Shawnee Club Is to Have Cinderella Ball

Shawnee Country club announces a Cinderella ball given by the officers and governors of the club on Saturday, February 20, held in commemoration of the club's third anniversary. Cinderella herself will be there in person together with some of her ladies-in-waiting. The ball will be in costume or dominos with formal attire.

There will be a grand march at 9:30 o'clock and dancing until 2, with music furnished by Don Nash and his orchestra. A buffet supper will be served at midnight when a dedication by Cinderella will be made of Shawnee's third birthday cake.

The beautiful ballroom of the club will be decorated like fairyland and the gayest of evenings is promised. Attractive invitations have just been issued.

Dr. A. E. Bertling, 315 Washington avenue, left this week for California to spend several months.

Talks on Crime

Robert W. Fenton, reformed criminal who is better known as "Razor" Fenton, will be the speaker at the regular monthly meeting of the Wilmette Chamber of Commerce Monday night, February 1, at the Wilmette Masonic temple, 1010 Central avenue, at 8 o'clock. For the past ten years Fenton has been on the lecture platform, appearing before business men's organizations and school audiences. He discusses crime from the standpoint of the criminal, tells of his own reformation and gives his reasons for the adage, "Crime Does Not Pay."

Kenilworth Women Voters Told of Local Government

The Kenilworth League of Women Voters met on Thursday of this week to discuss the village affairs and mechanics of village legislation. Representative women of Kenilworth gave talks relating to the activities of the various boards, committees, and officers. Mrs. E. F. Snyder presided in her usual interesting manner and presented the various speakers in turn.

There was a very large and very much interested group of women eager to acquaint themselves with these timely subjects. A delicious buffet luncheon was served by Mrs. Grant Ridgway and Mrs. Hugh Littell.

ON BASKETBALL TEAM

Members of the basketball school squad of the Roycemore school have been chosen for this season and include Miss Jane Littell, Misses Edith and Ruth Osterman, Miss Virginia Johnston, and Miss Marion Hedrick of Kenilworth and Miss Peggy Lou Doering from Wilmette.

How Scientists Produce Colds

Science has found the way to produce colds artificially—no germs. Just too much acid. And they have found the sure way to stop them. By neutralizing the acid.

This amazing new principle is the basis upon which the tasteless Aspiroids act. They stop a cold almost before it starts. In five minutes that feverish, achy feeling is gone. In an hour or so the cold has disappeared. Next morning you feel like a new person!

Aspiroids were originated by Rexall chemists and are sold exclusively by Rexall Drug Stores. Comfort worth a dollar for just a few cents.
