Village to Oppose Automatic "Gates"

Announcement was made at the meeting of the Village board Tuesday night that a hearing will be held before the Illinois Commerce commission Thursday morning, May 26, on the application of the Chicago, North Shore and Milwaukee railroad to replace the manually operated gates at the Wilmette avenue, Lake avenue and Central avenue crossings in Wilmette with automatic gates.

Village Attorney Willis D. Nance to oppose the railroad's application. Several months ago, when the North Shore line approached the Village board to get its approval on the proposed installation of the automatic gates, the board went on record as disapproving such a change.

Strenuous objections to the proposal of the railroad to install automatic gates have been made by residents and property owners who would be affected by the change. Petitions covering these objections were filed with the Village board when the proposal was originally made.
