Church to Run for Legislature Again

Ralph E. Church, representative in the state legislature, announced this week that he would not be a candidate for Congress from the Tenth Congressional district, but that he would again seek nomination and reelection to the legislature from the Sixth Senatorial district, on his sixteen-year legislative record of public service.

Mr. Church made the following statement:

"Immediately after the passage of the Reapportionment bill last June, I announced my candidacy for Congress from the new Thirteenth district. Since the recent Supreme court decision declaring the reapportionment unconstitutional, I have been strongly urged to continue the race in the Tenth district. When I face, however, the magnitude of the unsolved problems of legislative relief for Cook county and the responsibilities involved in the special sessions of the Illinois legislature called by Governor Emmerson, I am forced to admit that I cannot take the time and strength necessary to wage a congressional campaign in the large territory now added to my district without neglect of that legislative work which is my first duty.

"I am also convinced that the regular session of 1933 at Springfield will require the unselfish service of experienced legislators."

VETERANS GIVEN PARTY

Four hundred disabled veterans at Great Lakes were entertained with cakes, ice cream, and cigarets last Friday afternoon at a January birthday party by the ex-service committee of the Kenilworth Neighbors. Seventy-two of the boys celebrated their birthdays in January.
