Students Active in Sandwich Drive

(Contributed by a New Trier High School student)

New Trier High school students have been cooperating with the New Trier township committee, headed by Mrs. S. G. Lee of Winnetka, in the plan to relieve distress among the school children in the congested areas of Chicago. Their vital need is partially met by the sending of sandwiches from the various schools in New Trier township to the Northwestern university settlement on the near north side of Chicago. This agency then distributes them where the need is greatest.

New Trier High school students have assumed responsibility for the collection of these sandwiches on each Wednesday, since last fall.

The closing of the regular session of school has not ended this responsibility, as the need is greater now than earlier in the year. Each Wednesday throughout the summer, New Trier students are carrying on by collecting sandwiches not only at the high school building but throughout the township. Boxes are available at the North Western railroad stations at Wilmette, Kenilworth, Indian Hill, Elm street, Hubbard Woods and Glencoe each Wednesday morning until 9:30 a. m.

All kinds of sandwiches can be brought, but those with meat fillings are preferred. New Trier students and patrons are urged to bring them to the railroad station nearest their home, where students will be ready to receive them, pack them and ship them to Chicago.

JAPANESE LIFE TODAY

There is a recently published novel of contemporary Japan, "The Mother," by Yusuke Tsurumi (Henkle),

Actual Football Demonstrations at Coach School

Midsummer football will be on tap at Northwestern starting August 15 when the Purple's annual summer coaching school gets underway. Coaches Harry Kipke of Michigan, and Dick Hanley of Northwestern, who will conduct the football end of the school, plan to concentrate on actual demonstration rather than lectures to illustrate their systems.

To this extent two teams will be picked from the coaches in attendance together with a number of former Northwestern gridgers who will be on hand. They will be drilled in the Michigan system used by Harry Kipke and in the former Warner system which Coach Hanley employs at Northwestern.

These teams will also be used to illustrate the specialty talks to be given by Judge Walter Steffen of Carnegie Tech, Arnold Horween, formerly of Harvard, Jess Hawley, formerly of Dartmouth, and Duke Dunne, famous line coach.

In addition to football there will be courses in basketball, track, swimming, golf, tennis, and administration. These courses will be given by members of Northwestern's athletic staff, including Dutch Lonborg, Frank Hill, Tom Robinson, Ted Payseur, Paul Bennett, and K. L. Wilson.

In order to accomodate high school coaches in Chicago and surrounding suburbs who have not been paid in recent months, the school will accept tax warrants of these municipalities for payment of tuition.

which gives in the course of a former peasant girl's career as wife and widow of a wealthy man, much of the detail of the social life and customs in which this group is interested.
