Taxpayers of the village will be interested in the above diagram which indicates the division of Wilmette's 1930 Tax Dollar. The division clearly shows that 70 percent of the taxes paid remain in the Village and township, the greater proportion of this 70 percent going for Village and school purposes. Prompt payment of 1930 taxes is being urged in order to alleviate the distressing financial situation now faced by the Village, grade schools and New Trier High school.
