

## Free Ladies' Days Are Discontinued at Glencoe Club

Jim Williams, superintendent of the Glencoe golf club, announces that beginning Tuesday of next week the "ladies' day" will be abolished, that is, as far as free golf is concerned.

It has been the plan of the club to allow ladies of the north shore to play without cost each Tuesday, but a check-up shows that during the past few weeks between three and four hundred women were playing each Tuesday, and with such a large crowd some damage to the course resulted.

Mr. Williams further states that it isn't that we don't want the ladies to play, but we feel that a small charge should be made to help defray the expenses incurred, and this charge would be less than half of the ordinary playing rate, which rate, we feel, will not be a burden to any of the great number of women who have been playing our course on Tuesdays, and other days as well.

The condition of the Glencoe course is said to be far superior to many of the fee courses in the north shore area. The greens and trees are being top-dressed whenever necessary, the fairways are in excellent shape, and the traps are kept as traps really should be, it is said.

"Play golf at Glencoe," says Mr. Williams, "then have dinner at the clubhouse."
