ECHOES OR OBLIVION?

For many years, at least twenty-five years, New Trier has edited and brought forth the crowning success of the year—the Echoes. No year has passed but that when June came an Echoes did not make a glorified appearance. Each year brought an improvement or additional feature. More pictures were taken; more meets written up; more art work to contribute to the splendor of the book. New Trier's growth was ably summarized in the Echoes and no class did without one.

Will we sit passively by and let the Echoes glide to oblivion? Will we see the record of twenty-five years broken down? Can we see June come and go and no Echoes to commemorate the notable advances of New Trier in '32 and '33? No, we will not!

One dollar by one thousand students. Just one half of us must give one dollar and we will be sure of our Echoes. Come on! Subscribe now! Be among the first thousand! Show the editors, faculty and administration that you want an Echoes and want it badly.

Our motto will be: "An Echoes for '33."

A little loyalty and school spirit. One dollar by one thousand students and our Echoes is assured.

"I wish our bank could get on its feet enough to stop sending back our checks marked 'no funds,'" said the bride to her husband. "A bank that hasn't enough money to pay a \$4.27 check ought to be merged and put on a sound basis."

"I want some peppah."

"Black, or cayenne?"

"I want some writing peppah."

Magician: "Now, my lad, you hear your watch ticking inside the handkerchief. Are you satisfied?"

Youngster: "More than satisfied. It hasn't been going for a month."

Wobbly One: "Did you see me fall?"

Officer: "Sure, I saw you fall."

Wobbly One: "Have you ever seen me before?"

Officer: "No, I've never seen you before."

Wobbly One: "Then how did you know it was me?"

It is quite gratifying to see the mess hall emptied and the auditorium filled on the days when movies are being shown at noon. By the time a student has reached New Trier, he flatters himself that he has attained a stage of nonchalance that nothing can ruffle. It is, therefore, amusing to see the attraction that Charlie Chaplin and other old stars and cinemas hold for many of the reputed blasé. It has been observed that during the showing of these films there are more girls than boys in the mess hall. Whether or not this may be attributed to the fact that more boys attend the movies, or that more boys can brave the wintry blasts, we do not know. But it stands to reason that the girls, whose privilege it is to change their minds, would be as susceptible to the comics and antics as anybody.

In view of the necessity for satisfactory returns in the Echoes campaign, there has been suggested as a question for all who wish to appoint themselves as inquiring reporters, the following: "Have YOU brought your dollar for an Echoes? And if not, why not?" Come on! To quote one of our enterprising young printers (without his consent, but, perhaps, with his forgiveness): "Make a Noise like a Buck NOW and hear the Echoes in JUNE." You may not realize it in January, but a June without those familiar old Echoes wouldn't seem quite right, and you know it. Don't shirk your duty, seniors, and set an example that every underclassman should be glad to follow.

Have you heard? Yes? No? At any rate, the fact remains that the senior girls will, if nothing unforeseen happens, hold their adviser period together every morning in the G. S. B., beginning next semester and continuing to the end of the school year. It is to be conducted in study-hall fashion, except when announcements are to be made. It should be quite handy, for there are so many extra senior girls' assemblies, anyway. There are a few complications and some opposition, but, we are confident, all these will be taken care of. The plan's main object is to relieve the advisers of some of their burdens and this should be accomplished. Now, let there be no remarks about the noise created when so many girls are assembled at one time, for such will not be the case—that is, any more than usual.

Several people have told us that they have missed the promised definition of technocracy in the Chitter-Chatter. For that matter, so have we. If any of our kind readers sees anything that might be termed an explanation lying around, will he kindly turn it over to us, as the need is becoming urgent. However, we hope that none of you missed the beautiful exposition of alconocracy

reading a Hearst paper.

in the papers recently. As a definition, it was unsurpassable; as a suggestion, it was quite acceptable, and a delightful possibility to dwell upon, from what we've heard.

Another of those enjoyable gatherings is to take place on the very appropriate date of St. Valentine's day, February 14. All those who are not planning to come should be persuaded by the promise of good dance music and good fun, while any other difficulty should be remedied by the social recognition of the custom of having one of our very presentable members of the male faculty escort one to the function. Let's see you all there. You'd be surprised what a good time you can have, and how much your fathers would enjoy it, and talk about it for weeks afterward. Give it a try, and be there February 14.

The same senior girls, with some more who have become addicted to their clan which indulges in harmless but amusing noontime games, were observed recently bending the knees and tripping the more or less light and quite fantastic to the winter breezes. Their pastime might otherwise be described as skipping, but be it skipping or the aforementioned, it still has no excuse. And to think of the responsible positions held down by the ringleaders in this revolution against the conventional methods of spending one's lunch period!! Tsk!! Tsk!!

This Chittah and this Chattah is conducted by Martha Gilhofer—Help! Help! All those who wish to volunteer their services as unofficial reporters in our aid would be quite welcome. A suggestion or an item of current attraction or gossip would be most pleasing, whether seen in the study halls, around or concerning the information desks, or behind the library on the steps. Yes, 'twould be quite acceptable!

Frosh-Soph Cagers Nipped by Oak Park

A strong Freshman-Sophomore team from Oak Park invaded the New Trier gymnasium last Saturday to defeat the Green and Grey quintet, 32-27. The New Trier basketballers were outplayed throughout the game by a taller, huskier team whose passes and shooting were more accurate.

This defeat threw the New Trier cagers out of a tie for first place and dropped them to third position. Miller of New Trier was the high point man of the day with fifteen of his team's points. For Oak Park, Cullen and Brens starred, Cullen with eleven points, and Brens with six. Green, Fitzgerald, Mee and Ross also scored for New Trier.

Oak Park Defeats New Trier Quintet in 1st-Place Battle

New Trier lost its gallant fight for first place in the Suburban league last Friday night, when Oak Park basketballers soundly administered a beating to the tune of 28-23, at Winnetka.

New Trier was outplayed during most of the game, and only a swell third quarter rally saved them from going practically scoreless during the entire battle. At the end of the first quarter, Oak Park had nine to New Trier's nothing and at the end of the half led 16-1.

In the third quarter Scott, the lanky center for New Trier, led off with the first basket of the game for the Grey-Green. Then Frazer, the boy who pulled the game out of the fire against Deerfield last week with two baskets in the overtime, sank two in succession. Then Scott sank one from the free throw line and as the quarter ended Oak Park was in the lead, 21-14.

In the fourth quarter, New Trier's rally in the last 58 seconds with two baskets by Scott and one by Frazer was not enough to win the battle, and Oak Park was triumphant, 28-23, giving them a clean slate in the Suburban league race.

New Trier will play Morton at Winnetka this Friday, while Oak Park is journeying to Proviso and Evanston to Deerfield.

LIGHTWEIGHTS LOSE

Oak Park defeated the New Trier lightweight cagers, 30 to 21, Friday at Winnetka when they failed to get underway until late in the third quarter.

The Oak Park team completely outplayed the Gray-Green in the first half, piling up a 20-6 advantage. A total of 10 points made on free throws was a great aid in gaining this lead.

After the half, the Winnetka basketballers showed a fighting spirit which held the opponents to 9 points while New Trier scored 15. Flynn, Falkenberg and Bartelman were the leaders in this rally with Bartelman making his 5 points in this last quarter. Falkenberg was the high point man of the game, scoring 7 on two baskets and 3 free throws. Bartelman at right forward for New Trier, and Porterfield, at right guard for Oak Park, were tied for second with 5 apiece.

The second-place Morton quintet comes to Winnetka Friday night of this week.
