Four Are Injured in Car Collision Friday

One person was badly cut about the face and head and three others were less seriously hurt in an automobile accident at Ridge road and Ashland avenue last Friday night at about 11:20 o'clock.

A car which Herbert Arnison, 1229 Washington avenue, was driving south on Ridge road was sideswiped by another machine traveling in the opposite direction. Harvey Whitten of Highland Park, who was under the influence of liquor, according to the Wilmette police report of the accident, was at the wheel of the latter car. Whitten was alone, but there were three passengers in Arnison's car, Mr. and Mrs. James MacKaill, 7422 N. Ashland avenue, Chicago, and a Miss Strachen of 2733 Lincoln street, Evanston.

MacKaill was the most seriously hurt. He was taken to the Evanston hospital. MacKaill's wife, Miss Strachen and Arnison were badly shaken up.

Two charges were placed against Whitten, driving while intoxicated and reckless driving. He was released on bond, and his case will come up Saturday afternoon, March 12, at 4 o'clock before Police Magistrate E. A. Pettibone.

He has been a member of the club which is composed of model airplane enthusiasts for three years and holds the record of having the longest flight of any club member. The plane seen in the picture was constructed and flown in the Winnetka Lions club model airplane contest held recently and was awarded first place.

Wilmette Joins in Plea Against Changes on Drive

In a resolution adopted at its regular meeting last week the Wilmette Village board went on record as being opposed to any plan which would impair the scenic beauty of the Sheridan road drive through Hubbard hill in Hubbard Woods, or any plan looking towards an increase of traffic on Sheridan road.

The state highway department is understood to have under consideration plans for straightening the curves and otherwise changing Sheridan road through Hubbard hill. This proposal has met with determined opposition in all of the north shore villages.

The resolution adopted by the Wilmette Village board last week also asks that State Highway No. 42 and Federal Highway No. 41 be moved from Sheridan road to some other road west of the north shore villages so as to decrease through traffic in these residential suburbs. Copies of the resolution have been sent to the governor, and to state senators and highway officials.

Meredith Wins Sears School Mat Title

The second annual wrestling tournament at the Joseph Sears school in Kenilworth closed Monday afternoon, when the final matches were held and medals were awarded to the winners and runners-up. A large group of spectators witnessed the matches.

Two hundred boys took part in the tournament. They were divided into seven groups, according to their age, height and weight, and champions were determined in each section. Class A, for instance, was for the smallest and lightest boys, while Class C was for the largest and heaviest boys.

The winner in each classification received a silver medal, while the runner-up was awarded a bronze medal. The following boys won medals:

Class A—Tommy Meredith, winner, and Jackson McLow, runner-up.

Class B—Match to be held later because of illness of one of the finalists, Dana Morrison. The other boy who reached the finals in this section was George Simon.

Class C—Fielding Mercer, winner, and Glenn Eggert, runner-up.

Class D—John Deacon, winner, and Donald Stillman, runner-up.

"Put Dollars to Work," Advice of Postmaster

"Put your hoarded dollars to work," reads the heading of a notice posted in the Kenilworth postoffice by Postmaster Douglas Crooks. The notice advises residents of Kenilworth that they can place their currency in circulation by purchasing postal savings certificates in any amount up to \$2,500. Savings put into postal savings certificates draw two percent interest and can be withdrawn at any time. Postmaster Crooks advises, "A marked increase in postal savings has been noted in postoffices throughout the country. Postal savings certificates are referred to by the postoffice department as a non-competing institution. According to Postmaster Crooks, they are not intended to take money out of banks, but to put money into circulation that would not go into the banks anyway."

The Kenilworth Neighbors, who are sponsoring the planting of a George Washington Memorial tree in Kenilworth, approached the Kenilworth Village board at its regular meeting Monday night with reference to a location for such a tree.
