast in this country.

The violinist, George Hrusa, is a graduate of Prague Musical conservatory, a pupil of the great Sevcik, and has been heard in concerts at Orchestra hall, and the Civic Opera house as well as in other large cities of the United States. He organized one of the first students' symphony orchestras here. Graduates of this orchestra are playing today with the Chicago symphony, Civic Opera, St. Louis, Minneapolis and San Francisco orchestras.

Joseph Novy, the cellist in this group, was chosen by Frederick Stock to appear as soloist with the Civic orchestra and won admirable distinction. He has been a member of the orchestra ever since, besides playing at various broadcasting stations.

Mrs. Anna Cada-Soustek received all her musical training in America and distinguished herself as honorary winner of the National Piano contest of the United States. She, also, has been heard in many concerts and everywhere received favorable comments. She has a clean technique, purity of tone, and endows each number with those individual character-

istics which place her among leading pianists.

Other events at Shawnee include a buffet dinner and progressive dinner tonight, a dance for children of the sixth, seventh, and eighth grades tomorrow evening and a dinner dance for senior members of the club Saturday, May 9. Tables for dining and dancing may be reserved for the evening in the ball room.
